Dear Presbytery of Lake Huron,

On behalf of the Session and congregation of the Presbyterian Kirk of the Lakes in Houghton Lake, Michigan, I would like to thank you very much for your assistance in helping us obtain a $5,000 grant from the Presbyterian Disaster Assistance program, which is a ministry of the PC(USA).

This grant is being used to help our congregation recover from the damage that our church building sustained when a sewer drain backed up and flooded a number of rooms in our basement. The damage was so extensive that we needed to hire a restoration company to remove the damaged basement contents, and then clean and sanitize the area. We also discovered that all of the floor tiles contained asbestos, which meant they all had to be removed and the entire area remediated by a state-licensed asbestos abatement contractor. We are now in the process of evaluating a number of options for replacing the cement floor covering, as well as any of the contents that were damaged and need to be replaced.

Thank you again for your support in helping to make this financial assistance available to us. We are extremely grateful and feel blessed to be members of such a loving, caring faith community.

In God's Service,

Thomas B. Glennan
