God is solitary in His Majesty, unique in His Excellency, peerless in His Perfections. He has neither evolved, grown or improved. God is altogether uninfluenced by the flight of time, therefore, His power can never diminish, nor His glory ever fade. ~ A.W. Pink

There is no erratic power, or action, or motion in creatures, but that they are governed by God's secret plan in such a way that nothing happens except what is knowingly and willingly decreed by Him. ~ John Calvin

God moves in a mysterious way, / His wonders to perform. / He plants His footsteps in the sea / and rides upon the storm.

Deep in dark and hidden mines, / with never failing skill, / He fashions all His bright designs / and works in sovereign will.

Oh fearful saints new courage take, / the clouds that you now dread / are big with mercy and will break / in blessings on your head.

Judge not the Lord by feeble sense, / but trust Him for His grace. / Behind a frowning providence / He hides a smiling face.

God's purposes will ripen fast, / unfolding every hour. / The bud may have a bitter taste / but sweet will be the flower.

Blind unbelief is sure to err / and scan His work in vain. / God is His own interpreter, / and He will make it plain.

~ William Cowper
