

Sharing Your Testimony

As we prepare for the Amazon, remember that your personal story is an incredibly powerful tool. We want everyone to be ready to share a **3-minute testimony** built around three simple stages: your life before Christ, how you met Him, and your life today.

Please take some time to write this down. We'll have a chance to practice together at our upcoming final training meeting. If you feel like your story isn't "dramatic" enough, remember that God uses every journey—sometimes breaking free from mere religiousness is the exact message someone else needs to hear. Get ready to see how God will use your story!

Prepare a **3-minute testimony** using this simple framework:

- **Before:** What was my life like before Christ?
- **The Turning Point:** How did I come to know Christ?
- **After:** What has my life been like since?

For an extra tool, check out this video on how to share a **15-second testimony**:
