Designated Giving*

ABOVE & BEYOND SUMMER UPDATE

This summer edition of the FY2026 Above and Beyond (A&B) catalog shows **updates to the funding status** for all projects and includes **new giving opportunities for Missions (see Helping Hands on p. 11) and Property and Facilities (see HVAC, Phase 2, on p. 15).**

Thank you to everyone who has contributed to the current A&B program. This year's "wish list" includes 32 items totaling \$238,870 in donation requests. As of the week of June 8, 20 items have been fully funded. Your generous funding for these programs and support for the A&B program through the years has allowed GSLC to continue support local needs and global programs.

Contributions to the A&B program are ongoing, so **the "wish list" balances in this issue of the catalog represent a snapshot of funding levels.** For up-to-date information about current funding balances, please contact Business Manager Georgia Thorstenson (georgia@gsclva.org).

God's blessings to you all.

Opportunities to Give: Time and Talents

Most of the information in this catalog is about sharing our treasure. But God has given us talents to share, and the choices we make about how we spend our time are part of stewardship as well.

One way we share is by serving.

We are always looking for help with everything from answering phones, to stuffing bulletins, to assisting in weekly worship services, helping with Sunday School or leading Bible study, and much more. If you are interested in learning more about giving of your time and talents, contact the church office and request the Time and Talent Survey. Fill it out and return it to the church office. Even if you've filled it out before, you might have new interests or other updates. Take a look at the form, and consider how you might share your time and your talents to serve at Good Shepherd and promote God's kingdom.

Introduction

Dear Siblings in Christ,

What a blessing from God “Above and Beyond” has been! We prayerfully started this stewardship program in 2017 to offer support for ministries that the general budget could not accommodate. It provides us opportunities to indeed go above and beyond, giving to the passions for various ministries that the Holy Spirit has seeded and ignited in each of our hearts. We thank the Lord of Mission for everyone who has generously responded to the “glocal” (local to global) projects within the program, year in and year out. Gifts to the sustained Above and Beyond program are just one way for us to acknowledge our willingness to hear God’s call to do even more than we can imagine and trust in Him to provide (Ephesians 3:20). These gifts may be offered in celebration of a life milestone; in honor or memory of a person; to advance an area of ministry that has touched your life; or simply to respond to an area of initiative identified by Good Shepherd’s ministry teams, who have done so after prayer, discussions, and research. God calls us to generous stewardship and the sacrificial giving of our time and our treasure (2 Corinthians 9:5-7, et al.). By this updated Fiscal Year 2026 (winter/spring) catalog, may He continue to stretch us in our outreach, giving, and fulfillment as His followers. We thank God for your generosity, in advance.

Sincerely, in Christ,
The Rev. Jotham Johann
Senior Pastor

*Each of you must give as you have made up your mind,
not regretfully or under compulsion;
for God loves a cheerful giver.
(2 Corinthians 9:7)*

About the program

Good Shepherd’s annual budget covers general operating expenses to support the ministries and programs of the church. It is funded by unrestricted, general funds—the generous, regular offerings of our members. To be fiscally responsible, our ministry plans are prioritized so that the general operating budget is balanced against projected offerings.

Gifts to the Above and Beyond (A&B) effort help enhance and grow our ministry programs further than our general budget can accommodate.

Above and Beyond giving falls into two categories:

- 1. Immediate opportunities** are those that do not extend past the current fiscal year. Ministry teams will make every effort to spend all available gifts during the current fiscal year. Once the desired Above and Beyond amount is reached, no more gifts will be accepted for that opportunity during the current fiscal year. These opportunities will be reviewed and updated each year. Examples of this type of opportunity would be a gift to Vacation Bible School (VBS), the “Spiritual First Aid” seminar, or Meals of Hope/Rise Against Hunger meal packing events.
- 2. Long-term opportunities** are those associated with special projects. Because of their significance and magnitude, these opportunities are likely to span a number of years. Once sufficient funds have been received for the project, they will be spent and the fund will be closed. Examples of this type of opportunity would be a gift to replace the screens in the sanctuary.

Donors can specify which opportunities they wish to support, whether long-term or immediate. If a donor does not specify an opportunity, the Senior Pastor will determine where to allocate the gift. In the event GSLC does not have a Senior Pastor on staff, the determination will be made by the serving Pastor or by the Board of Servant Leaders.

To receive a tax deduction for federal tax purposes, a donor must release control over the gift to the church or designate it to a fund established in advance by the church. General offerings are considered Unrestricted Funds, and GSLC makes the sole determination on how to expend such funds. The funds supported by Above and Beyond gifts will be considered Temporary Restricted Funds. Such funds may only be used for the defined purpose unless released by the donor.

Tax-Free Donations

If you are 70½ or older and taking an IRA distribution, you can make your donation to GSLC tax-free through Qualified Charitable Distributions (QCD) directly from your IRA. This is the only method under U.S. tax law to donate Required Minimum Distribution (RMD) amounts tax-free. You can transfer up to \$111,000 per year directly from your IRA to one or more IRS-approved charities. The amount of the QCD is excluded from your taxable income and fulfills your RMD. For married couples, each spouse with their own IRA can give \$111,000, effectively \$222,000 combined. Check with your investment advisor for details and applicable regulations.

FAQs

What is a “designated gift”? A designated gift is a donation that is to be used for a particular purpose.

May I designate my gift to an opportunity that is not listed here? Maybe. When a designated gift is received, it goes into a specific, designated fund to support a particular opportunity or project. The fund has to be in place before you can donate to it. (This policy is in line with IRS regulations.) These designated, or restricted, funds are created by the Board of Servant Leaders. So if there is a project or opportunity you’d like to support and you don’t see it listed here, discuss it with the pastor or the appropriate ministry team leader. If they agree that the opportunity is aligned with GSLC’s mission and we have the resources to undertake it, a new designated fund will be established to receive the gift. If you make a designated gift and there is no fund for it, we will have to return your gift.

May I direct my gift to more than one opportunity? Yes. GSLC will allocate your gift according to your direction. Contact Business Manager, Georgia Thorstenson, georgia@gslcva.org, for instructions on how to make your wishes known.

May I designate my gift for a GSLC staff individual? No. IRS regulations state that such gifts are not tax deductible to the donor and are taxable income to the recipient.

What happens to restricted, or designated, funds at the end of the year if they have not been spent? It depends. Some funds are “annual” and some are “multi-year.” Donations to multi-year funds will be accumulated and rolled over until the purpose of the fund has been satisfied. Donations to annual funds are meant to be spent by the end of the fiscal year in which the donation is made, and GSLC will do its best to conduct the activities that the funds are intended to support. If an “annual” Above and Beyond program is continued in the next fiscal year, unused Above and Beyond balances will be rolled over. If the program is not continued or if it is moved to the general budget, donors will be contacted for permission to redirect the gifts or have them returned.

When and how often can I make a donation? You can make a one-time donation, or you can give periodically at any time during the fiscal year (September 1 through August 31). Note, however, that gifts received toward the end of the fiscal year may not be spent before the new fiscal year begins.

How can I make a donation? You can submit a check, use an electronic funds transfer, or contribute with other types of financial instruments. Contact the Business Manager, Georgia Thorstenson, georgia@gslcva.org.

Will I receive a statement for my designated gift? Yes. Both your regular, general offering and designated gift contributions will be reported on your statement of giving, which is made available each January.

DISCIPLESHIP

“Spiritual First Aid” Seminar

Our nation is facing a mental health crisis with widespread stress, anxiety, and grief. Jesus calls us to love and serve our neighbors. As part of Good Shepherd’s Education ministry, and to help equip our people to better provide spiritual care in time of personal and community crisis, we would like to host a “Spiritual First Aid” seminar.

Spiritual First Aid is a framework for emotional and spiritual care that integrates biblical principles, empirical evidence, and trauma-informed practices. The framework is designed to equip Christians with the skills necessary to compassionately and confidently support individuals during challenging times, while offering hope grounded in the Gospel. The program consists of nine hours of live, interactive training, typically conducted on Friday evening and Saturday.

As the seminar host, Good Shepherd would provide lodging, meals, and transportation for two facilitators who are members of the Lutheran Church Charities (LCC) staff and certified to lead the seminar. In addition to funding the facilitators, lunch and snacks will be provided. A \$25 registration fee will be required for attendees to assist in covering the \$129 materials cost (reminder funded by a LCC donor). An invitation to attend will be extended to local Southeastern District member churches.

SENIOR PASTOR

Sabbatical Support

Pastor Johann will be taking a much-overdue sabbatical in two intervals (late summer–early fall of 2026 and 2027), a combined 3 months. Support will be needed for substitute/s to lead worship, preach sermons, make visitations, lead the staff, and handle other pastoral functions in his stead. Some additional support for modest expenditures, including travel, fees for questionnaires related to Pastor Johann’s sabbatical research, and related costs, is also desired.

Sabbatical Support: 1st interval (2026): \$6,500 Fully Funded!

Sabbatical Support: 2nd interval (2027): \$6,500

PROPERTY AND FACILITIES

Dehumidifiers for the Sanctuary

During the summer months, the humidity level in the sanctuary typically exceeds 60% at the floor level. In the peak of the space, the humidity levels are even higher—which creates an environment that is highly susceptible to mold growth.

Running the HVAC in the space around the clock would be very costly, since removing the humidity would require both heating and cooling to sufficiently remove the moisture.

A test during the summer of 2025 showed that 3 commercial dehumidifiers such as those used by commercial mold abatement companies (e.g., Servpro) can keep the humidity in the sanctuary below 40%, which is sufficient to prevent mold growth.

The Property Team conducted a trial using 1 high-capacity commercial unit during late summer of 2025. Although 1 unit improved the humidity levels, it was insufficient to adequately lower humidity throughout this large space. Therefore, two additional high-capacity commercial humidifiers are needed to resolve the issue.

Dehumidifiers: \$6,000 Fully Funded!

Heating, Ventilation, and Air Conditioning (HVAC)—Phase 2

The HVAC replacement approach will replace portions of the HVAC system in phases, starting with those that are experiencing the most maintenance issues and other portions that would have the greatest impact on operations if they failed. Less critical elements of the system will be replaced in later phases of the upgrade.

Phase 1 of the HVAC upgrade (i.e., replacing the boilers) was completed in 2023 at a cost of \$150,000 using money from the building contingency fund. **Phase 2 of the HVAC system starts the process of replacing the elements of the cooling system that are nearing the end of their serviceable life.** The cooling portions of the HVAC system use refrigerants that are no longer produced, resulting in high maintenance costs whenever leaks occur or system components fail.

The Phase 2 modifications will involve conversion of some cooling system components from R-22 to R-32, which is an approved replacement for R-22 and R-410B. The price of R-32 is currently less than \$13 per pound, whereas R-22 is currently approximately \$135 per pound. The exterior AC compressors and associated piping will require replacement as the associated zones are upgraded in this and future phases.

The first zone being upgraded is 6B, which provides cooling to the Fellowship Hall. This unit has been unreliable and very costly to repair. The cost to replace the associated AC compressor unit, air handler, and the piping that connects the two major units is approximately \$152,000. The A&B HVAC System Replacement Fund currently has \$82,879.92, which will be applied to this project. This leaves a balance of \$69,120 needed to complete this project. **The plan is to complete this upgrade in the early fall of 2026, so the additional funds are needed by mid-September.**

HVAC system upgrade, Phase 2: \$69,120

Note: There will be further phases over the next decade. We currently estimate that the complete upgrade of cooling system will cost approximately \$1,250,000. We plan to spread this cost over time, only upgrading zones when reliability and cost to operate become issues.

GOOD SHEPHERD LUTHERAN SCHOOL

Good Shepherd Lutheran School – our preschool – is entering an exciting new chapter, and we need your help to see it through.

Since its founding in 1984, and as a ministry of Good Shepherd Lutheran Church, the preschool has faithfully pursued its mission of providing Christ-centered learning for all of God’s children and their families. What began as a half-day program (9:15 a.m.–12:15 p.m.) gradually expanded to include extended care until 3:15 p.m.

This year, we have expanded our program even further, extending our hours and offerings to include care from 7:30 a.m. to 6:00 p.m. This important step allows us to better meet the needs of local families who are seeking high-quality, Christ-centered care throughout the workday. By offering before- and after-care alongside our core preschool program, we are able to serve more children and support working parents in our community.

In the past, Good Shepherd Lutheran School has been largely self-sufficient through tuition income. With lower enrollment in recent years, however, we are still in need of more financial support from the congregation to continue this expansion. Funds are needed to cover the costs of extended hours, additional staffing, and marketing efforts to help spread the word about our growing program.

How did our previous expansion funds help GSLS?

The support we have already received has made a tremendous difference. Thanks to the generosity of our congregation, we were able to hire a new director, **Sarah Brazell**, whose leadership has brought renewed vision and energy to the program. In addition, this past summer we successfully launched our **first-ever six-week summer camp**, providing children with opportunities to learn, play, and grow in their faith throughout the summer months.

Through our recent marketing efforts, we have already welcomed several new families into our school community. Many of these families do not have a church home, giving us the beautiful opportunity to share the love of Jesus with children and parents who may be hearing the Gospel for the first time. This outreach reflects the heart of our mission: to nurture young children academically, emotionally, and spiritually while pointing them to Christ.

Why does GSLS still need congregational support?

As we continue this journey, your support is more vital than ever. The funds raised will help us **expand our marketing outreach** to reach more local families, **maintain high-quality care and education**, and **continue supporting our dedicated staff** who pour their hearts into this ministry every day. Together, we can ensure that Good Shepherd Lutheran School remains a place where children and families experience the love of Jesus in all that we do.
