1. Music has the ability to influence us in both positive and negative ways. Would you agree with this? What are some impacts songs have had on you?
2. Have you ever paid attention to the lyrics of songs and been surprised by what the lyrics were saying? What are two examples?
3. The song, "What's Love Got To Do With It?" paints a picture of love that mirrors a non-biblical view. The song leans into lust as a primary/important emotion, but what does Scripture say about love?
4. When we approach relationships the way the media approaches them, it can be confusing because the media presents the idea that:
 - Love = Happiness
 - Love is exciting
 - Love is easy and anything other than that isn't truly love.Do you agree with these? Why or why not?
5. The hidden premise in this song is that love is dependent on how we feel. In fact, that is what is wrong with all of how media portrays love. Biblical love is not conditional or dependent on circumstance. Read 1 Corinthians 13 verses. How does this contrast with the love portrayed in the media?
6. The song says love is a "second hand emotion", however, biblical love declares that love should be the primary thing and that love is sacrificial. Read the John verse. What does it mean to you?
7. Paul is telling us that love is linked to sacrifice. In what ways have you sacrificed for someone you loved?
8. In what situations or circumstances have you felt God's love? How did this help you?
9. How can you show love towards others today?
