[illegible]

- 1. Am I becoming comfortable, or am I becoming useful?** Where have I allowed comfort, convenience, or busyness to replace the purpose God has given me? What might Jesus be asking me to step into?
- 2. What has God placed in my hands that I could use to serve Him and others?** Think beyond traditional “church jobs.” How could my time, talents, resources, experiences, influence, or simply my willingness to notice and care for people become ministry?
- 3. Have I confused God’s blessings with God’s purpose?** What has God given me that I may have begun to see as something for my own comfort rather than something I can use to bless someone else?
- 4. Where is Jesus asking me to “come back”?** Am I still surrendered to Him, pursuing Him, serving Him, loving people, and living out His mission? What is one specific step I can take this week to open the door, put Jesus back in His rightful place, and allow Him to use my life?
