MISSION

What is the mission?

Jesus makes it very clear our mission as disciples is to make disciples of all nations. Our job description as followers of Jesus is to make more followers of Jesus who will make more followers of Jesus.

What does it mean to be “missional” or to be “on mission”?

“Everyone is here on assignment. Everyone is on a mission. Everyone is a missionary. Every Christian has an apostolate to fulfil. Every disciple of Jesus conveys the good news to the world.

If the great discovery of the Protestant Reformation was that everyone is a minister, the great discovery of what God is up to today (yet to be named) is that everyone is a missionary ...

Disciples of Jesus live a mission-shaped life. Every life is a missionary life. Every marriage is a missionary marriage. Every vocation is a missionary vocation. We're all here on assignment.”

- Leonard Sweet
