QUESTION & ANSWERS OF THE MONTH

Question: Did God really create everything in 6 days—or was it longer?

★ **ANSWER:**

This question often comes up as children get older and start learning about science, the age of the earth, or evolution in school or books. They may feel like they must choose between what the Bible says and what science says, and that can be confusing.

The Bible says that God created everything in six days, and He could absolutely do that because He is all-powerful!

Some people think those “days” might have been longer periods of time. Others believe they were six 24-hour days. Christians have different opinions on this, but what’s most important is believing that God made everything on purpose, with design, order, and love.

Whether God created our world in six literal days or used a longer process, He is still the Creator, and the Bible tells us clearly that He made the heavens, the earth, animals, plants, and people. He may have been helped by angels because He enjoys their company, but not because He needs help. And nothing happened by accident.

The main point is this: God is behind it all. He made the world, and He made *you*—and He said His creation *was very good*.

Additional Scriptures:

- **Genesis 1:31** - “God saw all that he had made, and it was very good.”
- **Exodus 20:11** - “For in six days the Lord made the heavens and the earth...”
- **John 1:3** - “Through him all things were made; without him nothing was made that has been made.”
- **Hebrews 11:3** - “By faith we understand that the universe was formed at God’s command.”

APPLICATION: Why do you think it’s important that God created everything? How does it make you feel to know God made the world and you?
