Our proposal on the above referenced project is as follows:

This bid is to re-felt the entire tile roof, including the A/C shingle runs. We will remove the existing concrete tile and stack them out of the way. We will tear of the existing underlayment felt, wood battens and the shingles in the shingle run down to the plywood. We will clean the roof of any dirt or debris. We will inspect the plywood decking and replace any damaged or dry rotted wood at an additional cost of \$65.00 a sheet for 1/2" OSB (field plywood) and \$85.00 a sheet for 1/2" Sanded CDX (undershots or visible plywood) only if found needed (4 OSB are included). We will install **Two Layers** of **Fontana Vulcaseal #30** underlayment felt with 20" laps, using 7/8" plastic cap nails and **new** 1" x 2" x 4' wood battens. We will replace any badly damaged hip and ridge nailer boards. We will install weather blocking so-lite on all the hips and ridges. We will install **new** FHA approved flashings on all pipes and penetrations. We will re-use existing drip edge metal and bird stops at the eaves. We will re-install the existing tiles over the new underlayment felt. On the shingle runs, we will install Owens Corning Oakridge Series, 30 year dimensional shingles with 1 1/4" coil nails. We will paint the pipes and flashings to match the color of the tiles. We will replace all of the broken tiles and install the new tiles as needed, color to match as close as possible, in one location in the back to keep the curb appeal. We will remove all the roof debris and haul away. This proposal includes an all available discounts.

We hereby propose to furnish labor and materials complete in accordance with the above specifications, for the sum of:
