Have someone watch your back

(and the rest of you, too).

Geisinger

Better health is easier with a primary care provider (PCP) looking out for you. Your annual checkup uncovers health issues early, when they're easier to treat.

Looking for a PCP? You're in luck. We're accepting new patients. So if you're feeling sick, call us. You can see someone in person, usually within 24 hours.

Call **570-849-7044** or visit **geisinger.org/patientcare** to find a PCP near you.

Our newest team members: Cindy Ciccotelli, MD, Mallory Dameron, DO, Sarah Graham, PA-C, and Alexandra Luxardo, PA-C.
