

Reflection during the week...

1. In the sermon, we saw that the movement of God faced opposition almost immediately. What resistance, fear, distraction, or obstacle might be keeping you from fully following Jesus with boldness right now?
2. The lame man experienced wholeness through Jesus, not just physical healing. Where in your life do you need Jesus to bring healing, restoration, or surrender?
3. The believers in Acts 4 did not pray for comfort or safety, they prayed for boldness. What would it look like for you to live more boldly for Jesus in your home, school, workplace, friendships, or community this week?
4. Throughout Acts 3 and 4, everything centered on the name of Jesus. Is Jesus truly the cornerstone of your life right now, or have other things slowly taken His place? What needs to be realigned around Him?
