BREEDING... AND FEEDING MAKE A CHAMPION!

● The glossy coat, the sparkling eye and abundant vitality that every champion needs, are to a great extent a matter of diet. Without the *essential food elements*—such as those found in Milk-Bone—the finest pedigree is virtually worthless.

Milk-Bone gives dogs FIVE Vitamins: A, B₁, D, E, and G...with milk, high protein beef meal, fish liver oil, yeast, whole wheat flour, necessary minerals and proteins. It's firm and crunchy, too—gives exercise helpful in combating tooth decay.
