

What Will God Do to Me?

CASE STUDY 6

Desmond just got off the phone with his friend Rob. Rob's wife was recently killed in a car accident on her way home from the grocery store. Rob was torn up about it. He didn't know how he would be able to face life without his wife.

Desmond got a sick feeling. If God could allow something like this to happen to Rob, then He could allow something similar to happen to him. The more he thought about it the more afraid he grew of what God might allow in his life. He knew his life would fall apart if he had to deal with a tragedy like the death of his wife.

1. Consider Desmond's fear. Is he right to be afraid of what God might allow into his life? Explain.
2. Read Exodus 20:18. How did Israel react when they sensed God's power and might?
3. Can you identify with Desmond and the Israelites? What fears do you have about God?
4. Read Exodus 20:20. What in your life should you face with faith in God instead of fear?
