

Douglas A Gregory, RN, BSN, MBA, NEA-BC, CCRN-K, FACHE

**Vice President, Phoebe Heart and Vascular**

Douglas Gregory is the Vice President of the Cardiovascular Serviceline for Phoebe Health System. In this role Mr. Gregory provides both strategic and operational oversight of all aspects of the Heart and Vascular program.

Prior to joining Phoebe, Mr. Gregory was the Executive Director of Cardiovascular Services for Wellstar Kennestone Hospital. Mr. Gregory was responsible for strategic oversight as well as the day-to-day operations of one of the top Cardiovascular divisions in the state of Georgia. He has successfully led the division through a restructuring and multiple lean initiatives to improve patient care and increase margins. Mr. Gregory is a national thought leader in this space, facilitating multiple research and investigational device studies as well as incorporating a robot into the interventional catheterization suite to reduce radiation exposure to the physicians and staff.

Mr. Gregory holds a Bachelor of Science in Nursing as well as a Master of Business Administration from the University of Illinois. He is a Fellow of the American College of Healthcare Executives, Certified Lean Six Sigma Green Belt, Baldrige Examiner, and a Certified Critical Care Nurse. Mr. Gregory sits on the board of the Georgia chapter of the Association College of Healthcare Executives and serves as the Membership chair.
