CHANGE THE WORLD— WITH SOCIAL SCIENCE.

Understanding how society and groups function is critical to making a difference in the world, and that's what a BS in Social Science from SWU will prepare you to do. Whether you are interested in pursuing a graduate degree in fields like data science and law or taking your social science skills into the workplace, the academic, communication, critical thinking, and problem-solving skills you learn in the Social Science program will serve you well for life.

This flexible, broad-based degree is grounded in a Christian worldview and will give you a solid academic foundation for developing a sophisticated understanding of the social world. The highly customizable Social Science major will help you pursue your interests and career goals. Choose from concentrations in pre-law or general sociology.
