

Matching Fund for Asia

The Great Lakes Conference is matching up to \$40,000 for our Asia fields!

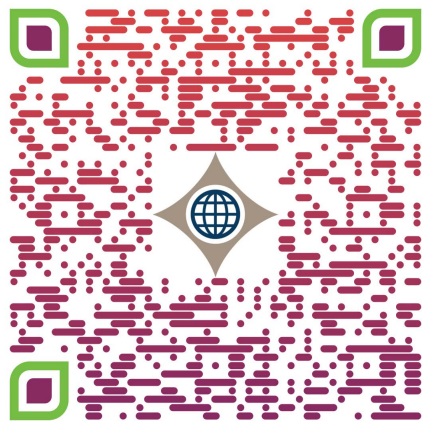

Will you be a matching donor?

One of our greatest needs in Asia is medical equipment for our Christian Hospital in South Central Asia, which currently serves over 100,000+ people a year. The hospital is looking to expand to meet the demands of the region. This will require our hospital to purchase new medical equipment to properly supply their staff, nurses, and doctors.

All our Global Reach fields are moving toward self-sufficiency, and this is especially true in South Central Asia, as we anticipate western funds being cut off due to government restrictions. By helping the hospital ministry expand and grow, the whole mission becomes more self-sufficient in the future, as the income from the hospital provides for the rest of the mission. Time is closing to help them achieve this goal.

Today, you have a tremendous opportunity to bless people's bodies and their souls too! With a regional population of 3 million, about 94% of the people that come through our hospital are Muslim. We estimate that less than 1% of the people are Christian. Yet here we are, serving them, and sharing the love of Jesus every day. The Gospel must move forward and the Church must grow. The harvest is ripe!

Give to GR-2705 and double your impact today!

Give Online!

Churches of God, General Conference
700 E. Melrose Ave, Findlay Ohio, 45839

The medical ministry in the Mission sees an average of 109,000 patients annually.

- 60,000 eye patients,
- 37,000 pediatric patients,
- 11,500 gynecology & obstetric patients
- 500 other patients
- 5,050 eye surgeries,
- 1,000 OB-GYN surgeries
- 110 other surgeries
- 1,100 babies delivered

99.5% are unbelievers.

Fall 2026

From an Unwanted Pregnancy to a Life of Service: My Journey of Faith & Hope in Haiti

My name is Stanley Lambert, and I was born in Haiti. Looking back over my life, I can see a story that I could never have written for myself, a story of survival, faith, unexpected opportunities, and a calling to serve others.

When my mother became pregnant with me, she already had my older brother. My father believed that the family could not afford another child. He suggested that my mother have an abortion. She tried traditional medicine which was commonly used in Haiti at the time, but it did not end the pregnancy. She eventually chose to have me. Because of that decision, my parents separated, and my father never returned to the family. My mother was struggling financially and knew she

could not provide everything I needed. After I was born at Fermat Hospital, where my mother worked as a janitor, she approached a doctor named John.

Dr. John was the director of a Christian organization whose headquarters were in the Dominican Republic. My mother asked him if he would take me and raise me because she could not afford to do so. He agreed. As a result, I spent a significant part of my childhood in the DR. That experience exposed me to a world I might never otherwise have known. I regularly met missionaries from different countries and cultures, Americans, Chinese, French, and others. Being surrounded by people from different backgrounds gave me the opportunity to learn several languages and opened my eyes to the wider world.

When Dr. John died, his wife brought me back to Haiti to be reunited with my mother. By then, I was a teenager. I continued my education in Haiti and eventually earned my high school diploma. Then came January 12, 2010. That day, Haiti was struck by a devastating earthquake. I was supposed to be at my university that day. For reasons I still describe as God's grace, I did not go. The building collapsed, killing professors and students who were there. I survived. But surviving was not enough for me. I could not forget the people who had been injured, displaced, and left suffering. I saw people living with devastating injuries, including amputations, and I wanted to help. At the time, I did not have the knowledge or skills to do what I wanted to do. That experience awakened

a new calling in my life. I began to believe that God was leading me toward physical therapy.

My journey eventually brought me to Project Help Haiti's physical therapy and nursing program in St. Marc, Haiti. There I met Jean Weaver, the director of the program, who is from Ohio. I studied physical therapy and eventually graduated from the program. I then began working as a physical therapist in Haiti. During my training, I met Pastor Denis, who serves as a liaison for Project Help Haiti in Haiti. I also met other leaders connected to the mission and began visiting churches and communities throughout the country. Those relationships eventually opened another door.

One day, Jean asked me if I would consider

becoming the hospital administrator at the mission's hospital in Pierre Payen. She knew that, in addition to my physical therapy training, I had a background in business administration. I prayed about the opportunity and eventually applied. I was given the position.

When I arrived, the hospital faced serious challenges. There were significant problems with corruption and management, and the hospital was in a very difficult financial condition. It was struggling to function effectively. I worked with the team to reorganize the hospital, strengthen its administration, establish greater accountability, and put systems in place to help it operate more effectively. Difficult decisions had to be made, including reducing the workforce significantly. Over time, the hospital began to recover and move toward becoming a healthier and more sustainable institution. But Haiti's security situation continued to deteriorate. Eventually, because of the growing insecurity, I had to leave Haiti with my family and come to the United States.

Leaving Haiti opened another chapter. I was later given the opportunity to serve as Mission Coordinator for Project Help Haiti through Global Reach. In this role, I continue to work closely with leaders in Haiti, helping churches and ministry programs develop greater accountability, stronger leadership, and a vision for becoming more self-sufficient. Today, my work goes far beyond one hospital. I regularly communicate with church leaders throughout Haiti. I help oversee the physical therapy and nursing school in St. Marc. I work with leaders to strengthen churches and develop new leaders. And I am passionate about helping the church reach communities that have historically had little access to the Gospel, education, health care, and basic resources.

One of the places especially close to my heart is the island of La Gonâve. There are communities on the island that have very limited access to basic necessities. In some areas, people make extremely difficult journeys to find clean water. In one community, we helped establish a well that now provides water to hundreds of people who previously had to walk many miles to obtain it.

But providing water is only the beginning. Our vision is to help communities become self-sufficient. We are working toward developing irrigation systems that can provide water for gardens and agriculture. The goal is not simply to provide food for today, but to help people develop the ability to feed their families and eventually contribute food to other communities in Haiti. During one outreach, more than a dozen people made decisions to follow Christ. For me, that is what mission is about. It is about helping people discover the hope of Jesus, develop skills, become self-sufficient, and understand that their lives have value.

That vision also includes children. In La Gonâve, we are working to establish an orphanage where children who have lost their parents can have a safe place to live, receive care, and have an opportunity for education and a future. Several children are already receiving care through our efforts. When I think about my own childhood, this part of the work has a very personal meaning. I was once the child my own father believed could not be afforded. My mother, however, chose life for me. Dr. John chose to take me. Missionaries from different countries invested in me. Teachers educated me. Church leaders mentored me. And throughout all of it, I believe God was preparing me for something I could not yet see. Today, I have the opportunity to invest that same hope into other people's lives. My journey has taken me from a difficult beginning in Haiti, to the Dominican Republic, back to Haiti, through the devastation of the 2010 earthquake, into physical therapy, hospital administration, and now into mission leadership.

My hope for Haiti is not simply that people will survive. I want to see communities thrive. I want to see churches become stronger and more self-sufficient. I want to see young people receive education and vocational opportunities instead of being drawn into violence and hopelessness. I want to see people have access to clean water, health care, education, food, and the Gospel. And I want to continue building leaders who can carry that vision forward. The little boy whose life began with someone questioning whether he could be afforded is now dedicating his life to helping others discover that their lives have immeasurable worth. That, to me, is the greatest evidence of God's grace.

From Global Reach Director, Travis Helm:

Stanley serves as one of CGGC Global Reach missionaries which is a support position. His heart and passion to serve Jesus and the people of Haiti is a blessing to PHH, the staff, and the communities in Haiti. Stanley and his family could use your help in partnering with them in serving and reaching the people of Haiti with the Gospel. His support is more than 60% underfunded. He knows he is called to serve, and we know that the Lord has also called others to join him as prayer and financial support partners. If God is moving on your heart through Stanley's testimony, please step out in faith to join in supporting him on a monthly or quarterly basis. Please scan the QR code on the front or mail a check to partner.

The Crabtrees Thailand Ministry

FALL
2026

PRAY WITH US

☀️ Pray for the staff, teachers, students, and parents as ICS starts a new school year.

☀️ Pray for soft hearts ready to receive the gospel.

☀️ Pray for health concerns in our community.

☀️ Pray for a strong, healthy marriage and family life.

Summer Travels

We are thankful to have had the opportunity to visit with our family as well as 5 churches in Ohio this summer. We were able to meet with the CGGC office team as well. We are grateful to be a part of the CGGC and Global Reach team.

Our Ongoing Ministries

Bryan continues to serve on the leadership team at our church, leads a weekly Bible Study life group with teens and is a youth leader for our church's youth group. Bryan continues to take classes towards a degree in Religion and Evangelism. He also attends Thai language

class twice a week. He cares for our infant son Jonah during the school day. We both serve with the children's ministries at church and we host a Bible study life group at home bi-weekly. Katie also hosts and helps organize women's events at the church. She teaches Bible to her class daily and teaches a curriculum of Biblical worldview integration. Throughout the course of a year, she also has several opportunities to lead staff devotion, lead student chapel, and say the daily prayer for the school.

A New School Year

This school year 2026-2027, we will have our older two children both as students at Katie's school. Elli is in first grade and Ava is in K4 (pre-K). After moving to teaching second grade for a year, Katie is back to teaching first grade this year. The school's new hires this year are transfers from the sister branch in Bangkok and spouses of current teachers. We do have one new family that will be joining us in September due to the late nature of hire (because the person who originally took the position backed out.) Pray for a smooth transition for their family as they enter into an already-started school year and settle in. Theo will be attending a Thai preschool this year and baby Jonah will be home with Bryan.

Sports Ministries

Many new ministries are growing around sports, giving opportunities for relationship building and gospel-sharing. In particular, pray for the father of one of my students who has been meeting up weekly to play pickleball with a missionary friend of ours and has been asking deep, intentional questions. He is on the verge of making a decision to follow Jesus. As an influential figure in our parent community, his decision would likely have the effect of others considering the decision as well. In addition, our school hosted a week-long international tri-sport tournament that brought teams from 6 counties to compete. As a Christian school coalition, the week was also a spiritual retreat and mission trip as well. Pray for the opportunities that sports are bringing for seeds to be planted and watered here.

Celebration of Life

After a 6 ½ year battle with lung cancer, our former Admissions Counselor at my school, Bo, has gone to be with Jesus. Her husband is an ESL teacher at my school and daughter is a fifth grade student at my school. The daughter was my former student in grade 1. Pray for them as they grieve and figure out life going forward.

Health Concerns

Several Thai and Lao staff members at my school continue to have a spouse or child with ongoing battles with cancer. We invite you to lift these individuals up in prayer. The son of our head maintenance man, a fifth grade student at our school, has stage 4 brain cancer. Our nurse's husband and our secretary's husband both have stage 4 cancer as well. Please pray for miraculous health that would bring glory to God. Healings are the cause of many people coming to faith in Jesus here.

You!

We invite YOU to be a part of what God is doing in Thailand! Your giving, prayers, encouragement, and love go a long way to making an eternal impact in the lives of the least reached in the Isaan region of Thailand! THANK YOU for all of your love and support!

GOOD NEWS FROM GAMERCO

Mission Trip to Great Lakes Youth & Family Camp

We had the blessing of taking nine of our church members on our very own mission trip! At the end of June, the team started their trek across the country. Once in Michigan, they got to sightsee at Lake Michigan and visit the world’s largest Christmas store. We spent the week at camp helping in the kitchen, leading crafts, and helping with games. We grew closer as a group and experienced God in new ways. We are already looking forward to planning our next trip to somewhere new in a few years!

Michigan is Jacob’s home state, so we also were able to visit with family and friends. Camp was wonderful, but it was nice to escape the heat and humidity for a day to bring Sammy to spend time with his great-grandparents.

KEEP UP WITH US!

Follow along with what is happening here at Gamerco and in our lives on our Facebook ministry page!

www.facebook.com/gamercogoodnews

Join us for Sunday service at 10:30am/MST on Facebook Live!

PRAYER REQUESTS & PRAISES

- Praise for a rejuvenating summer and for all the time spent with family, friends, and teams!
- Pray for continued opportunities to reach those in our community who have not yet heard the Good News.
- Pray for GMCS students and staff during the 26-27 SY.

ACTS TEAM | VBS & SEMINARY CLASS

In July, the Southwest ACTS team came to leave their impact on Gamerco and the surrounding communities. They helped us host VBS, which was Noah's Ark themed. There were crafts, songs, Bible stories, and of course - water games! While VBS was happening for the kiddos, adults had the opportunity to take a 1-credit seminary class with Winebrenner President, Dr. Brent Sleasman. Over a dozen adults participated in the class over the course of the week! The ACTS team also visited with Ernest John, got to experience a rodeo, and completed several projects at our parsonage and out at Hooghan Nizhoni.

LOOKING AHEAD

Jacob will be visiting Pennsylvania in October to speak at the Cumberland Valley District Ministerium. If you're in the area, he'd love to see you there! Haley and Sammy may join depending on Haley's school schedule. Thank you for your continued prayers and support. We get to continue living, working, and ministering here in our beautiful New Mexico home because of your support!

BLESSINGS,

Jacob, Haley, and Samuel Day

Mexico Newsletter

Fall 2026

Veracruz, Mexico:

Women's Gathering:

We were blessed to host a special Women's Gathering centered on the devotional message, "The Qualities of a Woman of Faith." Praise God, Martha, who attended as a guest, accepted Jesus Christ as her Savior during the meeting. Following the devotional, we enjoyed a wonderful time of fellowship together. The men lovingly prepared delicious refreshments for all the ladies, making the day even more special.

A great fellowship time with the ladies!

Celebrating Our 16th Anniversary:

We gathered with grateful hearts to celebrate the 16th anniversary of the ministry and reflect on the Lord's faithfulness throughout the years. It was a joyful occasion filled with thanksgiving and praise. We were encouraged by the message shared by Brother Juan Santos, who brought God's Word on this special day.

Baptism:

We rejoice in the baptism of our brother Adolfo Santos, who publicly declared his faith and commitment to follow Christ.

Dominican Republic

Newsletter

Fall 2026

In the Dominican Republic, Father's Day is celebrated annually on the last Sunday of July. Our churches in the Dominican Republic gathered to celebrate Father's Day and honor the men who faithfully serve their families and communities. It was a special time of fellowship, encouragement, and thanksgiving as we recognized the important role that fathers play in nurturing both the physical and spiritual well-being of their children.

Throughout the celebration, we thanked God for the fathers who lead by example through their love, sacrifice, and commitment to Christ. We also prayed for the Lord's continued guidance and strength as they seek to be godly leaders in their homes and faithful witnesses in their communities.

Events like these provide meaningful opportunities to encourage families and strengthen relationships within the church. We are grateful for the fathers who are investing in the next generation and helping build a strong foundation of faith for years to come.

Please join us in praying that God will continue to bless and equip these men as they serve their families and bring glory to His name.

Venezuela Newsletter

Fall 2026

Hospital Evangelism Outreach, Community Ministry & Pastoral Consecration

One of the highlights of our time in Venezuela was partnering with local believers in a compassionate outreach ministry serving patients and families at area hospitals. Many families spend long hours caring for loved ones and often face significant physical, emotional, and financial challenges during seasons of illness.

As part of this outreach, food and refreshments, including arepas, oatmeal, water, and other essentials, were distributed to patients and their family members. These simple acts of kindness helped meet immediate needs while opening doors for meaningful conversations and personal ministry.

At the heart of this outreach was a greater purpose: sharing the hope found in Jesus Christ. Team members spent time praying with individuals and families, offering encouragement, and pointing them to God's comfort, strength, and peace. Through heartfelt prayers, compassionate presence, and personal interactions, many were reminded that they are not alone in their struggles.

We were also honored to serve alongside Pastor Henry at the Community Distribution Center (Centro de Acopio | Just Dott.), a ministry dedicated to

receiving, organizing, and preparing approximately 3,000 meals each day for individuals and families in the surrounding community. This vital outreach continues to demonstrate Christ's love in practical ways by providing food and support to those facing difficult circumstances.

Despite the heartbreaking loss of key leaders and family members, the church has remained steadfast in its commitment to serving others. Their resilience, faithfulness, and dedication to ministry are a powerful testimony to God's sustaining grace. It was a privilege to witness firsthand their continued efforts to meet needs and share the Gospel throughout their community.

Another significant milestone for the church was the ministerial consecration and commissioning of Pastors Manuel Peña and Stefannie Mendoza. In a special service marked by faith, unity, and prayer, the pastoral leadership of the United God Conference of Churches of God gathered to recognize and affirm God's calling upon their lives. Pastors Learxis and Mara de Alkala, together with other ministers, led a time of prayer, the laying on of hands, and anointing with oil, offering words of encouragement and spiritual support as the couple entered this new season of ministry.

Pastors Manuel and Stefannie have assumed leadership of Church of the Radiance of Glory, faithfully continuing the ministry following the passing of the previous pastor approximately one year ago. The conference reaffirmed its commitment to supporting and encouraging them as they shepherd the congregation and serve their community. We praise God for raising up new leaders and trust that He will continue to guide and strengthen them in the work He has called them to do.

We are grateful for the many opportunities God provided to serve, encourage, and proclaim the hope of Christ in Venezuela. Please join us in praying for Pastor Henry, Pastors Manuel and Stefannie, the churches, the volunteers, and all those impacted through these ministries. May the seeds planted through acts of compassion, faithful service, and the proclamation of the Gospel continue to bear fruit for God's Kingdom.

Kenya

Missions Update

Fall 2026

The churches working alongside Voice of the Gospel Ministries (VOGM) are grateful to report steady growth in Kenya, particularly among the newly established congregations. These churches have been planted through family visitations, community connections, and relationships formed through employment opportunities. Many of these connections developed during road construction projects, when people from the Embu and Kagio areas were hired to work in regions where churches are now being established.

As previously reported, with the generous support of Global Reach, we were able to purchase a plot of land and construct a church building. We are thankful to see this congregation continuing to grow and thrive.

In addition, funds provided through Global Reach for relief ministry in Kenya have been used to support families in some of our newer church communities. After identifying members facing severe economic hardship, we determined that providing chicks for small poultry projects would be a more sustainable solution than offering short-term assistance. These projects were established for families who already had suitable chicken houses in place.

We believe this initiative is making a meaningful difference and has the potential to be expanded to other areas. By raising poultry, families can sell eggs, hatch additional chicks, and generate income to help meet their needs. This approach

provides an opportunity for ongoing support and greater self-sufficiency during the economic challenges currently facing our country.

The photos show some of these families at their homes with the chicks they received and the poultry houses they have prepared. All of this has been made possible through the generosity of faithful Christians in the Churches of God who support Global Reach. Those resources are sent to Voice of the Gospel Ministries in Kenya, where they are carefully used for the advancement of the Gospel and the support of those in need.

Partnering in Purpose

To support ministry work in Kenya, you can scan the QR code, give online at www.cggc.org or mail your donation to:

CGGC—Global Reach
PO Box 926
Findlay, OH 45839

Please make your check payable to "CGGC" and write "GR 2833 Kenya Field Leader Support" on the memo line to designate your gift.

Thank you for encouraging this work and supporting us spiritually and financially. God bless you!

These acts of compassion have opened many doors for sharing the Good News with people who may otherwise have remained unreceptive to the Gospel message. I would like to express my heartfelt gratitude to everyone who has contributed, both in the past and in the present. Your generosity is making a lasting impact, and the funds entrusted to this ministry are being used with great care and purpose here in Kenya.

May the Lord richly bless all His people in the CGGC.

In His Love,
Pastor Joseph Mwaura

Summer Newsletter 2026 - Greetings from the Ayers

Since, then, you have been raised with Christ, set your hearts on things above, where Christ is, seated at the right hand of God. -Col 3:1

Greetings! We, like many, are experiencing a very hot summer! We are enjoying the fruits of summer: longer days, lots of fresh veggies from a very flourishing garden (thanks to Rod), outdoor fun, working at summer camps (Mila), and a busy roofing season.

Thanks to the many churches and organizations who have sent in recommitment forms for the sister church/school program in the Haiti conference. If you haven't made that recommitment and wish to do so or if you would like to begin a new partnership, it is not too late!! There are always opportunities for new partnerships! If interested, please contact us!!

We recently received these pictures (below) from Pastor Denis. We are so thankful for your prayers and support for the many churches in the conference. It is always encouraging to receive these photos of congregations meeting and worshipping despite the turmoil in Haiti.

(Top left to bottom right: Joma, Jeannin 1, Montrouis, and Borel churches)

We shared in our last newsletter that we were expecting two new grandbabies!! They have arrived and we are so excited and full of joy with these two beautiful additions to our family!! Lucy Mae Ayers (left) was born May 24 and Ellie Kate Savage (right) was born June 19. Both babies and moms are healthy and doing well. Thank you for your thoughts and prayers!!

Prayer Requests:

- *Pray for the Sister Church/School program for 2026 and the pastors in the conference.*
- *Pray for Pastor Denis as he helps as our liaison with the sister church pastors.*
- *Pray for the country of Haiti, especially the areas being targeted by gang activity.*
- *Pray for our new grandbabies and families.*
- *Pray for us as we minister in our own community, Bowling Green. And for future opportunities to return to Haiti and/or Bangladesh.*

"Because of the Lord's great love we are not consumed, for His compassions never fail. They are new every morning; great is your faithfulness."

-Lamentations 2:22-23
