

# Complete Trust

## CASE STUDY 1

Michael sat in a hospital room as the nurses prepped his son Jeremy for surgery. Michael was overwhelmed with a sense of peace and calm even though the doctors could not guarantee the surgery would be a success. Michael sensed God's presence with him more than at any other time in his life. He trusted God. And he believed that God would be faithful to His promise to support him with His abundant grace no matter the outcome of the surgery.

1. Can you identify with Michael's complete trust in God? Explain.
2. When have you doubted God's promises?
3. Read Genesis 49:10. How do God's ancient promises concerning His Son (*Shiloh*) build your trust in God?
4. What are you facing that threatens your trust in God and His promises?
5. Talk to God about your trust in Him. Ask for His grace to trust Him more.
