

Dr. Marianne Hatfield is an experienced healthcare executive with more than 20 years of progressive hospital leadership oversight in multiple care venues. She is currently serving as the Vice President and Chief Nursing Officer at Wellstar Kennestone Hospital in Marietta, Georgia, with overall responsibility for nursing practice and operational oversight for all acute and ICU patient care services. Her past leadership experience includes nursing and operational oversight as Vice President of Nursing and Patient Care Services for Yale New Haven Children's Hospital and Yale New Haven Hospital Women's Services in New Haven, Connecticut, and prior to that as Service Line Administrator for emergency, critical care ground and rotor transport, transfer center and bed placement for Children's Healthcare of Atlanta in Atlanta, Georgia. Over the course of her career, Dr. Hatfield has driven top decile patient experience results, achieved operational efficiencies and exceeded financial targets in a number of discrete service areas, improved employee engagement, and created an environment where staff are empowered to improve the care delivery system, leading to benchmark quality and patient safety outcomes.

Dr. Hatfield obtained her Associate Degree in Nursing from Delaware Technical and Community College, her Bachelor's Degree in Nursing from the University of Phoenix, her Master's Degree in Nursing from Walden University, and her Doctoral Degree in Nursing from Quinnipiac University. She is a 2006 Fellow in Healthcare Executive Leadership of the Advisory Board and is currently a 2022 Fellow in Executive Nursing in the Academy Fellowship. Dr. Hatfield has been Certified in Executive Nursing Practice (CENP) through the American Nurses Credentialing Center (ANCC) since 2008 and is a member of the American Nurses Association.
