FOREVER HOMES

Charmander was a senior stray struggling to survive. Neighborhood people threatened & abused him by turning a hose on him because he was "bothering" them by begging for food & affection. Charmander also needed medical attention - he was dehydrated, emaciated, & needed a leg tumor removed. Although still a thin cat, he has gained weight quickly & had the tumor removed. This 9-10-year-old boy is extremely social & affectionate. Charmander will walk on a leash & enjoys being held by children! He does well with other cats & dogs too! Charmander is neutered, FELV/FIV negative, vaccinated & chipped.

Lady is a 2-year-old lab/shepherd mix, weighing 44 lbs. After their owner's living situation changed, Lady and her canine sister were surrendered to ARC. Her sister got adopted, now Lady is lonely! She previously lived with two older children, her canine sister & cats. Lady does take a bit to warm up to new people, but once she does she is a total sweetheart. She knows some basic commands. Lady is spayed, vaccinated & chipped.
