<p>P5</p> 			
<p>4 SQUARE BALLS (orange, yellow, green, blue)</p>			

**Objective**

The game object is to throw your bocce balls closer to the Pallino than your opponent team, scoring the most points by ending each round. Each team consists of 1 player (4 balls each), 2 players (2 balls each), or 4 players (1 ball each). A coin flip determines which team to throw the Pallino first. The Pallino has to be thrown at least half way down the designated playing area.

**Free Play Rules**

For players without access to a Bocce court.

- 1.The person tossing the Pallino throws a bocce ball, trying to get the ball as close to the Pallino as possible. Next, one player from the other team throws a bocce ball.
- 2.Two teams take turns to throw the balls until all 8 balls are thrown out.
- 3.Calculate the scores for the frame. (For scoring guidelines please see below)

**Courted Bocce Rules**

Official rules for players with access to a Bocce court.

1. The Pallino is the first ball put into play, thrown underhand from behind the pointing foul line. The Pallino must end up across the center line without hitting the backboard. If a thrower fails, the other team gets to throw. The initial Pallino thrower always throws the first bocce ball. All balls are thrown underhand.
- 2.Any ball released behind the pointing foul line is considered a throw for points. Any ball released beyond the pointing foul line and before the hitting line is considered a throw to hit or spock other balls. All bocce balls are thrown from behind the foul line, except for hitting or spocking.
- 3.Each succeeding ball is thrown by the team NOT having the ball closest to the Pallino. A team whose ball ties the opponent's closest ball must throw again. Team members can throw in any order.

4.Hitting or spocking is permitted by informing the opponent of intention to go past the point foul line for hitting or spocking, which is a hard underhand throw directly at the balls on the court for the purpose of moving the opponent's balls or the Pallino. The thrown ball not hitting the Pallino or another ball is then removed from the play. If a team's legally thrown ball is moved from its resting position, accidentally or intentionally, the ball is removed from the play.

5.A ball hitting the backboard without first touching the Pallino or another ball is a dead ball and removed from the play.

### Scoring

Once all 8 balls have been thrown at the Pallino, the team closest to the Pallino will get a point for each ball that is closer than the closest opponent's ball. If a bocce ball is touching the Pallino, it's called "boci" and can be rewarded 2 points if they remain touching at the end of the frame. The first team to reach 12 points wins the game (must win by 2)

### SAFETY WARNING AND GAME CARE

Read and Follow All Assembly, Operation and Safety Instructions Carefully. Not Suitable for Children Under 10 Years of Age.

- 1.Bocce balls are heavy projectiles and meant for Bocce playing only. Play with caution to avoid injury.
- 2.Make sure the playing area is clear of people, pets or obstacles to each throw and never stand in where the balls might land.
- 3.Bocce balls wear over time, however, scuff marks are only superficial and will not affect game play.
- 4.Please store the balls when not in use to prevent color fading from prolonged sun exposure.

### Product warranty

We promise to deliver the highest quality safety products and if you're not happy for any reason,do feel free to contact us.Please give us a chance to make it right.All we want to do is to make you happy and satisfied.Thank you!
