

Show Notes for Say What? | 2025 World Conference Resolution G-2 | Affirming an Inclusive Zion in the Holy Land | REPOST

This episode is being reposted as a part of a series of conversations spurred by the ongoing conflicts in the Middle East. The word Zion has been an integral part of Community of Christ's journey as a people, but now it is being used by others in ways that are confusing and contradictory. In this episode of Say What?, host Mary Anne and Kassie sit down with Steve Kellogg, member of the Community of Christ Peace and Justice Team, and author of 2025 World Conference Resolution G-2. Listen in to see what the Peace and Justice Team hope to accomplish with this resolution, and get the added treat of hearing about Steve's personal journey toward peace and justice advocate.
