About,

As the VP of Facilities and Safety, for Grady Health System, Steve Ziffer has the pleasure of leading the operations for Facilities Management, Environmental Services, Clinical Engineering, Environmental Safety, Project Management team and chairs Grady's Sustainability Committee. He works closely with all his teams and strives to deliver great service that is consistent, and compliant with regulatory requirements. In the past 3 years, he has accomplished a successful accreditation survey, several major imaging and infrastructure projects, and built out/renovated over 500,000sqft of medical space.

Steve Ziffer got his Master of Science in Facilities Management from Arizona State University. He is also a Certified Healthcare Facilities Manager.

Steve Ziffer's hobbies include mountain bike riding, golf, and activities to stay in shape. He loves camping and being outdoors, especially with his wife, kids and four dogs.
