Reflection during the week:

- 1. Mormonism teaches that God was once a man who became divine. What do verses like Psalm 90:2 and Isaiah 40:25 reveal about God’s nature, and how does that differ from what Mormons believe?
- 2. Mormons believe Jesus was created, while Christians believe He is eternal and fully God. Why is it essential for your faith that Jesus is God and not just like God?
- 3. Mormons claim that the Bible has errors and needs correction by other writings. What gives you confidence that God’s Word is trustworthy and complete?
- 4. Paul warned in Galatians 1:6–9 about following a “different gospel.” What are some modern “different gospels” people follow today, and how can you stay grounded in the true gospel?
- 5. Mormons are known for being kind and family-focused. What would it look like for you to “out-love” others this week so that people see Jesus in you?
