

 **Spring is here**—a season of renewal, growth, and new life—and across our international fields, God is at work! Faithful leaders, like you see pictured here, are sharing the message of Jesus, developing new leaders, and meeting real needs in their communities every day. This season, we invite you to take part in that work by helping cultivate what God is already growing around the world.

Our international field leaders—serving within their own countries—carry significant responsibility. They shepherd churches and pastors, often leading large networks, while navigating the unique challenges of their cultural and governmental environments. Many also oversee impactful ministries like schools, outreach programs, and medical initiatives/hospitals, all while investing in people and stewarding resources with care. It's demanding, meaningful work that requires both perseverance and faith—and it's often done with limited financial support.

As ministry continues to expand across our international fields, so do the needs. Increased opportunities for outreach, leadership development, and staffing have created a growing need for support. These fields are positioned for continued impact, and we believe in the leaders God has placed there. Ensuring they are well-supported allows them to stay focused on nurturing the growth God is bringing.

This Spring, your generosity can help cultivate lasting impact. Gifts will go toward strengthening ministry efforts across our international fields and providing flexible support for leaders where it is most needed.

Will you join us in this season of growth—helping plant, nurture and sustain what God is doing around the world?
