

Introducing a New Ministry at St. Paul

St. Paul: Table of Grace Meal Ministry

Connecting People to Christ through Care, Presence, and Practical Support

What Is Table of Grace?

Table of Grace is a new ministry dedicated to providing meals during times of need while delivering Christ's care through presence, prayer, and ongoing connection. This ministry is not just about food — it is about caring for people in real-life situations, strengthening relationships within our congregation, and creating natural opportunities for spiritual care and encouragement.

Why This Matters

In our community, families are often overwhelmed by new babies, illness, or financial stress. Many experience isolation during difficult seasons, and some needs fall between the cracks of formal assistance systems. A simple, ready-to-go meal can relieve immediate stress, provide tangible care during a critical moment, and communicate clearly: you are not alone. This ministry meets a real, local need by offering practical help paired with personal connection — and it lives out our mission of *"Connecting People to Christ."*

How to Get Involved

There are many ways to be a part of Table of Grace! Whether you enjoy cooking, baking, shopping for ingredients, or delivering meals to those in need, there is a place for you. Volunteer opportunities will include helping at workshops, shopping, and delivering meals.
