### PUZZLE PIECE WE ARE GOD'S MASTERPIECE

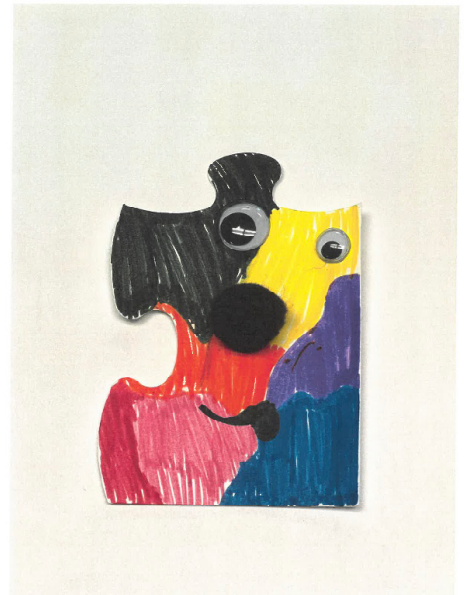

**Main Bible Passage:** Ephesians 2:10 (NLT)

**Lesson Objective:** We are all part of God's creation (or masterpiece)!

**Gospel Connection:** We are all unique and God created us that way for a reason! God has a plan for each one of us.

#### Supplies:

- |                                       |  |
|---------------------------------------|--|
| <input type="checkbox"/> puzzle piece | <input type="checkbox"/> pompom            |
| <input type="checkbox"/> markers      | <input type="checkbox"/> magnet            |
| <input type="checkbox"/> glue         | <input type="checkbox"/> sharpie           |
| <input type="checkbox"/> google eyes  | <input type="checkbox"/> Bible verse label |

#### Instructions:

1. Give each child a puzzle piece to color any way they want. You can also suggest they make it look like themselves.
2. Encourage children to use the glue to add google eyes and a pompom for a nose!  
(Preschool: draw the eyes and nose instead of glue)
3. After they are done, give them a magnet to attach to the back (you may have to use glue to help stick it).
4. Finally, give each child a label with the verse printed on it to add to the back of their puzzle piece.

**Say:** God loves you so much He took time to uniquely create each one of you! Look around...just like our puzzle pieces, we are all different! When you look at each piece, it may not seem like much, but each one is part of a bigger puzzle. In the same way, each one of us is GOD'S creation and we are part of God's Masterpiece! (Show picture of puzzle that says "God's Masterpiece" and point out all the different pieces that are in it). That's right, God calls His creation a Masterpiece AND He has a plan for each one of you! God desires for each person to have a relationship with Him. He even sent His son Jesus to make that possible!
