Preface

This handbook is a compilation of the policies and regulations that govern many areas of University life that are in effect at the time of this printing. It is not intended to be contractual in substance or nature; rather, it is designed to serve as a source of information and reference to services and activities of the University community. It should be used in conjunction with other University publications, especially the [Academic Catalog](#). The policies and procedures set forth in this handbook may be altered or amended without notice as the University deems necessary. All students are expected to know and abide by all contents of this handbook.

Letter from the President

Welcome SWU Warriors!

At Southern Wesleyan University we are devoted to you and your success as students, but we are also dedicated to you as people who are created in the image of God.

During your time here in this unique season of life, it is our hope that you will grow spiritually, intellectually, and relationally. Most of all, our desire is to see you love God and love others.

The reason for this is because Jesus was once asked, “Teacher, what is the greatest commandment...?” Jesus replied, “‘Love the Lord your God with all your heart and with all your soul and with all your mind.’ This is the first and greatest commandment. And the second is like it: ‘Love your neighbor as yourself’” (Matthew 22:36-39).

It is our hope that all of us at SWU live as examples of what it means to love God and love others. You are a vital and important part of this community! So, whether you are a first semester Freshman or a returning Senior, we invite you to join us in pursuing a life transformed by God and His people.

On behalf of the entire University community, I pray you will have a great year and discover for yourself who God is and all the goodness He has for you.

I look forward to seeing you on campus.

All the Best,

William D. Barker, Ph.D.
President
Southern Wesleyan University

The University

Higher education in the western world, from its inception until recently, transmitted not only learning but a way of life from generation to generation. Growing out of the sacred teachings of the Hebrews, through the conversion of the Greco-Roman world and its diffusion in Western Europe, Christian culture served as the foundation of the ideals of civilized man.

The very best of western classical education, then, as always, provided students “learning” about their world and heritage. At the same time, the system of education was based on a cultural moral order that dictated common life practices. Students and teachers in this tradition of education discussed, explored, and lived by the values of Christianity.

By choice, Southern Wesleyan University participates in more than a thousand years of this form of education. The emphasis on a “common life” together, in classrooms, residence halls, the dining hall, and the chapel, is deliberate. Southern Wesleyan University provides an education that is more than intellectual, offering students a Christian perspective of life in a community of believers.

The Mission of the University

Southern Wesleyan University is a Christ-centered, student-focused learning community devoted to transforming lives by challenging students to be dedicated scholars and servant-leaders who impact the world for Christ.

Statement of Purpose

Since its founding by The Wesleyan Church in 1906, Southern Wesleyan University has been a Christian community of learners that recognizes God as the source of all truth and wisdom. The University seeks to create an atmosphere in which all members of the community with a wide variety of background and abilities work together toward wholeness by seeking to integrate faith, learning, and daily life.

Located in Central, South Carolina, the University falls at the halfway (central) point between Charlotte, North Carolina, and Atlanta, Georgia. The Town of Central was once an important mid-way stop when the railroad was the primary means of transportation between those historic cities. The University is thirty minutes from the foothills of the Blue Ridge Mountains and ten minutes from Clemson University, with which it shares some cooperative programs.

The University evolved from a small Bible institute first chartered as Wesleyan Methodist College in 1909. It is now a four-year, private, liberal arts college, regionally accredited in 1973. Historically, the founders of the college understood linguistic, quantitative, and analytical skills to be the foundation of a liberal arts education. Further, they believed that the cultivation of this curriculum within the context of faith, worship, studies in religion, and service to others created a fertile soil for intellectual and spiritual growth. Thus, the college ensured that every student would be well grounded in these areas by developing a general education curriculum of liberal arts studies. That tradition is alive today. All undergraduate programs, traditional and non-traditional, contain a core curriculum in the liberal arts.

As a ministry of The Wesleyan Church and in service to the global Church, Southern Wesleyan prepares students for leadership in religion, education, music, business, medicine, law, science, and a variety of civic and social service professions. Graduate programs are offered in the fields of Education and Business. In 2018, the University moved to a level five institution with the introduction of its first doctoral program in the School of Education.

Although the University serves the Southeast, the student population is a blending of cultural, ethnic, and regional diversity drawn from the entire United States and the international community, encouraging a broad cross-cultural sharing of Christian values. Ideal graduates of Southern Wesleyan have a healthy respect for themselves and others as bearers of God’s image, and are prepared to confront a rapidly changing world with skills in communication, information processing, analysis, synthesis, and problem-solving.

BEHAVIORAL EXPECTATIONS

In the light of the preceding principles (mission/vision/purpose), the following are behavioral expectations of Southern Wesleyan University students:

1. We all have attitudes which contribute to the way we interact with others. Some attitudes such as friendliness, acceptance, generosity, and kindness support the community we have at SWU while some attitudes such as pride, jealousy, lust, and prejudice produce conflict and damage the community. Our commitment is to develop positive and helpful attitudes that build up others and ourselves.
2. With the Bible as our guide there are certain practices which are not in keeping with the mission of SWU. Activities such as fornication (sexual activity outside of marriage), adultery, homosexual conduct, drunkenness, occult practices, stealing, profanity, gossip, and dishonesty do not align with SWU's principles as they destroy both the individual and the community. The University expects students to refrain from such practices.
3. Our community standards are derived from a combination of Scripture, tradition, and institutional preference. To be a part of this community and enjoy its benefits, each of us has to choose to voluntarily submit to the established principles of the community.

Therefore, students are to:

- live and relate to others in a manner that is consistent with the example of Jesus Christ;
- live in harmony with the principles established to govern a community of learning and faith;
- respect the dignity, rights, property, and privacy of others; refrain from dishonest, unfair or greedy practices;
- respect their bodies and refrain from physically harmful or immoral practices that may cause damage to self or others; this includes avoiding the use of all illegal drugs, alcohol, tobacco/nicotine products, any form of smoking/vaping, as well as the abuse of prescription drugs and the intemperate use of food;
- avoid activities, entertainment, media establishments or materials that promote violence, pornography, sexually explicit themes, and immoral practices;
- provide a safe and secure environment for all members of the University community; act with integrity and honesty in relationships and interactions with others; dress modestly and in a manner appropriate for the social context or environment;
- respect authority and the standards established for acceptable community behavior; and
- represent the University in a positive manner.

Rights and Responsibilities within the Southern Wesleyan University Community

The goals of the community at Southern Wesleyan University are to:

- foster learning, scholarship, and research through the free exchange of ideas;
- provide encouragement and support to members of the community as they seek to grow toward wholeness amidst difficult and stressful life circumstances (helping SWU grow as a stronghold and an oasis); and
- hold members of the community to high standards of academic honesty, intellectual rigor, and realistic humility in the pursuit of truth.

By joining the community (enrolling as a student at SWU), faculty, staff, and students ~~are agreeing~~ **agree** to pursue these goals. They are also agreeing to work to maintain an environment within the community where certain rights are protected.

- The right to free expression within the bounds of decency and order.
- The right to be respected and treated with dignity and to be heard when there is a perceived wrong.
- The right to independent thought and reasoned dissent.

- The right to feel safe and free from threat, force or violence.
- The right to personal, constructive change.

While the University's officers of administration and instruction have authority to give structure to the community, to foster its ongoing health, and to intervene if there are serious problems, the weight of responsibility for the health of the community rests with the community as a whole and with each individual member. To enter into the University community is to enter into a commitment to support that community and seek its goals.

CAMPUS SAFETY

The safety and security of a campus is of great concern for today's University student and employee. Southern Wesleyan University is committed to providing security procedures and prevention information to promote a safe environment for learning and working.

The Southern Wesleyan University campus is home for approximately 1000 staff members and students. As a Christian campus in a small residential community, we are very fortunate to have very low crime rates.

A Campus Security and Crime Awareness Report is revised, updated, and distributed annually to all employees, students, prospective students and employees. Timely warnings are issued for crimes that represent an ongoing threat to student/employee safety, consistent with the Clery Act.

Campus Safety provides 24/7 coverage of campus and can be reached at (864) 508-0107. Campus Safety offices are located on the 2nd floor of the Campus Life Center. For lot-specific regulations, refer to, and obey, all signage and pavement markings.

4. Parking is allowed only in areas designated by permit.
5. No parking is allowed in the square.
6. Only visitors may park in visitor spaces (including the spaces in front of Nicholson-Mitchell Ministry Center).

16. Appeals must be submitted within five days of the ticket issue date.

18. No overnight parking in non-residential lots without prior approval from the Student Life Office or Campus Safety.
19. No vehicle may park in handicapped parking unless the vehicle displays a state-issued handicapped parking placard or license plate. If observed by the Central Police, the police will request an arrest warrant as required.

by South Carolina state law and will result in a court appearance with a MINIMUM FINE of \$500 and a MAXIMUM FINE of \$1000, plus court costs and assessments. If observed by Campus Safety, the offense is subject to towing and/or a \$100 fine.

20. The campus speed limit is 15 miles per hour.
21. A vehicle may be immobilized or towed upon the receipt of a third ticket during a semester. All outstanding tickets must be paid before the vehicle can be recovered and a receipt must be presented to the towing company.

23. There will be a \$200 fine for any tampering with a boot/immobilization tool.
24. Individuals who accumulate six tickets during a semester will be subject to restrictions which will include, but are not limited to, a designated parking space. The restrictions will be determined by the Office of Student Life and Campus Safety.

29. Parking fines that are paid within 10 days will be reduced by 50%. Handicap fines, boot fees, and towing fees are not eligible for reduction.

Referrals to an outside provider may be necessary for certain treatments, medications, etc. and the Health Center staff will assist with the referral process. Urgent medical conditions receive priority treatment. Others can usually be arranged for within 24 to 48 hours.

All students using the Health Center must have a completed health history form, a copy of up-to-date immunizations, and a front/back copy of his/her insurance card on file prior to receiving advice or treatment.

HEALTH INSURANCE

All students are required to provide their own health insurance. The University does not provide health insurance for students.

HEALTH CENTER CHARGES

There are no examination fees for students seen by the nurse. Charges for filling prescriptions and any off-campus appointments with doctors or other medical professionals or agencies are the responsibility of the student. Fees for specialists and emergency centers are the complete financial responsibility of the student.

EMERGENCY OR SEVERE ILLNESS

When the Health Center is closed, on-campus students should contact residence hall staff, all of whom have knowledge of basic first aid and have emergency supplies available. Staff will contact the nurse or 911, if necessary.

For an on-campus emergency, contact Campus Safety (864) 508-0107. Students may also seek their own emergency help if preferred. If help is sought privately, please notify the nurse, RD, and other student life official as soon as possible.

FOOD SERVICE

Hallmark Management Services, Inc. provides Food Service for the academic year. Food service may not be provided under this agreement during the following breaks: Thanksgiving, Christmas, Spring, Easter, and Summer.

Only authorized SWU ID cards or certified pass cards can be used for meals and may not be altered or transferred. Students may obtain a new SWU ID through the Campus Safety Office. Students entering the dining room without their ID or allowing someone else to use their meal pass will be subject to disciplinary action.

If you are ill and unable to eat in the dining room, you may have a friend deliver food to you. Contact your RD, RA, or the University nurse to make arrangements. Hallmark will prepare meals in accordance with a doctor's orders for students who require special diets for health reasons (Please contact Health Services for assistance in getting started with Hallmark's Eat Safe program). Food may only be taken from the dining room through Hallmark's Eco-To-Go program.

Students are responsible for returning dirty plates, cups and silverware to the dish-room window. Students who are involved in disruptive behavior, leaving dishes, or throwing food in the dining room may be suspended from the dining room for a period of time, assessed a fine, and/ or be required to perform community service.

OFFICE OF STUDENT LIFE

The Office of Student Life is concerned with all facets of student life, both on and off campus. The welfare of each student as an individual and as a member of the Southern Wesleyan University community is of utmost importance to the Student Life staff. Your concerns may be expressed openly and freely, and they will be heard with interest and consideration. When action is needed, every effort will be made to deal with the matter in a fair and consistent manner.

The University reserves the right to make policy changes between printings of this handbook. In the event that such changes are necessary, every effort will be made to communicate them to students.

The Office of Student Life is located in the Campus Life Center, office 210.

Office Hours: 8:00 a.m. to 4:30 p.m., Monday – Friday.

Marriages

Sometimes students decide to marry during their enrollment here. This changes your status as a student if the marriage occurs while currently enrolled. Married couples are not permitted to live in on-campus housing. Therefore, students planning to get married during the academic year should contact the student life office to complete the commuter verification form as well as notify other offices such as the registrar and student accounts to complete a change in address.

Because SWU is an institution of the Wesleyan Church, we also uphold the Wesleyan biblical tradition that marriage is to be recognized only between a man and a woman. Because we believe that marriage is a sacred lifetime relationship ordained by God, we strongly encourage each student to seek premarital counseling from our University chaplain or counselor, or a pastor or spiritual mentor. Our chaplain and counselors offer premarital counseling whether both or only one of the partners is enrolled at SWU.

Housing Policy

SWU HOUSING POLICY

SWU requires on-campus housing for students who are enrolled full-time (minimum of 12 academic hours) and are 17 to 23 years of age as of the registration date of the relevant semester (fall or spring). Students who are younger than 17 or older than 23, but desire to live in SWU's on-campus housing may submit a written appeal to be considered by the Student Life Office by no later than August 1 for the fall semester or December 1 for the spring semester. Students taking less than a full-time course load will also need to appeal to stay in on-campus housing.

Appeals should be emailed to housing@swu.edu to be considered by the Housing Committee. On-campus housing approval is not guaranteed for students younger than 17 or older than 23, or for part-time students. This will be decided on a case-by-case basis at the sole discretion of the Student Life Office.

Southern Wesleyan University intentionally assigns housing within the context of separate male and female halls and living spaces. SWU, as an institution of the Wesleyan Church, maintains a biblical view and Wesleyan understanding of gender identity, and therefore will assign student housing according to gender as determined by biology at birth.

All students living on campus at Southern Wesleyan University must disclose any prior felony convictions to the Student Life Office on their housing form or in writing via email. Under consideration of Article 7, SECTION 23-3-465 of the Sex Offender Registry, any person required to register under the sex offender registry is prohibited from living in campus student housing at Southern Wesleyan University. Any student desiring to live on campus who has been convicted of some other felony must meet in person with a Student Life representative, as designated by the VP of Student Life, before that student will be approved for on-campus housing. Requests to meet with a Student Life representative may be sent to housing@swu.edu. Once determination has been made, requests for an appeal can be made to the Housing Committee by emailing housing@swu.edu.

SWU OVER-ASSIGNMENT ROOM POLICY

As the demand for residence hall space grows, the University reserves the right to “over assign” (sometimes called “tripling”) a certain number of residence hall rooms on each floor for new students each year. The resident density on each floor will not exceed one extra student in a suite of two rooms that share the same bathroom (bringing the total in the suite to five) and not employ more than half of all suites available per floor. Typically, only new students will be over assigned with the roommates also being new students, but on occasion, as demand requires, some temporary over assigning may occur for returning students with sophomore classification as the next starting point. Since the over assignment is considered a sacrifice by the residents involved, a reduction in room rate will be applied for all occupants of the room in question (not the other room in the suite).

In the case that a growing residential student population at SWU drives the need for a third student to be added to a room designed for two persons, we will add one additional set of furniture to accommodate this need for additional sleeping space (one bed, one desk, one chair, one dresser). (Note: Adding a fourth student to a room designed three persons will be avoided unless requested by all occupants due to the nature of how many students would share one toilet and shower (this number is already five for those suites in normal occupancy situations).

At the point of over-assigning a room or rooms, the room rate for each occupant will be reduced by \$100 per month and will be prorated using the calculation of \$50 up to ½ month, and \$100 over ½ month if the room is converted to a standard room during any particular month.

If residents are over assigned for less than ½ month at the opening month of any semester (August for Fall, and January for Spring), and a normal occupancy room option is provided within that time period, no discount will be applied. If a normal occupancy room is offered but declined by all residents, and thus the room remains as an over-assigned room by choice, then the discount will be discontinued for all occupants.

Placing students in over-assigned rooms will happen according to the following process:

1. The SWU Housing Office will ask for volunteers for over-occupancy and place accordingly. New students in order of last housing deposit first, will be assigned to those room occupants who have volunteered.

2. If space is still needed, the SWU Housing Office will assign freshmen to over-assigned rooms in the order of latest to earliest housing deposit payment date.

[Note: It should be understood by all resident students that while the process of assigning over-assigned rooms will follow the two steps outlined above, the SWU Housing Office reserves the final right to determine any and all student housing assignments as it deems necessary.]

Providing the opportunity to move into a normal occupancy room (as additional space opens up in the hall), will happen in the reverse order of which students were placed in over-assigned rooms, i.e. the last students placed in over-assigned rooms will be the first students moved back to normal capacity rooms (again, this gives priority to the earlier housing deposits in the case of freshmen).

This policy will be followed in all SWU residence halls and apartments when the need for additional residential housing arises.

COMMUTER POLICY

Residential verification is required annually for all students intending to commute. At that time, students will verify resident status and provide accurate information including address and telephone for approved off-campus residences. The Office of Student Life may require additional information, such as a utility bill or other pertinent documentation, to verify off campus housing status. The Student Life Office must be notified immediately of any change in the residency status, address, and phone number. [Violations of the University housing or commuter policies will be subject to immediate disciplinary action, including the potential for dismissal and/or being charged a full semester of housing fees.]

To be eligible to commute you must meet one of the following criteria:

- Living at home with parent or legal guardian at their permanent address
- 24 years or older (or turning 24 in the semester you wish to be off campus)
- Married
- Have completed 8 full-time, post high school, college/university semesters (AP, concurrent or dual-enrollment, or winter and summer courses do not count towards this total)
- Taking less than 12 hours (part-time student status)

Outside of these requirements, you may submit an appeal citing another reason as an exception or extenuating circumstance. All appeals will be processed by the SWU Housing Committee. Please be detailed and specific when submitting an appeal.

Residence Life Policies

BABYSITTING

Babysitting is not permitted in the residence halls.

CHECK-IN/CHECK-OUT

Prior to moving into your room, you will complete, sign, and turn in a room inventory sheet, which will be an accurate and complete record of the contents and conditions of the assigned room. This inventory will serve as the basis for the checkout process.

The checkout process must be followed anytime a resident moves out of an assigned space. Students may not change

rooms for any reason without formal approval from an RD. When leaving an assigned space, the resident must gain approval from and set an appointment with an RA or RD to review the condition of the room/apartment. The RD will provide a detailed checklist that is to be followed during the cleaning and check-out process to avoid additional charges or the surrender of a student's housing deposit. Students are expected to check out of their rooms/apartments within 24 hours of their last class. Failure to check out before 12 p.m. on the day after Commencement will result in a \$100 fine.

Residents who fail to check out properly will be subject to residence hall charges. Failure to return the key will result in a \$100 charge. If the resident reports a lost key to their RD prior to checkout, the charge is \$35. Damages to the living space beyond normal "wear and tear" will be assessed to the resident.

COMMERCIAL ENTERPRISE

Commercial solicitation in the residence halls and apartments is prohibited. Students may not use the residence halls or apartments for any commercial business or purpose.

CONSOLIDATION POLICY

At the beginning of each semester, residents whose roommates have moved out or did not move in when the semester began may be asked to consolidate (find a roommate, which may require a room change). Failure to consolidate may result in the billing of private room fees to the resident's account. Notification of the time period to consolidate (one week) will be communicated by the RD. Questions may be directed to your RD or the Director of Residence Life.

FOOD PREPARATION

Electric coffee makers, compact refrigerators (drawing 2 amps or less) and microwaves (1 cubic foot or less) are permitted. Heating and cooking appliances that have exposed heating coils such as toasters, frying pans, sandwich grills, hot plates, waffle irons, George Foreman-type grills, etc., are prohibited. No open flames are permitted. All food should be kept in airtight containers.

HOUSING CONTRACT

All residents are required to sign a residential contract prior to taking occupancy of any room or apartment. The contract stipulates the rights and responsibilities of the residents and University, the housing/board rates, the payment options, and termination conditions. Signature of the contract verifies that the resident has read and understands the residence life policies and agrees to abide by the policies and regulations as stated in the Southern Wesleyan University *Student Handbook*.

HOUSEKEEPING

Residents are responsible for cleaning their own room or apartment, which includes providing their own cleaning supplies, for removing waste materials regularly, and for maintaining acceptable sanitation and safety conditions. Residence hall rooms/apartments will be checked bi-weekly by residence life staff to monitor cleanliness and safety issues.

INSURANCE FOR PERSONAL PROPERTY

The University assumes no responsibility for the personal property of students. Accordingly, the University does not provide insurance or any other financial protection for the personal property of students. It is strongly recommended that students obtain insurance protection against loss, damage, or theft of personal property.

LOBBIES AND LOUNGES

Public areas are the responsibility of the residents of the residence hall and are to be kept clean, neat, and orderly at all times. Therefore, residents are expected to clean up after themselves before leaving the lobby area. Students should refrain from inappropriate public displays of affection that would make others feel uncomfortable.

By interpretation of copyright laws, it is unlawful for showing of copyrighted films in publicly accessed residence hall lobbies and lounges. Therefore, the RD must grant permission before using a DVD player or streaming a movie with a lobby or lounge TV. Southern Wesleyan University-sponsored movies as activities are licensed through special rental agreements for public viewing.

LOCKOUTS

Since room/apartment doors should be locked, students should carry their room key with them. When students are locked out of their room or hallway, they may contact a resident assistant, the RD or Campus Safety to gain access. However, a fee may be assessed for repeated lockouts.

OBJECTIONABLE MATERIAL

Pictures, posters, videos, printed materials, clothing, or other items that, in the sole judgment of the University, are offensive, lewd, pornographic or otherwise not in keeping with the values and ideals of the University, are prohibited in residence halls. Failure to remove such materials when asked could result in removal of the materials by staff and additional fines. X-rated and NC-17 movies are prohibited.

Students may not install any exterior wires, aerials, signs, satellite dishes, personal internet servers, etc.

OVERNIGHT GUESTS IN RESIDENCE HALLS

Residential students may have guests of the same sex in the rooms overnight who have been appropriately approved by the RA or RD. A guest may stay on campus without charge for a maximum of three days per month. Guests must follow all community standards and expectations. Students are responsible for all actions and behavior of their guests. Failure to register and seek approval for a guest may result in disciplinary action including a charge of up to \$200. The University reserves the right to decline all guests from staying overnight on campus if the health and safety of the campus is at risk.*

OVERNIGHT OFF-CAMPUS

Resident students are expected to be in their assigned residence hall overnight. If a student is planning to stay off campus overnight, they will need to let their roommate and/or RA know for safety purposes.

PART-TIME STUDENTS

Students who will be studying part time (less than 12 academic hours in a semester) will be required to submit an appeal to live in on-campus housing. Appeals should be submitted to the Director of Residence Life at housing@swu.edu. Students who drop below full-time status once the semester has begun may be required to move off campus. If a resident student does not register for a full-time course load for an upcoming semester, a housing appeal must be submitted.

QUIET HOURS IN RESIDENCE HALLS

Excessive noise in the residence halls is not permitted at any time. Daily quiet hours are from 11 pm to 7 am. During this time residents should be able to study or sleep without disturbance. Residents are expected to politely take the initiative in confronting sources of noise disturbance. If these efforts fail, the residence hall staff is available to intervene.

A simple rule-of-thumb for judging the appropriate volume of stereos, TVs, etc., is the “knock rule.” Simply stated, if someone knocks on your door and you cannot hear it, your room/apartment is too loud. Headphones are encouraged for students who prefer high-volume entertainment. Use of electric guitars, keyboards, and percussion instruments is inappropriate in the residences.

RESIDENT CONFLICTS AND ROOM CHANGES

Living with a roommate can be a rewarding experience that results in a lasting friendship. It is expected that most roommates will experience times of conflict over such things as values, personal habits, and personality. Working through these differences takes a listening ear, an ability to verbalize feelings, and work toward problem solving and sometimes outside help. All conflicts among residents MUST include an attempt to resolve issues by the residents themselves. If not

resolved between the residents, the matter should be taken to the RA for intervention. If necessary, the RD can mediate and assist in resolving the conflict.

In order to encourage roommates to work through initial conflicts, no roommate changes will be made before fall break in the fall semester and spring break in the spring semester. After that time, requests for roommate changes should be directed to the RD. Requests will be considered only when good faith efforts have been attempted. Living with a roommate is an educational experience and should be seen as an opportunity for personal growth. When efforts to resolve conflicts have not proven to be successful, students may then complete a housing change request form upon the recommendation of the RD in consultation with the RA. Students may not change rooms or roommates without receiving prior approval.

The University reserves the right to deny requests for roommate changes and to change students' room assignments or roommate pairings.

RESIDENCE HALL DAMAGES

Students will be charged for any damages, lost school property, or unnecessary service costs, including but not limited to housekeeping, maintenance, and utility costs, caused by them to University residence halls. Students will be billed for damaged or missing furniture, equipment, or damages to the room/apartment itself. Where two or more students occupy the same room/apartment and the University cannot ascertain responsibility for damage or loss in the room/apartment, the cost of damage or loss will be divided and assessed equally among the residents of the room/apartment.

Damages incurred to public areas of the residence hall for which the person(s) responsible cannot be identified or discovered may be charged to each resident of the floor, hall, or entire residence.

RESIDENCE HALL MEETINGS

Because of the important information that is communicated and the hall activities and projects that are planned, attendance at all residence hall meetings is mandatory. Every effort will be made to announce these meetings 48 hours in advance. Failure to attend without prior approval of the RD will result in a fine.

ROOM AND FACILITY CLOSURE; REFUNDS

The University reserves all rights to close any room or area of a residential facility, or the entirety of any or all such facilities, if, in the University's sole discretion, the financial needs of the University, circumstances of public health, or any situation beyond the reasonable control of the University necessitates such closure.

In the event of room or facility closure, the University expressly disclaims any obligation to provide refunds of room and/or board costs in whole or in part beyond established SWU policies as published on the university website. The University retains full discretion to amend its published policies and to determine whether any refunds (or none) shall be provided.

ROOM ASSIGNMENTS

In the spring semester of each year, continuing students are given the opportunity to request housing for the following school year in accordance with the selection procedure published by the Residence Life Department and Housing Office. Student Life and Housing reserves the right to assign housing according to the specific needs of each semester.

New residents will be assigned based on the date their housing deposit is received. Efforts are made to honor roommate requests, but the University undertakes no obligation to do so. Rooms are generally assigned on a first-come, first-serve basis.

Student Life and Housing reserve the right to assign, reassign, and adjust occupancy of the rooms. Reassignment can also occur in the case of disciplinary action at the discretion of Student Life Administrators.

The University reserves the right to change students' room assignments or roommate pairings.

ROOM DECORATIONS

All room decorations are to be in keeping with University policies and behavioral expectations. No road or public signs, which were public property, are to be displayed. Obscene or suggestive posters, pictures, literature, and other items that are not in harmony with the values and standards of SWU are not acceptable. No alcoholic beverage containers may be used for any type of decoration.

ROOM DEPOSIT

A security deposit of \$200 is required prior to moving into the residence halls or apartments. Charges for the loss of equipment, damage to University property (beyond normal wear) and damage to or defacement of any common area may be assessed directly and equally against the residents of the area and charged against the deposit. The balance of the deposit is refunded pending no damages or Student Life fines, such as parking and/or residence hall fines, and will be credited to the student account when the student leaves campus housing. Any credit balance that remains on a student's account after all indebtedness to the University has been paid will be refunded within 30 days upon request to the Student Accounts office.

ROOM FURNISHINGS

The University owns room furnishings for all residence hall rooms/apartments. Each student is responsible for the furniture that appears on the room inventory sheet completed at the time of move-in. University-owned furniture may not be moved out of rooms/apartments for any reason.

Student-owned furniture is permitted, but its condition is the sole responsibility of the student. All student-owned furniture must be removed upon checking out of the residence. Lofting of residence hall beds is allowed using University lofting materials. Disassembling of University-owned furniture is not permitted. No waterbeds of any kind are permitted.

ROOM ENTRY/SEARCH

Rooms are to be kept clean and orderly. Authorized personnel may enter your room for reasons of health, safety, general welfare, to make necessary repairs, or to prevent or respond to conduct which is in violation of University regulations or laws. Insofar as possible, advance notice will be given but is not guaranteed. No room will be searched except by approval of the RD or a member of SWU Administration.

RAs and/or RDs will make bi-weekly cleanliness and health and safety checks in residence halls and the apartments. Residents of rooms not meeting a standard of cleanliness or that are in violation of policy are subject to disciplinary consequences and/or charges.

ROOM KEYS

The RD will issue a room key to each student upon check-in. Keys are not to be duplicated or loaned. Lost keys should be reported to the RD. A duplicate key will be provided for a replacement fee, which must be paid prior to receiving the key. The replacement fee for each key is \$35.

Residents must turn in their keys at checkout. Failure to return a key at checkout will result in being charged a \$100 replacement fee, even if the key is found and returned at a later date.

ROOM MAINTENANCE

Needed repairs of rooms or University furnishings should be reported by submitting a work order request through mySWU. The maintenance department will do all needed repairs if reported properly.

Painting of rooms by students is not permitted. No altered or additional electrical wiring may be added to the rooms. No drilling in the walls is permitted. Only white sticky tack, thumbtacks, or 1-inch nails may be used to affix posters, decorations, etc. on walls and doors. Students are responsible for removing all of these items completely prior to checking out of the room. Students will be held responsible for damages to the walls even where these items were used.

SCHOOL BREAKS

All residence halls and the apartments are closed during the Christmas, spring, and summer breaks. There is no food service during the following breaks: Thanksgiving, Christmas, spring, Easter, and summer.

Students are responsible for arranging their own housing when the residential facilities are closed.

STORAGE

Storage areas are not provided for students during the school year, breaks, or summer holiday. Students should be prepared to keep their belongings in their rooms during the school year or arrange for off-campus storage. Rooms must be completely empty of personal belongings upon moving out.

VISITATION

Visitation is defined as a time frame that is designated for members of the opposite sex to visit a residence of the opposite sex. Residence hall visitation provides resident students the opportunity for informal interaction and interpersonal growth within the context of the residence hall atmosphere. Additionally, visitation is a social event that can provide students the opportunity to meet other students within a group context.

As always, but particularly during visitation hours, it is expected that students conduct themselves with discretion and respect for the rights of others. In addition, students will be held responsible for the behavior of their guests. Students must be careful to maintain a biblical standard of morality and be sensitive to community standards of good taste and decency.

Violations of visitation guidelines will result in disciplinary action that, depending on the circumstances, may include monetary fines, social probation, loss of visitation privileges, and reassignment of residence. Guests who are not Southern Wesleyan University students must check-in with the RD or RA on duty and are required to leave the residence halls by midnight.

Mullinax and Joiner Hilson Halls will host visitation during the hours of 6:00 pm to 11:00 pm, five days a week. The apartments will host visitation during the hours of 5:00 pm to 12:00 am Monday through Thursday and noon to midnight Friday through Sunday. The University reserves the right to alter the visitation hours of the residence halls as deemed necessary.

Visitation times are not intended to provide complete privacy. Therefore, in order to maintain a suitable environment during visitation hours in Mullinax Hall and Joiner Hilson Hall, the following regulations apply:

- All visitors, other than Southern Wesleyan University students, must be escorted by their host at all times.
- Lights should remain on at all times while guests are in the room.
- Displays of affection that are associated with leading up to premarital sex, such as excessive kissing, romantic touching, laying or under covers on a bed/couch with someone of the opposite sex etc. are not permitted.
- Excessive noise is not permitted.
- Doors must remain open.
- In the apartments, guests of the opposite sex are not permitted in the bedroom at any time.

Additional Policies for Apartment Complexes

Apartment living on SWU's campus offers a greater degree of freedom; we recognize that this freedom should also come with greater responsibility. Living in the apartments is a privilege, not a right, and should foster an experience that complements the spiritual, social, and academic mission of the University to challenge "students to be dedicated scholars and servant-leaders who impact the world for Christ." The Housing Office and Residence Life will determine who is eligible to live in the apartments.

The information below applies to all apartment residents. Please note that all of the other residence life policies not amended in this section still apply to apartment residents.

ELIGIBILITY

To be eligible for apartment living, students must meet the following criteria:

- A minimum cumulative grade point average of 2.50. (SWU GPA after first semester for transfer students.)
- Social record – upon application, an applicant cannot be on social warning or social probation; during the year one cannot enter social probation (case by case evaluation). A student who becomes ineligible during a semester will be reassigned to a residence hall for the remainder of the semester. (Since living in the apartments is a contractual agreement, a student who becomes ineligible to live in the apartments during a semester will pay the apartment cost for the remainder of the semester.)
- A minimum of 60 hours must be completed prior to living in the apartments. (A student could have less when applying in the spring for the fall semester.)
- Must not be on chapel probation and must be on schedule to meet the chapel requirements for the current semester.
- Each applicant must have lived at least one semester in a residence hall prior to living in the apartments. (Students who have attended SWU as a commuter may apply for an exception to this policy.)

Each spring, students must submit an eligibility application through mySWU. The Office of Student Life may make exceptions to the eligibility criteria if extenuating circumstances warrant an exception. The Housing Office assigns the apartments through the housing process. The student's eligibility for the apartments does not guarantee a space in the apartments as spaces are determined by availability.

The University provides the following furnishings to the apartments. All other furnishings and supplies are the responsibility of the residents.

Common Area:

- Stove/Refrigerator/Microwave
- Four bar stools for breakfast bar

Bedrooms:

- Existing furniture or fixtures may not be removed from the apartment. Missing or damaged furniture will be charged to the residents.
- Student-owned furniture must be removed upon vacating the apartment.
- No personal grills are allowed on the premises.

TRASH DISPOSAL

All trash is to be contained in plastic garbage bags and placed in the designated dumpster. Residents are responsible for the purchase of trash bags and for carrying their trash to the dumpster. Leaving trash outside the apartment is not permitted and will result in a \$50 charge per bag and will be split among all apartment roommates.

(Refer to Appendix F for more information regarding the Chapel Attendance Policy.)

SPIRITUAL EMPHASIS WEEK

Near the beginning of each semester, a time of spiritual emphasis is conducted on campus. Services provide for spiritual examination and growth. The entire Southern Wesleyan University community recognizes the importance of spiritual emphasis services. Class schedules and athletic events are altered to aid students during this challenging and life-changing event.

GLOBAL ENGAGEMENT WEEK

In addition to our on-going emphasis on global engagement/service, this is a special time to educate and highlight the purpose of calling to global engagement/service.

DISCIPLESHIP GROUPS

Faculty-, staff-, and student-led discipleship groups are offered each semester. These groups offer the student the opportunity for intentional spiritual growth in a small group atmosphere. A variety of topics is offered each semester. New believers may start any semester and complete a cycle of courses that will help establish the student in the foundational concepts of Christianity.

MINISTRY TEAMS

The Spiritual Life and Ministry Office send ministry teams to various churches, camps, retreats, and seminars throughout the school year as well as over the summer. These are excellent opportunities for using God-given talents in service to His kingdom. Interested students should contact Director of Music Ministry and Outreach for further information.

DISCIPLINARY PHILOSOPHY PURPOSE

The Scriptures do not describe a precise model for discipline; however, they do give some general principles regarding how individuals should be held responsible for standards of community life. Southern Wesleyan University has adopted its processes based upon the principles found in the following scriptures:

- I Corinthians 13:1-8a: The standards are based on and motivated by an ethic of Christian love.
- II Corinthians 2:5-11: Whenever discipline is applied, it must be accompanied by forgiveness, comfort, and an affirmation of love.
- Galatians 6:1-10: The goal of confrontation is to restore one to a right relationship. Confrontation should be done in a spirit of gentleness because we could be tempted ourselves.
- Luke 6:31: The Golden Rule demands that we treat others like we want to be treated.
- Matthew 18:15-17: Appropriate personal confrontations are described by Jesus, and the goal is repentance.
- Ephesians 4:11-16: God has gifted His body of believers with gifts that are intended to equip the body by speaking the truth in love.
- Ephesians 5:6-13: As a Christ-centered community we are to live lives that reflect God's glory and bring honor to Him.
- I Thessalonians 5:14-15: God has placed some individuals in authority, and they are responsible to do all they can to help those around them to mature in their faith.

A Christ-centered community must be characterized by both redemption and discipline. The purpose of discipline in the life of a Christ-follower is to assist one in being transformed so that one knows Christ more intimately, becomes all that God intends, and is equipped to make Him known to others who do not yet know Him.

The purpose of all student life regulations is to provide a campus environment that promotes a positive level of individual and community life. Southern Wesleyan University attempts to govern the life of the campus community through the biblical example of balancing justice, mercy, and grace. With the ultimate goal of restoration of the individual, the University holds the individual accountable for violations of the student life regulations but also recognizes that individuals can repent and are able to change their behavior patterns. For this reason, the initial steps of the disciplinary process are intended to provide an opportunity for individual repentance, restoration, restitution, growth, and development. ***When a student violates established student life regulations, a posture of cooperation, honesty, and respect for authority may not relieve the student of final responsibility for the violation but may be considered by University officials in the determination of appropriate disciplinary action.***

As Matthew 22:37 states, we are to love the Lord and love each other. We at SWU believe that to live in a healthy community together, we must love each other and seek to understand before being understood. We desire a community in which we can agree to disagree but where safety and respect are a priority for all. A healthy community also means we are willing to lay aside our personal preferences for the benefit of the community as we live our lives together.

Any student who is asked by another student, faculty, or staff member to cease a behavior inconsistent with the values of the University (i.e. public displays of affection, not wearing shoes in class or in an eating establishment, not showing respect for speakers or teachers, not maintaining healthy emotional and physical boundaries once they have been established, not managing one's medical and/or emotional self-care, etc.) and who chooses not to comply will be subject to the student conduct process. This behavior is not conducive to the kind of community we wish to create.

All laws of the nation, state, and local community are to be obeyed. Any student charged or convicted of a felony or misdemeanor can expect a University response in addition to any federal, state, or local response. Any student who is charged with a crime may be subject to immediate interim suspension until he/she is able to complete the formal conduct process with Southern Wesleyan University.

Good Samaritan Policy for Alcohol or Drug Treatment

In cases of alcohol and drug intoxication, our primary concern is the health and safety of the individual(s) involved. We strongly encourage students to call for medical assistance immediately for themselves or for another member of the community who experiences an acute reaction to substance overdose, use, or abuse. Students who seek emergency medical assistance for alcohol or drug overuse will avoid disciplinary sanctions for the sole violation of using or possessing the substance or being in the presence of the substance. It is the reporting student's responsibility to report the incident to the Student Life office (RA, RD, Coach, Spiritual Life, Counseling, Health, and/or Campus Safety) within 24 hours of the incident. A conversation with the Director of Campus Life or Director of Residence Life is required following the incident so that he/she can fully understand and help the student grow from the situation. Educational activities will be part of their growth contract with the University.

General Disciplinary Procedures

When alleged violations of the lifestyle expectations, policies or regulations, community standards or Scriptural principles are reported to the Office of Student Life, the accused student(s) is notified of the alleged violation(s) and given the opportunity to be heard by the appropriate Student Life administrator(s) and/or a disciplinary committee. Any University official, faculty, staff, or student may refer or report University violations if circumstances require such action. The University reserves the right to communicate with parents or legal guardians in keeping with the Family Educational Rights and Privacy Act (FERPA) with respect to disciplinary concerns where it deems such communication appropriate and permissible. Offenses that will be reported to parents or legal guardians include, but may not be limited to drug offenses, alcohol offenses, criminal offenses, and presenting as a danger to oneself or the community.

The RDs and RAs handle most minor residence life issues or violations. The desire is for students to follow the Matthew 18 principles in resolving minor disputes by going first to the person with whom they have a conflict to resolve the issue and then bringing others into the situation if it is not resolved. Situations that fall into this category may include, but are not limited to, excessive noise, inappropriate room décor, room cleanliness, room inspection failure, inappropriate displays of affection, dress code violations, roommate conflict, interpersonal issues, and disrespect for others. RAs may give verbal warnings regarding minor infractions such as room cleanliness, inappropriate décor, noise violations, etc. RDs may also counsel, give verbal or written warnings and fines, as well as restrict privileges for minor violations. For example, if a student violates the noise policy, then the RD may fine the student or choose to refer the incident to the Residence Life Office. More serious or repeated offenses should be referred to the Director of Residence Life, who will review the violations and determine with other Student Life staff the appropriate means of addressing the offense/violation.

Interaction of Disciplinary Policy and Title IX Policy

Alleged conduct violations that may implicate the University's Title IX policy are referred to the University's Title IX coordinator for review. The University reserves the right to adjudicate the entirety of such a conduct violation through the procedures set out in the Title IX policy (and not just that portion of the alleged violation that does so), if the University determines that fairness, efficiency, or accuracy will be better served.

Disciplinary Procedures

REPORTING DISCIPLINARY VIOLATIONS

All reports of alleged violations by faculty, staff, or a student should be made in writing to the Office of Student Life. Each incident notice should contain a statement of facts outlining each alleged act of misconduct and the names of any witnesses to the alleged act(s).

Disciplinary Process

The University's Disciplinary Process, including any appeals, is not a legal proceeding; therefore, neither the student involved nor the University may have legal counsel present. Moreover, the process is not adversarial and shall be conducted in a manner that preserves the educational tone of the process. *The University reserves the right to modify the disciplinary process in the interest of fairness to all concerned or based on the unique circumstances of a reported violation.*

After the Student Life office receives a report or incident notice regarding an alleged violation of the community standards in the student handbook, typically, the Director of Residence Life (DRL) conducts a preliminary investigation of the alleged violation to determine if the formal discipline process is warranted. During the preliminary investigation, the DRL will confer with the Director of Campus Life (DCL) and the Vice President of Student Life (VPSL). Following this conversation, the DRL or DCL may interview witnesses and obtain statements concerning the incident. Actions taken to investigate the incident during the preliminary investigation are intended to be conducted confidentially to the extent it is practical, appropriate, and permitted by applicable law. Any student contacted during a preliminary investigation should cooperate fully and keep any information about the preliminary investigation strictly confidential. Failure to do so may result in disciplinary action at the discretion of the VPSL. Students who provide false information in a preliminary investigation are subject to disciplinary action at the discretion of the VPSL. The University reserves the right to withhold statements as deemed necessary. *First time offenses for lesser violations (e.g. visitation) may be handled directly by the Residence Director (RD) or DRL.*

If the DRL determines, in conversation with other Student Life staff, that the alleged incident is without merit, the matter is considered closed unless further information becomes available.

If the DRL determines, in conversation with the DCL and VPSL, that the alleged incident has merit, the student is contacted by the Office of Student Life to meet in person with the Student Disciplinary Committee. If a student fails to appear for the scheduled meeting after being properly notified, the DRL and DCL may review the testimony and evidence obtained in the preliminary investigation and make a decision regarding the matter. The Office of Student Life will make reasonable attempts to contact the student prior to making the decision.

Procedures for the Student Disciplinary Committee meeting

The Student Disciplinary Committee is comprised of representatives from faculty, staff, and Athletic Department administration, usually 3-4 persons in total. The committee is chaired by the Director of Campus Life.

At the meeting, the student is informed of the alleged violations and given the opportunity to respond to questions regarding the alleged violations. If the student accepts responsibility for the alleged violation, the Committee determines the appropriate consequences. If the student denies the alleged complaint, the Committee will weigh all testimony and evidence and determine whether a violation has occurred based on a preponderance of the evidence. In other words, the determination shall be made on the basis of whether it is more likely than not that the violation occurred. If the Committee determines there was a violation, the Committee shall also determine what disciplinary response, if any, is appropriate.

After a meeting in which disciplinary consequences are determined to be warranted, the DCL will send a written notification to the student of the final determination as to whether a violation has occurred and the disciplinary action warranted, if any. This written notification also informs the student of his/her right to appeal the decision to the VPSL as set forth in the Appeals Procedures.

Temporary Protective Measures

If, at any point during the pending disciplinary process, the DRL reasonably determines that the accused student's presence on campus would create a clear and present danger to himself or any other person or would create material interference with the normal operation and processes of the University, the DRL, in consultation with the VPSL, may impose Temporary Protective Measures. These Temporary Protective Measures may include a separation from campus or restricted access to campus.

Appeals Procedures

Following discipline at any level, a student is permitted to appeal to the next higher level of authority. The appeal (or intention to appeal) must be made in writing within 48 hours (2 business days) after receiving written notification of the decision. The student's letter of appeal must be based on at least one of the following three criteria and must demonstrate how the criterion chosen had a material impact on the outcome of the decision. The burden of proof is on the student.

- Significant or relevant new evidence
- Procedural error
- Bias in the decision-making process

The appeals process includes an opportunity for the student and the staff member who initiated the discipline to appear before the individual or committee hearing the appeal and state his or her position. The decision of the individual or committee is final. Appeals of discipline shall be made as follows:

- Disciplinary action by a RD is appealed to the Director of Residence Life (DRL), who decides the appeal within five business days after receiving the written letter of appeal.
- Disciplinary action by the DRL is appealed to the Vice President of Student Life (VPSL), who decides the appeal within five business days after receiving the written letter of appeal.

Generally, while an appeal to the next level is pending, any disciplinary sanction is suspended pending the outcome of the appeal. However, the VPSL or his/her designee reserves the right to continue sanctions or implement Temporary Protective Measures during the pending appeal.

STUDENT RIGHTS UNDER THE UNIVERSITY DISCIPLINE SYSTEM

A student and/or organization that has been alleged to be involved in misconduct or inappropriate behavior is granted the following rights in order to help ensure fundamental fairness in the University discipline process:

- Process:** The University will follow the disciplinary process as outlined in the student handbook unless extraordinary circumstances and fairness to all concerned requires otherwise.
- Conference:** The student and/or organization will have an opportunity to be heard in person before a decision is made.
- Evidence:** The student and/or organization will be informed as to the nature of the complaint.
- Written Decision:** The student will receive a letter outlining the decisions that were made.
- Appeal:** The student has the right to appeal a decision following the guidelines provided in the student handbook.

DISCIPLINARY RESPONSES AND/OR SANCTIONS

Students found to be in violation of University lifestyle expectations or regulations should expect to be held accountable for their actions through any of the following disciplinary responses. The Office of Student Life reviews all available information in making decisions on a case-by-case basis and attempts to administer appropriate consequences with a commitment to restoration when possible. ***The University reserves the right to impose any of these penalties, even for a first offense. The University reserves the right to contact parents or legal guardians if the resulting conduct is alcohol or drug related, an intent to harm oneself or others, or will result in the student being asked to leave the University.***

The following disciplinary responses may utilize a "growth contract" as a way to further a student's educational understanding of their offense. Activities outlined in a growth contract seek to restore the community that has been broken, further one's education surrounding the violation, help the student take the next step in their faith journey, and provide accountability to prevent another occurrence of the violation. This growth contract is created with input from the

student to identify activities that will further their personal growth. Common elements for a growth contract may include, but are not limited to a research paper, paying a fine, a letter of apology, counseling, meeting with a mentor during the sanction period, community service, a drug or alcohol rehab program, spiritual and/or character development assignments, joining a discipleship group etc.

1. **FINES:** A student who receives this sanction is required to submit a mandatory payment of money by the student to the University for violations of the University standards, policies, or expectations. This includes restitution for costs related the repair or replacement of furnishings or spaces due to vandalism or intentional damage/destruction. Fines may range from \$20 to \$500 and beyond, depending on the severity of the violation.
2. **WARNING LETTER:** Generally, this is a response given to students as a result of a minor first-time offense. Educational measures and/or some required actions for the benefit of the student are often included in a warning letter. This process is meant as a formal documentation of the conversation; however, no sanctions are instituted at this level. There may be instances however that a growth contract is appropriate. Students are sent a letter regarding the details of the violation and a copy is placed in the student's file.
3. **SOCIAL WARNING:** A social warning normally includes, but is not limited to, a letter of social warning placed in the student's file as well as a growth contract. Social warning typically lasts for 16 calendar weeks. Students are still allowed to represent the University in various organizations and University events. However, an additional offense or not fulfilling the growth contract will likely result in the student being placed on social probation.
4. **SOCIAL PROBATION:** Social probation is reserved for serious infractions of community expectations or repeated behavior that is unacceptable in the community. Social probation involves the assigning of a growth contract as well as additional sanctions such as, but not limited to, community service, the reassignment of residence halls, or possible forfeiture of institutional aid. Social probation may be for a fixed period of time, up to 16 calendar weeks, or may be indefinite. Further inappropriate behavior may lead to serious disciplinary action, including the possibility of suspension or dismissal. A written record of social probation is placed in the student's file.

Representation of the University is a responsibility and a privilege. Therefore, such representation is generally carried out only by students in good standing. Therefore, students on social probation are not allowed to participate in activities such as the following:

- holding office in University organizations
- having a continuing role in leading chapel
- phone-a-thon
- ministry teams
- intervarsity athletics, including travel with the team in a support role, and cheerleading (Students on probation may practice on campus.)
- *senior practicum including directed teaching
- *traveling ensembles
- *major dramatic productions

*Exceptions: Students for whom participation in one of these activities is a degree requirement may be allowed to participate.

5. **INTERIM SUSPENSION:** Suspension from the University to be served for an indefinite period of time while legal action is pending or for any other significant internal investigations of a community violation including racial allegations, Title IX, sexual misconduct, theft etc. This type of suspension is usually released pending the outcome of the disciplinary hearing or any pending legal proceedings. Suspension of this type is usually temporary unless the student is found in violation or charges are upheld legally. This sanction can also be placed upon a student if he/she fails to comply with guidelines rendered from the University and be released if the student complies. During the period of this sanction students must immediately move off of campus and may not

physically return to campus. The ability for the student to continue with his/her academic progress during an interim suspension is at the sole discretion of the VPSL or his/her designee in concert with the student's faculty.

6. **DISMISSAL:** A student is dismissed from the University for a specified period of time of not less than one semester following significant violation(s) of the University standards and expectations or the violation of the terms of Social Probation. Dismissals are recorded on the student's record. Students who are dismissed are required to return their student identification card and room keys. They may not return to campus for the duration of their dismissal except to conduct official business with an administrative officer or faculty member, and then only with permission from the VPSL or his/her designee. Readmission is at the sole discretion of the appropriate University officials.
7. **EXPULSION:** A student is permanently excluded from the University with loss of all academic credit for the semester in which the violation that led to the expulsion occurred. A written record is placed in the student's file.
8. **PRIVATE WITHDRAWAL:** In light of basic principles of the University, any student whose conduct is considered detrimental to the best interests of the University, whose overall influence is negative to campus morale, whose attitude is persistently antagonistic toward others, whose academic performance is regularly delinquent or whose stay in the University seems to be of small personal benefit or hostile to others, may be confronted by University personnel and given an opportunity to address such concerns. If not addressed to the satisfaction of the University, such a student may be given the option to withdraw privately.
9. **OTHER:** The University reserves the right to implement other disciplinary responses as appropriate. Examples may include a character, spiritual, or educational assignment, community service, mandatory counseling, and/or rehabilitation as deemed necessary.

FAILURE TO COMPLY CLAUSE FOR GRADUATING SENIORS

Students whose disciplinary sanctions are incomplete prior to the clearance deadline for graduation are not permitted to graduate. The Provost's Office is notified of the lack of compliance, made aware of any outstanding sanctions, and authorized to withdraw the student's name from the graduation list. Upon compliance, the VPSL provides written notification to all appropriate University offices authorizing the student to proceed with graduation plans.

VIOLATIONS

The following list provides examples of inappropriate behavior in the Southern Wesleyan University community. This listing is not exhaustive but is intended to give students an idea of the types of actions that may result in disciplinary consequences. Sanctions may be imposed on a variety of levels, depending upon the severity of the violation and whether the student is found to be responsible. Sanctions range from warnings to expulsion as deemed necessary by the University disciplinary officials. The process for reviewing alleged violations and imposition of sanctions is discussed above. *Student athletes involved in a violation of the community life standards at SWU may face additional sanctions from a coach or Athletic Dept. administrator.*

In the midst of the hearing/sanction process, Student Life will communicate with the appropriate staff (coach, supervisor, faculty leader, etc.) to ensure proper notification and follow-through on the student's requirements. Student athletes should speak with Athletic Dept. administration regarding any impact on any Grant-in-Aid money being awarded.

A. ACADEMIC DISHONESTY

Any form of academic dishonesty will not be tolerated, including cheating, plagiarism, falsification of documents, and use of another's material, methods, or ideas without properly acknowledging the originator. (See [Academic Honesty](#) in the Academic Catalog). The Office of Student Life will work with the faculty to determine if additional consequences beyond the academic consequences are needed, which could include suspension or dismissal.

B. ALCOHOLIC BEVERAGES OR PARAPHERNALIA

Possession or use of alcoholic beverages while enrolled at Southern Wesleyan University is prohibited, on and off campus, and regardless of age. This includes transfer of alcohol to a minor and possession of containers, posters, and other related paraphernalia (see Appendix B). All are prohibited. Designated University personnel may administer breath alcohol indicators when reasonable suspicion exists. Refusal to comply will result in an automatic alcohol violation with appropriate sanctions rendered.

For students participating in activities in which the student represents the University (including student-athletes), an alcohol violation will result in suspension from participation and/or competition along with other possible sanctions. Students may be permitted to continue to participate in practices/rehearsals but official representation of the University at an event will not be permitted. For a first offense, this suspension is usually for 15% of contests or performances. If there are not enough events remaining to complete this suspension, it will carry over into subsequent semesters/seasons.

In the case of a second alcohol violation, regardless of when it occurs, the student will face additional, stricter sanctions. For student-athletes or students participating in activities in which the student represents the University, a second offense will likely result in the loss of 50% of all participation in athletics or other events/performances, including practices or rehearsals. If this second violation occurs mid-semester or mid-season, the suspension will be carried over into subsequent semesters/seasons.

In the case of a third alcohol violation, regardless of when it occurs, the student will face stricter sanctions up to and including suspension or dismissal. At a minimum, the student will be placed on Social Probation meaning the student may no longer represent the university in an official capacity. This includes student leadership, student teaching, musical performances, and athletic competition. All participation will cease immediately.

C. DRUGS

The possession, use, or distribution of illegal drugs or drug paraphernalia by Southern Wesleyan University students, either on or off campus (see Appendix B) is prohibited. This may also include the abuse of prescription drugs. Should there be reasonable suspicion that drug use has occurred, a urinalysis may be required at the sole discretion of University administrators and may be used to determine the suspected use of illegal substances. Refusal to comply with a request to submit to a drug test will be considered the same as a positive test result. The University will follow the drug testing policy in these situations. Student athletes will follow the procedures of the Athletic Department included in the Student Athlete handbook.

As with an alcohol violation, a violation of the drug policy, in any way, will result in University sanctions. For student athletes or students participating in activities in which the student represents the University, a drug possession/use violation will result in suspension from participation and/or competition along with other possible sanctions. For a first violation involving marijuana/THC, this suspension may be up to 50% of all contests or performances for one season/year. If there are not enough events remaining to complete this suspension, it will carry over into subsequent semesters/seasons.

For a second violation involving marijuana/THC, or a first violation involving any other drug, the student will be removed from all future participation. When a drug violation occurs, the University will consider the circumstances but will also consider whether an immediate suspension or more permanent separation from the institution is warranted.

D. TOBACCO USE/SMOKING/VAPING

The possession or use of any form of tobacco/nicotine products, either on or off campus, is not permitted. Smoking, dipping, chewing, or vaping (any substance) is included in this prohibition.

For students participating in activities in which the student represents the University (including student athletes), a violation of this nature may result in suspension from participation and/or competition along with other possible

sanctions. Students may be permitted to continue to participate in practices/rehearsals but official representation of the University at an event may be suspended. Any products/paraphernalia discovered during an incident will be confiscated and disposed of. Any smoking or vaping incident that involves marijuana/THC will be addressed as per item "C. DRUGS" written above.

For a first offense, the student will receive a formal warning. This is a reminder that the behavior is a violation of the community standards of SWU. This warning will be noted in the student's official record. The student will also be required to meet with a counselor or mentor to determine if an addiction may be involved.

In the case of a second violation, regardless of when it occurs, the student will face additional, stricter sanctions up to and including suspension or dismissal. For student athletes or students participating in activities in which the student represents the University, a second offense will likely result in the loss of 25% of all participation in athletics or other events/performances, excluding practices and rehearsals. If this second violation occurs mid-semester or mid-season, the suspension will be carried over into subsequent semesters/seasons. The student will be placed on Social Warning and will be suspended from any participation until a formal counseling program has begun.

In the case of a third violation, the student will, at a minimum, be placed on Social Probation and will no longer be able to represent the university in an official capacity. This includes student leadership, student teaching, musical performances, and athletic competition. All participation will cease immediately.

In the midst of the hearing/sanction process, Student Life will communicate with the appropriate staff (coach, supervisor, faculty leader, etc.) to ensure proper notification and follow-through on the student's requirements.

E. ARRESTS

Students who have been arrested for any reason must immediately report this to the Department of Student Life. Failure to report within the first 24 hours will result in an automatic suspension. If the alleged charge violates a SWU policy and the formal conduct process is not able to be completed, the student will be placed on interim suspension until the court process is resolved.

F. ASSAULT

Assault is defined as causing, or threatening to cause, physical harm or serious psychological damage to another individual.

G. CARE OF UNIVERSITY PROPERTY AND FACILITIES

University property (such as library materials, kitchenware, furniture, tools, athletic equipment, and lab equipment) is not to be removed from its designated place without proper authorization. Anyone doing so is subject to disciplinary action. The fine for unauthorized removal may be at least the replacement cost of the article.

Damage to University property, including any caused by pranks or horseplay, will be charged to the one responsible for the damage or to the hall or residential facility where the damage occurs if the culprit is not identified. Students are responsible for the behavior of their guests and will be charged for damage caused by their guests. University property includes, but is not limited to, residence hall equipment such as doors, sinks, bathroom stalls, showers, fire extinguishers, lights and the Campus Life Center, Activities Center and Gymnasium equipment.

Any student attempting to circumvent a locked door or window may be subject to disciplinary action. This includes use of keys that are unauthorized or use of keys for anything other than authorized purposes. No University keys are to be duplicated, except by maintenance personnel.

H. COPYING AND OPERATING COMPUTER SOFTWARE

Students, alumni, employees of the University, family members, or any other individuals using the computer resources of the University may not copy, for their personal use, any of the licensed application software installed on the hard drives of the computers in the laboratories. Only Office of Information Technology staff members are authorized to install software on the computers in the laboratories.

Computer games for entertainment may not be operated or installed on any computer system owned by Southern Wesleyan University without the written consent of the Director of Information Technology. Simulation software required and utilized by academic courses in the curriculum or educational software published as supplements with textbooks are not considered to be computer games for entertainment.

Instructors in all courses requiring the use of computers must make their students aware of the restrictions for installing, copying, or operating software not properly licensed for use on the computers owned by the University.

I. DANCING

We recognize that dancing is an issue about which committed Christians disagree, and that discretion and maturity are required if dancing is to be an edifying activity. We therefore covenant together as a community to make decisions about our participation in dancing that reflect our commitment to Christ, our pursuit of holiness, our desire for purity in relationships, our adherence to biblical principles, and gracious sensitivity to others.

On-Campus Dancing

Recognized campus entities (including departments, residence halls, student organizations, teams, etc.) that wish to host an on-campus event with dancing must receive the approval of the Office of Student Life and comply with all policies with regard to venue, music, type of dance, faculty advisors, etc.

Performance choreography as it relates to public presentations of drama, music, and cultural performances are permitted by the artists involved. Performances on campus are carefully screened and selected by University personnel as educational and appropriate to the performance. Celebratory, folk, and ethnic dancing at wedding receptions is permitted as long as it remains wholesome.

Students are expected to avoid erotic, sensuous forms of dance that are antithetical to our Christian faith. Students showing disregard to this basic admonition will be taken through the conduct process. Due to the more intimate and personal environment found in residence hall rooms and apartments, social dancing between the sexes is not allowed in these environments.

The dancing guidelines apply to dancing on and off campus.

J. DATING VIOLENCE

Dating violence is defined as any act of violence committed against someone with whom an established social, romantic, or intimate relationship exists. An established relationship shall be based on the following factors: the length of the relationship, the type of relationship, and the frequency of interpersonal interactions. Dating violence can include the definitions for other forms of sexual violence including sexual harassment, sexual assault, and stalking. This misconduct may need to be addressed through the University's Title IX process.

K. DISRUPTIVE OR DISORDERLY CONDUCT

Participating in conduct that is unruly, disorderly, lewd, indecent, offensive, and/or disrupts personal or community life is not acceptable. This includes pranks of any nature, and unruly or disrespectful communications to University personnel.

L. DOMESTIC VIOLENCE

Domestic violence is defined as any act of violence committed against someone who can be identified as a member of the household. This can include, but is not limited to, a former or current spouse, the other parent of a child in common, someone whom by actions demonstrates a spousal relationship, and/or any other person considered a member of the household. Domestic violence can include the definitions for other forms of sexual violence including sexual harassment, sexual assault, and stalking. This type of misconduct may need to be addressed through the University's Title IX process.

M. DRESS CODE

Appropriate dress depends on a number of factors: place, activity, principles of modesty, climate, and culture. At Southern Wesleyan University the dress code is influenced by The Wesleyan Church's concern for these factors. We believe that through their choice of dress, community members form impressions of others.

Students are expected to dress modestly and in good taste at all times. From time to time, specific dress may be required for special classes or activities. Casual dress is satisfactory for chapel, classes, athletic activities, residence halls, Campus Life Center and the library. Students are expected to wear shirts and shoes everywhere outside the residence halls. Mini-skirts and excessively tight, suggestive, or revealing clothing is not permitted at any time outside of athletic practice or competition. We encourage men to follow the tradition of removing hats in religious/chapel services.

Any employee or resident assistant may respectfully request or suggest that attire be changed because it is considered immodest, ill fitting, or inappropriate. Typically, SWU community members who observe unacceptable dress are asked to speak to students whom they know, as privately as possible, to suggest the inappropriate clothing be changed at the earliest free time the student has. However, in severe breaches of the dress code, any employee may approach a student and request a change be made immediately. Students are to comply with such requests as soon as is reasonable. A student who believes the request or suggestion was unreasonable or abusive, or any employee who finds a student uncooperative or abusive, should report the incident to the Vice President for Student Life.

Swimwear is not appropriate for public areas on campus. Area parks and lakes are available for sun bathing. Students should change into clean clothing after any athletic activities before entering the dining area. Additionally, students should not wear spandex or sports bras in the dining hall nor on the tennis court.

N. GAMBLING

Participating in any form of gambling is prohibited. Gambling and games of chance that include betting, including but not limited to betting card games or betting of any kind, are prohibited.

O. HARASSMENT

Harassment means a course of conduct directed at a specific person or group or that causes substantial emotional distress in a person or group of persons. It is considered as the excessive annoyance of or the use of verbally abusive language directed towards another person on University-owned or controlled property, or while in attendance at University-sponsored or supervised events. Harassment includes (i) language and/or physical acts which degrade, insult, taunt, or challenge another person by any means of communication, so as to provoke a violent response, (ii) communication of threat, (iii) defamation of character, (iv) use of profanity, verbal assaults, derogatory comments, sexist remarks, racist remarks, or (v) any behavior that places another member of the University community in a state of fear or anxiety. Harassment can occur over social media, digital communication, or communication through other people. Harassment also includes statements made about a person or race that may not be targeted at one individual or group.

P. HAZING

Hazing will not be a part of any initiation practices, whether for new students, social clubs, or athletic teams of any kind. Hazing means any conduct or act that results in or could reasonably be expected to result in fear, intimidation, physical exhaustion, mental or physical discomfort or anxieties, degradation, public humiliation, or destruction or removal of public or private property, for the purpose of or in connection to initiation, admission into, affiliation with, or membership in a group, organization, or club. This is considered hazing regardless of a student's willingness to participate in such activity. Hazing also includes those activities that fit under the South Carolina statutory prohibition on hazing, S.C. Code § 16-3-510 & 520.

The scope includes activities that are planned and unplanned on or off the campus, and sponsored by social fellowships, and other student organizations/groups recognized by the University. Examples of hazing include, but are not limited to, paddling, physical, mental, psychological shocks, morally degrading or humiliating activities, attire, make-up, hairstyles (including shaving hair) or games, post-midnight sessions of any kind, excessive physical activities, activities which interfere with one's scholastic pursuits, holding another against his/her will, activities which involve the removal of any property (personal or private) while in the possession of another without the proper authorization.

Q. INAPPROPRIATE DISPLAYS OF AFFECTION

Publicly displaying affection inappropriately, such as reclining with members of the opposite sex, prolonged kissing or embracing, or behaviors that make others uncomfortable, is unacceptable behavior. If asked to cease the behavior by any member of the community and the behavior continues, the persons displaying the behavior may be taken through the conduct process.

R. LANGUAGE

Using abusive, profane, or obscene language or gestures verbally or in writing is prohibited.

S. LYING/FALSIFICATION/FRAUD

Falsifying information or misrepresenting the truth, including in business dealings on or off campus, is prohibited. Falsifying one's identity or that of another; knowingly furnishing false information to the University, such as date of birth, place of birth, address, social security number, official records from other institutions, as well as omitting information for personal gain are acts of dishonesty. Acts of fraud include, but are not limited to, fraudulently obtaining, transferring, selling, loaning, fabricating, manufacturing, falsifying, altering, misusing, attempting or intending to misuse one's ID card, University document or service and/or student personal information such as SSN.

T. MEDIA, SOCIAL MEDIA and MUSIC MISUSE AND/OR UNIVERSITY COMPUTER MISUSE/INTERNET POSTING

Using any material or media (including all social media platforms, computers, phones, or television) with harassing, violent, vulgar, degrading, alcohol celebration, distasteful or antagonistic according to biblical standards, sexually explicit, and/or erotic themes is prohibited. Sharing files containing such material or media is also prohibited. Other forms of network misuse, such as tampering or hacking, internet pornography or the destruction of University resources/property is prohibited. Postings on social media that come to the attention of University administration and are deemed inappropriate may be referred to a disciplinary process if they violate federal, state, or local laws or University policies. Students will be asked to remove information from the posting, especially if it is deemed to be harassing or discriminatory and will be subject to other disciplinary action, including loss of network privileges.

U. RELATIONSHIPS

Southern Wesleyan University endeavors to create an environment in which all members of the community are treated with the dignity and respect inherent in their position as creatures made in the image of God. Relationships (hereafter defined as romantic, sexual (outside of marriage), or exploitive relationships between individuals who have unequal positions in an educational setting) can undermine the trust necessary to fulfill the University's mission and the integrity of the educational experience as well as the supervision and/or evaluation process in the workplace and classroom.

See Appendix J for more information regarding this policy.

V. STALKING

Stalking is defined as any behavior or conduct directed at a specific person that has the potential to cause someone to fear for his or her safety, or the safety of others, and/or cause substantial emotional distress. Such conduct may

include, but is not limited to, following another person, telephone communication, excessive emails, electronic communications/social media, written notes and letters, and using scheduled appointments to force meetings. Stalking on the basis of sex as defined by Title IX will follow the Title IX processes and procedures.

W. STUDENT ID – IMPROPER USE/SHARING OF ID

The sharing of IDs with anyone other than the owner of the ID for any purpose, including entrance to a residence hall, is not permitted due to safety issues. Students who allow someone else to use their ID will be subject to a \$100 fine. The same fine will apply to any student who uses someone else's ID.

X. CONSENSUAL SEXUAL BEHAVIOR AND/OR EXPLICIT BEHAVIOR

Engaging in consensual acts of sexual immorality, whether heterosexual or homosexual, such as premarital and extramarital relations, and sexual perversions of any form are prohibited. This includes but is not limited to the use of pornography (soft or hard core) and/or the use of explicit literature (i.e. websites, magazines, posters, etc.) Any sexual misconduct that is nonconsensual will be subject to the process and procedures of Title IX.

Y. THEFT/MISAPPROPRIATION

Taking, possessing, or using property of the University or of another individual without proper authorization or permission is not permitted. This includes the unauthorized, improper, or unlawful use of property for purposes other than that for which intended is not permitted.

Z. WEAPONS

- No weapons or firearms, neither functional nor decorative, are permitted on the Southern Wesleyan University campus. Items prohibited include anything that shoots a projectile, but are not limited to all firearms, water guns, paintball guns, BB guns, pellet guns, air soft guns, sling shots, knives, swords, spears and bows/arrows. Possession or using a weapon or firearm may be grounds for immediate dismissal.
- Pocket knives with a 3-inch or less blade are permitted.

AA. ARSON/FIRE SETTING

Arson/fire setting is when a person maliciously causes, aids, abets, advises, encourages, hires, counsels or procures another to intentionally burn property of the University or that of another on University premises. Appendix A: Campus Safety

RESIDENCE HALL SECURITY AND SAFETY

The University takes every reasonable precaution to ensure the safety and security of students. However, it is essential that students exercise sound judgment and decision making in keeping themselves and their fellow students safe and secure.

- Exterior residence hall doors will be locked at all times.
- Exterior doors are not to be propped open, nor left open or unlocked in a manner that will compromise the safety or security of the building. Any student found having done so without permission from the RD or the Director of Residence Life will be subject to a \$200 fine (see Item FF under “Violations”).
- All students are issued a prox card (your ID) for the main door into the residence hall. The loss of a prox card must be reported immediately to Campus Security so that the old card can be de-activated and a new card can be issued.
- Students are not to enter/exit residence halls through windows or fire escapes.

Appendix B: Alcohol and Drug-Free Campus Position and Policy

ALCOHOL AND DRUG-FREE CAMPUS POSITION AND POLICY

From its founding, Southern Wesleyan University has affirmed the position of The Wesleyan Church opposing the use of alcoholic beverages and illegal drugs. The following includes material already in the employee and student handbooks including information on health risks, civil and criminal laws, and counseling programs. This information has been prepared for the total University family, in response to the federal law on Drug-Free Schools and Communities (Public Law 101—226) and Southern Wesleyan University's desire to educate her community.

STANDARDS OF CONDUCT

Students and employees of Southern Wesleyan University are expected to refrain from possession, use, or distribution of alcohol, illegal drugs, tobacco, or nicotine containing products. The use of prescription drugs by the person to which it has been prescribed is permissible. This standard is expected regardless of age of the employee or student. This expectation is clearly stated in both the handbook for employees and the handbook for students and implies total abstinence as an indication of one's responsibility to God, to others, to self, and to the University. The possession, use, or distribution of alcohol, tobacco/nicotine products, and illegal drugs will result in University sanctions, up to and including dismissal.

Appendix C: Health Services Policies

MEDICAL HISTORY FORM POLICY

All incoming students are required to submit a completed Medical History Form as a part of their application to the University. This form requires proof of the required immunizations. Students re-enrolling in the University must have a Medical History Form on file dated within four years of their re-enrollment period with an up-to-date immunization record. This form is filed in the Health Center and provides access for the student to the services provided by the Health Center.

IMMUNIZATION POLICY

The following immunizations are required for all students:

- MMR (Measles, Mumps and Rubella): Two doses are required: one at age 12-15 months or later; the second at least one month after the first dose.
- Tetanus-Diphtheria: Either immunization or booster required within the last 10 years.

All resident students are required to have the Meningitis Vaccine.

The following immunizations are recommended but not required:

- Hepatitis B: Three doses.
- Varivax (Varicella): If you have not had chicken pox.
- Gardasil: Three doses.
- Meningitis vaccine for commuter students.
- COVID-19
- Monkeypox

Students may contact the University nurse with questions regarding immunization waivers.

Appendix D: Pet & Service Animal Policies

PETS (GENERAL / ANIMALS)

Allowable pets include aquarium fish, limited to a 10-gallon tank. All other animals are to remain outside the residence hall at all times. Students are responsible for any damage done by their pet.

SERVICE ANIMALS

Southern Wesleyan University recognizes the importance of Service Animals to individuals with disabilities and has established the following policy regarding Service Animals to assist people with disabilities. This policy ensures that people with disabilities, who require the use of Service Animals as reasonable accommodation, receive the benefit of the work or tasks performed by such animals or the support they provide. Southern Wesleyan is committed to allowing people with disabilities the use of a Service Animal on campus to facilitate their full-participation and equal access to the University's programs and activities. **Service Animals are distinctly different from Emotional Support Animals.**

EMOTIONAL SUPPORT ANIMALS (ESA)

Students may complete a request to have an emotional support animal with them in on-campus housing. Documentation is required from a legitimate medical professional who has been actively seeing the student. Specific requirements are noted on the request application. Please request information as noted below.

Specific requirements, guidelines, and forms concerning the appropriate use of and protocols associated with Service Animals or ESAs can be requested by emailing SWU Housing at housing@swu.edu. SWU reserves the right to amend this policy as circumstances require.

Appendix E: Sexual Violence

Incidents of sexual violence are considered a serious public safety concern for both the victim and the larger community. All acts of sexual violence are prohibited at SWU—whether the act takes place on or off campus, or within our online learning community. In addition, all students are subject to institutional and criminal investigation of sexual violence regardless of whether the incident occurred on campus or away from campus. Sexual violence includes, but is not limited to: sexual assault, stalking, dating violence, and domestic violence. For more detailed definitions of these terms, see Appendix J, SWU's Gender Non-Discrimination Policy.

The primary concern of the University is student safety; and students are encouraged to report an incident of sexual violence. Any additional rule violations that come up during the report, investigation, or formal hearing of a sexual violence case will be addressed separately from the sexual violence allegation. Use of alcohol or other drugs does not make the victim at fault for sexual violence and should not be a deterrence from reporting an incident.

If an incident of sexual violence has just occurred, the victim should seek assistance immediately. In South Carolina, a forensic medical examination and evidence kit can be collected up to 120 hours after the assault. The victim should be taken to the closest hospital that is certified to administer the exam. In addition, victim advocacy services are available to offer additional support to victims of sexual assault. When taken to a hospital for a forensic medical examination and evidence kit, a victim advocate will meet the victim at the identified hospital.

Contact Pickens County Advocacy Center (PCAC) at 864-644-5500 if you need further assistance and information regarding this topic, and to arrange for an advocate to accompany you to or meet you at the hospital. Your contact with PCAC is completely confidential.

To preserve evidence, it is recommended that you do not bathe, shower, douche, eat, drink, smoke, brush your teeth, urinate, defecate, or change clothes before receiving medical attention. Even if you have already taken any of these actions, you are still encouraged to have prompt medical care, and evidence may still be recoverable.

A complaint can be filed with the University Title IX Coordinator (see Appendix H). The Title IX Coordinator (or his/her designee) can provide assistance in filing a criminal complaint; explain the rights of a victim of sexual violence or a reporter of sexual violence; and can explain the process for investigation and adjudicating complaints. In addition, you can contact a Student Life staff member, University administrator, residence hall administrator, faculty member, campus safety officer, or the local police. Counseling, information, and support for sexual violence victims are available through the Office of Student Life and residence halls. The University will assist a victim in any reasonably available way to address emotional and physical needs, including changing academic, residential, transportation, and work situations.

Appendix F: Spiritual Life Policies

CHAPEL ATTENDANCE POLICY

Chapel is an integral part of a student's experience at SWU. It is a time of worship, fellowship, and biblical teaching that complements the university's mission. As such, attendance and participation in chapel is expected of all SWU students. While there are many more chapel and spiritual-life events than a student is required to attend, we encourage all students to participate in as much as you are able.

All students, resident and commuter, are required to attend 24 chapels/chapel events every semester when they are enrolled full-time. At least 16 of these are to be fulfilled by attending the chapel services held at 10 a.m. on Mondays and Wednesdays. This would include extra chapel services that are a part of Spiritual Emphasis Week (held every semester) or Holiness Week (spring). There are exceptions for part-time and commuter students, which will be explained later, though students with an attendance exception are welcome and encouraged to attend whenever possible.

Students have ample opportunity to fulfill the attendance requirements, and students can keep track of their attendance in the [iAttended app](#). Students who do not complete their chapel requirement will be assessed a fine based on the number they are short of the required 24.

- Students lacking 1-5 chapels will be charged \$25 per chapel short of 24 in this range.
- Students lacking 6-10 chapels will be charged \$125 plus \$35 per chapel in this range.
- Students lacking 11-15 chapels will be charged \$300 plus \$45 per chapel in this range.
- Students lacking 16-20 chapels will be charged \$525 plus \$55 per chapel in this range.
- Students lacking 21-24 chapels will be charged \$800 plus \$65 per chapel in this range.

Thus, a student who attends 21 chapels will owe \$75 (\$25 for 3 chapels short of 24). A student who only attends 13 chapels (11 missed) will owe \$345 in fines. This includes \$125 (\$25 each for 1-5 missed) + \$175 (\$35 each for 16-20) + \$45 (one chapel in the third tier above). A student who attends 8 chapels (16 missed) will owe \$580 in fines (\$125 + \$175 + \$225 + \$55).

Fines will be posted to a student's account by the last day of the semester. Students are then required to pay the fine before receiving clearance to attend classes the next semester. If it is not feasible to pay the fine prior to the start of the next semester due to timing, the student will not be permitted to preregister for future courses until the fine has been paid. The student will not be clear to return to the residence halls or begin classes if the fine remains unpaid.

EXCEPTIONS FOR COMMUTER AND PART-TIME STUDENTS

If you are not on campus for classes Monday or Wednesday mornings, you are eligible for a reduction in the number of chapels you must attend. Please go to the Community Tab on MySWU under “Chapel” and complete the form. The link will be in the iAttended Chapel App. or click [here](#).

Students required to attend chapel who are student-teaching or participating in a field placement or practicum may have their required number of chapels reduced for that semester based on the hours of their external commitment (see below). The Chaplain will work with the School of Education Coordinator to ensure these changes are made.

15 hours- 14 Chapels required
30 hours- 12 Chapels required
36 hours- 10 Chapels required
80 hours- 4 Chapels required
70 Days- Full Chapel Exemption

Students required to do an internship for another major (Business, Exercise Science, etc.) may also have their chapels reduced. Please attach a note from your advisor to your chapel exemption form with the placement, internship schedule, and total hours required.

While attending Chapel events, students are expected to act with the respect and maturity their age and pursuit demands. This means listening attentively to the chapel speaker and refraining from phone use and conversations for the consideration of both the speaker and the other students around them.

SUNDAY ACTIVITIES POLICY

Biblical teaching regarding the Lord’s Day indicates that it is to be a holy and unique day, set apart from the cares and responsibilities of gaining a living, and devoted to spiritual, bodily and mental refreshment. High priority is to be given to activities such as corporate worship, praise and fellowship, together with the performance of acts of love, mercy and thoughtful service.

Southern Wesleyan University encourages the development of a sense of responsibility to brothers and sisters in Christ. Consideration should always be given to those who wish to observe the day in a quiet manner.

In exercising the personal freedoms permitted by differing convictions within the community, the governing principle should be one of love. We ought not to please ourselves (Isaiah 58:13-14) but our neighbors for their good, to edify them (Romans 15:1-2) being careful never to become a stumbling block or hindrance (Romans 14:13).

In support of The Discipline of the Wesleyan Church, the University seeks “. . . to reverence the name of God and to honor the Lord’s Day by divine worship and spiritual edification, participating in those activities which contribute to the moral and spiritual purposes of this day.” (131:1, page 24, 2004 edition) So as not to give offense and to permit freedom from required activities, the University does not permit intercollegiate athletic competition or practices on Sunday except in instances when unique circumstances warrant an exception. The University does not permit the use of its educational, fine arts, and athletic facilities on Sunday during regularly scheduled church services. University faculty, staff and students are encouraged not to schedule or engage in activities that conflict with participation in regularly scheduled worship services and discourage others from doing so.

Appendix G: Student Complaints & Grievances

From time to time, students enrolled at SWU may desire to make a complaint with respect to the administration of University policy, procedures, promised benefits, or requirements by an agent or agents of the University. When such complaints have occurred and a student raises the issue and asks for some form of redress in writing (either electronic or

hardcopy) from an employee of the University, the University will make efforts to investigate, and if warranted, to resolve the complaint within established procedures. Additionally, University employees will ensure that the following steps are taken. If the student complaint is received in print format the staff/faculty member receiving the complaint will forward a copy of the complaint to the VP for Student Life in order for the complaint and all responses related to it to be tracked, forwarded to appropriate administrators for resolving, and archived upon resolution. The institution is prepared to provide documentation related to complaints to regulators and accrediting bodies with a legitimate right to access those records.

STUDENT COMPLAINT DEFINITION

Student Complaint - An expressed concern that meets the following criteria:

- a. Is from a student as defined below.
- b. Is in writing either in electronic form or hard copy and is submitted to an appropriate faculty/staff/administrator as explained in the procedure section below.
- c. Relates to a perception of injustice, inappropriate speech/conduct directed at a student, threat, or failure to act in accordance with a real or implied commitment on the part of the institution or its agents.
- d. Is NOT a part of a defined adjudicatory process concerning grades, academic policy, student discipline, or Title IX related matter.
- e. Is related to an area or issue under SWU's control.

Student - An individual who is or has been enrolled in a SWU course or is applying for admission to the institution.

ENTITIES AFFECTED BY THE POLICY

All University academic and administrative units are responsible for investigating and responding to student complaints. They must also forward written correspondence that meets the definition of a student complaint to the appropriate office where such complaints are filed. In addition, all actions taken in response to the complaint are to be documented and archived with the original complaint.

POLICY PROCEDURES

Any student filing a complaint (excluding complaints concerning Sexual Misconduct) should first attempt to resolve the issue by consulting with the faculty involved or staff member. In the event no resolution is reached, or if this direct approach would place the student in an inappropriate situation, the student should bring or send the complaint, in writing, to an appropriate employee of the University with supervisory authority over the faculty or staff member in question (see guidance below). Complaints concerning Sexual Misconduct should be reported immediately to the Title IX Coordinator in accordance with the Title IX policy. Contact information for the Title IX Coordinator is in Appendix H.

When a student complaint is received in writing by an employee of the University, he or she will forward the complaint to the appropriate supervisor responsible for the matter of concern and to the VP for Student Life who will monitor and track the complaint process. The employee receiving the complaint will work with their supervisor to investigate the matter and resolve it unless the complaint is reassigned to a more appropriate administrator by the VP for Student Life. All responses related to the complaint as well as a description of the resolution must be forwarded to the VP for Student Life by the employee or administrator responsible for addressing the complaint.

The administrator who is addressing the complaint is responsible for forwarding the complaint, all responses, and the resolution to the VP for Student Life. Administrators are assigned to investigate a complaint according to their respective area of responsibility.

- **Academic Affairs:** Academic Division Chairs, Academic Deans and the Provost's Office are responsible for student complaints that relate to issues of academic policy or procedure, or any perceived injustice or misrepresentation related to instruction or evaluation. These complaints might relate to such things as failure to follow the written syllabus, penalties related to academic dishonesty, faculty bias or behavior, transfer credit

problems, advising issues, library matters, etc.

- **Student Life Office:** Responsible for student complaints that relate to issues concerning the counseling center, health services, career services, residence life, commuter concerns, security, spiritual life, student policy, or perceptions of threat of prejudice outside the classroom or from other students.
- **Campus Safety Office:** Responsible for student complaints that relate to issues concerning campus safety and motor vehicle & parking fines.
- **Athletic Office:** Responsible for student complaints that relate to issues concerning athletics.
- **Business Office:** Responsible for student complaints that relate to issues of human resources, buildings and grounds, dining service, financial aid, and business office functions and policies.
- **Admissions Office:** Responsible for student complaints related to enrollment.
- **President's Office:** Responsible for student complaints that relate to the University in general and are not closely associated with any offices listed above.

Any student who is unsure where to direct a complaint is encouraged to speak with the VP for Student Life who can assist the student in determining the best person within the University to address the complaint.

As various offices and individuals are involved in addressing the student complaint, actions taken are to be documented and correspondence is to be kept. Once University activity related to the complaint has been concluded, all documentation will be sent to the administrator who is responsible for addressing the complaint. The administrator will then forward all documentation to the VP for Student Life for archival purposes. Record of complaints and their documentation will be kept for no less than five years. The University has no obligation to inform a student how his or her complaint was resolved, nor does a student have a right to appeal a resolution of which he or she is made aware.

Appendix H: Gender Non-Discrimination Policy (Title IX)

WHAT IS TITLE IX?

Title IX of the Education Amendments of 1972 (amending the Higher Education Act of 1965) is a federal gender equity law that prohibits discrimination based on gender in education programs and activities that receive federal funding. Sexual harassment, which includes sexual violence and other forms of nonconsensual sexual misconduct, is a form of sex discrimination and is prohibited under this law.

Southern Wesleyan University is fully committed to the Biblical Standard of sexual integrity as defined and practiced by The Wesleyan Church. At no time should any discussion of sexual behaviors be construed as endorsement of inappropriate sexual activity.

WHAT IS GENDER DISCRIMINATION?

Gender discrimination is defined as unequal treatment of a student based on gender that limits a student's participation in or receipt of benefits, services, or opportunities in the institution's programs and/or activities.

UNIVERSITY TITLE IX COORDINATOR

The Office of Civil Rights in the Department of Education requires that every educational institution establish and follow a prompt, thorough and equitable process for addressing allegations of gender discrimination. Colleges and Universities are required to designate one employee to coordinate the institution's efforts "to comply with and carry out its responsibilities under Title IX."

If you would like to file a report, or should you have questions related to Title IX, gender discrimination or sexual violence, SWU's Title IX Coordinator is:

Melissa Frazier, Director of Human Resources (Correll Hall 208)

mfrazier@swu.edu / (864) 644-5484

STATEMENT OF NON-DISCRIMINATION

Southern Wesleyan University endeavors to create an environment in which all members of the community are treated with the dignity and respect inherent in their position as creatures made in the image of God. Not only is gender discrimination a violation of federal law; it is contrary to principles of Christian conduct. Consequently, it is the policy of Southern Wesleyan University that discrimination against individuals on the basis of gender is unacceptable behavior and will not be tolerated. In compliance with Title IX of the Educational Amendments of 1972, Southern Wesleyan University does not discriminate in any of its practices, policies, or procedures on the basis of gender.

Appendix I: Right to Gather

This policy is intended to provide a standardized and equitable set of processes and guidelines for events, demonstrations, protests or other gatherings for the purpose of free expression.

I. Policy Statement

Southern Wesleyan University believes in the importance of freedom of expression and the value that productive debate can provide to the academic environment. The University also recognizes its responsibility to maintain a campus atmosphere conducive to academic work, to preserve the dignity and seriousness of University ceremonies and public exercises, and to respect the rights of all individuals while preserving the mission of our Christ-centered, student-focused learning community. In order to be consistent with this vision, any demonstration, event, or other gathering must not limit the freedom of others or unreasonably interfere with University operations and must adhere to the approval process and guidelines contained within this policy.

II. Approval and Oversight

- A. A member of the SWU community (student, faculty, or staff) must be identified and designated as the organizer/liason for each event. The organizer must make a formal request for the event in writing to the Vice President for Student life and then schedule a meeting with the Vice President for Student Life to review the request and coordinate the scope and specific guidelines for each event. The Vice President for Student Life, or their designee shall have sole discretion for final approval. This meeting request should be made at least 5 business days prior to the planned event, though exceptions may be granted on a case-by-case basis.
- B. Rallies, demonstrations, petitions, or other such student events requiring building space or outdoor facility use must reserve these spaces through Conference Services after first obtaining approval from the Vice President for Student Life.
- C. A University official representing Student Life and/or Campus Safety may be required to be present at an event depending on the nature and scope of the event.
- D. Failure to comply with the general and specific guidelines set by the Vice President for Student Life or his designee may result in cancelation of the event.

- E. No student organization or individual may sign a contract on behalf of the University. Student organizations or individuals hosting an event must bring any contracts to the Vice President for Student Life for University consideration and processing.
- F. Advertisements, posters, or invitations from student organizations or that are intended for public viewing and posting on campus must be approved by the Vice President for Student Life prior to being posted or distributed.

III. Restrictions and Scope

- A. SWU reserves the right to review, cancel, alter or restrict events, demonstrations, speakers or groups whose nature or presentation is contrary to or inconsistent with the University's mission or Christ-centered character. Such determinations shall be in the sole discretion of the University President, Vice President for Student Life, or their designee.
- B. Off-campus groups or individuals not connected to the University as a current employee or student will not be permitted to use University owned or operated property for events and may not participate in them without prior approval from the Vice President for Student Life. The University reserves the right to make reasonable restrictions of location, time, or format for such events.
- C. The following general guidelines apply to any approved event:
 - Must not deny or unreasonably interfere with the rights of other students, faculty, staff, or other community members by impeding the learning environment and/or daily business. This includes unreasonable noise.
 - Must not block points of ingress or egress from buildings or otherwise interfere with the pedestrian or vehicle traffic flow on campus to include sidewalks and roadways.
 - Must not occur in any building or outdoor facility without prior approval and reservation of the space.
 - Must remain in compliance with all federal, state, local laws and SWU's Student Code of Conduct.
 - Must not place the health and safety of any University constituents at risk.
 - Must not employ violence, threats of violence, or result in damage to property.
 - Must comply with lawful directives by University officials and/or law enforcement to include moving or cessation of the event.
- D. The organization or student(s) hosting an event may be held responsible for any damage to an event space, as well as for ensuring the event space is cleaned up at the end of the event.

Appendix J : Personal Relationships

*Southern Wesleyan University is fully committed to the Biblical Standard of sexual integrity as defined and practiced by The Wesleyan Church. **At no time should the discussion of sexual behaviors cited within this policy be construed as endorsement of inappropriate sexual activity.***

I. Policy Overview

Southern Wesleyan University endeavors to create an environment in which all members of the community are treated with the dignity and respect inherent in their position as creatures made in the image of God. Relationships (hereafter defined as romantic, sexual (outside of marriage), or exploitive relationships between individuals who have unequal

positions in an educational setting) can undermine the trust necessary to fulfill the University's mission and the integrity of the educational experience as well as the supervision and/or evaluation process in the workplace and classroom.

This policy provides guidance regarding personal relationships between employees and between employees and students, or other relationships, as defined in Section II.

II. Restricted Relationships

Southern Wesleyan University prohibits romantic relationships that may fall within the following general categories:

1. Relationships between University employees that may be defined as directly or indirectly supervisory/subordinate in nature.
2. Relationships between University employees and students outside of marriage to each other.
3. Any relationship (romantic or not) that may cause unnecessary disruption to the normal operations of the University.

The above is in no way an exhaustive list, and other situations of personal or disruptive relationships may also result in a violation of this policy. If the alleged romantic relationship is confirmed and found to be in violation of this policy, the University employee will be subject to employee disciplinary procedures up to and including termination. The established policies and procedures for employee disciplinary procedures and dismissal for cause apply in all such cases.

III. Additional Guidance

Southern Wesleyan University's current Gender Non-Discrimination policy provides expanded definitions and guidelines about the University's strong stance against discrimination based on gender, sexual harassment, and sexual violence. Any employee who experiences, observes, or becomes aware of incidences of gender discrimination, sexual harassment, and sexual violence may report these incidences to the Title IX Coordinator, Director of Human Resources, or any responsible employee with a duty to respond to complaints. Reported incidents will be investigated in a timely manner in accordance with the University's standing policies.

As with any policy, there are exceptional circumstances that fall outside the parameters defined in the policy. If a circumstance exists where there is uncertainty regarding the appropriateness of a relationship, disclosure of the relationship should be made to the employee's supervisor. The employee's supervisor should then discuss the matter with the department head, and area vice president. In consultation with the Director of Human Resources, a determination will be made as to whether an exceptional circumstance exists.

Appendix K : Notification of Rights Under FERPA

The Family Educational Rights and Privacy Act of 1974 (FERPA) is a Federal law that is administered by the Family Policy Compliance Office in the U.S. Department of Education. 20 U.S.C. § 1232g; 34 CFR Part 99. FERPA applies to educational institutions that receive any federal funding. Southern Wesleyan University (SWU) is subject to FERPA.

The student's education record is maintained in the Office of Academic Records. FERPA affords eligible students certain rights with respect to their education records. An "eligible student" is a student who is at least 18 years of age or who is enrolled at a postsecondary institution. Education records are records that contain information directly related to a student and are maintained by the university or by a party acting for the university. FERPA rights include:

1. The right to inspect and review the student's education records within 45 days after SWU receives the student's request. The university will make arrangements for access to the records and will notify the student of these

arrangements. The student will be required to present proof of identification for access to the records.

2. The right to challenge, in writing, the content of the student's education records that the student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. The student shall be granted a hearing if the outcome of the challenge is unsatisfactory to the student. The student may submit an explanatory statement for inclusion in the education record if the outcome of the hearing is deemed unsatisfactory by the student.
3. The right to prevent disclosure of the student's education record except to the extent that FERPA authorizes disclosure without the student's consent. A student's education record may be released without the student's written consent:
 - to school officials with legitimate educational interests: a school official is an individual who has a legitimate need to review an education record in order to fulfill his or her professional responsibilities to SWU;
 - to third parties endorsed by SWU who perform an institutional service or function for the university;
 - to officials of another postsecondary institution in which a student seeks or intends to enroll;
 - in response to a judicial order or lawfully issued subpoena;
 - to authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or state and local educational authorities, such as a state postsecondary authority that is responsible for supervising the university's state-supported education programs;
 - in connection with financial aid for which the student has applied or which the student has received;
 - to parents of an eligible student if the student is a dependent for IRS tax purposes as defined in Section 152 of the Internal Revenue Code;
 - to appropriate officials in connection with a health or safety emergency;
 - to the parents of a student under 21 years of age who is found in violation of any Federal, State, or local law, or of any rule or policy of SWU, governing the use or possession of alcohol or a controlled substance;
 - when directory information is requested: directory information at SWU includes student's name, local and permanent address, telephone number, date and place of birth, major field of study, dates of attendance, degrees and awards (including scholarships) received, participation in officially recognized activities and sports, and weight and height of members of an athletic team.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the university to comply with the requirements of FERPA.

Family Policy Compliance Office
U.S. Department of Education 400 Maryland Avenue, SW
Washington, DC 20202
<http://www.ed.gov/policy/gen/guid/fpc/index.html>

Students may withhold disclosure of directory information by submitting the non-disclosure form available in the Office of Academic Records. Written requests for non-disclosure will be honored for a maximum of one year. In the absence of a non-disclosure form, SWU may release directory information about a student accordingly.
