# From Crisis to Confidence: A Story of Faith

**John 4:43-54**

The official in John 4 is much like many of us; he first seeks Jesus not on account of who He is but on account of what He can do for him. However, as the interaction with Jesus unfolds, his faith matures all the way to the point where the official leads his family in crying out to Jesus not merely as a healer but as the Savior. John mentions this second sign to substantiate the sufficiency of the Savior and to call us all to believe in Him.

1. Desperation (vv. 46-49)

2. Decision (v. 50)

3. Discovery (vv. 52-53)

4. Devotion (v. 53)

"We learn... what benefits affliction can bring on the soul. We read that anxiety about a son led the nobleman to Christ in order to obtain help in time of need. Once brought into Christ's company he learned a lesson of priceless value. In the end he believed, and his whole household. All this, be it remembered, hinged on the son's sickness. If the nobleman's son had never been ill, his father might have lived and died in his sins."

~ J. C. Ryle

"When he (the official) applied to Christ for aid, this is some evidence of his faith; but, when he limits Christ's manner of granting assistance, that shows how ignorant he was. For he views the power of Christ as inseparably connected with His bodily presence, from which it is evident that he had formed no other view concerning Christ than that He was a Prophet sent by God with such authority and power as to prove, by the performance of miracles, that He was a minister of God."

~ John Calvin
