Reflection during the week:

1. Where in my life am I experiencing longing, waiting, or unanswered prayer, and how might God be shaping me in the waiting, the same way He shaped Zechariah and Elizabeth? Take time this week to name those places honestly before God.
2. What doubts am I carrying right now, and how can I bring those doubts to God instead of hiding them? What would it look like to treat your doubts as an invitation to deeper faith?
3. How can I prepare my heart this Advent season for Jesus—just like John prepared the way for Him? What specific habit, surrender, or practice will help you make room for Christ this week?
