

# **Walking as God's Children**

## ***Leviticus 16-22***

*Food for thought...*

1. Have you ever thought about the importance of holiness in your own life? How does viewing yourself as an adopted child affect the way you look at holiness and the way we are to live?
2. Do you think the Church as a whole emphasizes holiness as much as it should? What do you think may be the reasons for either overemphasis or lack of?
3. How should Christ Followers approach passages like Leviticus 19:2 and 1 Peter 1:15-16 with a balance of duty and grace?
