

Meet our Team Member

From day one, our employees have created our success.
That legacy continues.

Meet Bill

Bill started his career at Press Enterprise part-time in the Prepress Department in 1994 and is currently the Production Manager.

Bill said the best part about his job is his co-workers,
“There are many here who spent their lives at PE. I’m fortunate to work with so many dedicated people and have learned a lot from them.”

Bill Bason
Production Manager

Bill feels that the Press Enterprise is a place where you can build a career. It’s an encouraging environment that has been owned by the same family for four generations. His favorite memory is with former co-worker, Erv Rough, the Pressroom Superintendent at the time. He said, “Erv was a larger than life person, and he helped me grow in my job.”

Thank you, Bill, for being a part of our team and growing with Press Enterprise.
