

Pranav Jain, MD, MBA, FHM

Vice President and Chief Medical Information Officer, Wellstar Health System

Dr. Pranav K. Jain is a highly accomplished and respected healthcare professional currently serving as Vice President and Chief Health Information Officer (CHIO) at Wellstar, one of the largest and most renowned healthcare systems in the United States. With a unique blend of medical expertise and business acumen, Dr. Jain plays a pivotal role in driving innovation and advancing healthcare technology to improve patient care and operational efficiency. He holds the prestigious titles of MD and MBA, reflecting his comprehensive understanding of both clinical medicine and healthcare management. His dual qualifications allow him to bridge the gap between the realms of patient care and strategic decision-making, ensuring that Wellstar's technological initiatives align with the organization's overarching goals.

Throughout his career, Dr. Jain has consistently demonstrated his commitment to leveraging technology to enhance patient outcomes. He is a strong advocate for the implementation of electronic health records (EHR) and other digital solutions that streamline healthcare delivery, improve communication, and increase patient safety. His expertise in health information technology (HIT) has earned him recognition as a thought leader in the field.

As the CHIO at Wellstar, Dr. Jain spearheads the organization's efforts to leverage data analytics, artificial intelligence, and machine learning to optimize clinical decision-making and improve care delivery processes. He collaborates with interdisciplinary teams to identify opportunities for technological advancements and leads the implementation of innovative solutions across the entire healthcare system. With his dynamic leadership, extensive medical knowledge, and strategic vision, Dr. Jain continues to shape the future of healthcare technology at Wellstar, and his unwavering dedication to patient-centered care and passion for harnessing the power of innovation have positioned him as a transformative force in the industry.
