

2018 Open Enrollment – Important Information

To all ACNA Church and Organization administrators for the plan:

The ACNA Life Insurance and Disability Plan is moving to a new carrier: One America.

That is why this year we are holding an Open Enrollment from August 1 through August 17.

Any changes will be effective September 1st and new rates for all products go into effect September 1st.

Here is what you can do during this Open Enrollment:

- 1. This is the time when changes can be made to employee-paid coverage.*
- 2. For employees of a participating church or organization who have declined coverage in the past: they may join without requirement of health history, provided the benefit they request is within the guarantee issue amount (anything over guarantee issue would require submitting health history to qualify).*

The new Benefits Guide (including new rates) and Forms are now available on the Benefits Webpage:
