We pursue spiritual growth and life-change in community

READ TOGETHER

Jerrod's message focused on Acts 2:42-47. Perhaps, begin your time together by reading this rich passage of Scripture. What stands out to you about the early church community?

Jerrod Mantonya offered the following discussion questions. Read through them and choose which you will discuss.

- How has your Christian community helped you in your journey to follow Jesus?
- Who and what helped you feel like you belong to this community? What can Trinity do to help new people feel like they belong?
- What obstacles have you ever had in cultivating community and how have you sought to get over them?
- Why is authenticity so important in creating and cultivating Christian community?
- What other ingredients make for healthy Christian community?
- What role has the Bible and prayer played in your friendships?
- What advice would you give to help someone find and cultivate Christian community?
- Why do you love your Christian community?
