Proposed Revisions in the Obedience Regulations

The Board of Directors has examined the following revisions in the Obedience Regulations which revisions are being considered for adoption to be effective January 1, 1992. Comments concerning these revisions should be addressed to the Obedience Department of The American Kennel Club.

Chapter 1, Section 16. Disqualification & Ineligibility:

Delete the Section heading and substitute the following new Section heading:

"Chapter 1, Section 16. Disqualification, Ineligibility, Excusals and Changes in Appearance of Dogs."

Delete the words "by artificial means" from the first sentence of the first paragraph and substitute the words "for cosmetic reasons" in their place so that the first paragraph reads as follows:

> "A dog that is blind or deaf or that has been changed in appearance for cosmetic reasons (except for such changes as are customarily approved for its breed) may not compete in any Obedience Trial, Tracking Test Tracking Dog Excellent Test and must be disqualified. Blind means without useful vision. Deaf means without useful hearing.

Delete the words "by artificial means" from the second and third lines of the fifth paragraph and substitute the words "for cosmetic reasons" in their place so that the fifth paragraph reads:

> "When a dog has been disqualified under this Section as being blind or deaf or for having been changed in appearance for cosmetic reasons or for having attacked or attempted to attack a person in the ring, all awards made to the dog at the trial shall be cancelled by The American Kennel Club and the dog may not again compete unless and until, following application by the owner to The American Kennel Club, the owner has received official notification from the American Kennel Club, that the dog's eligibility has been reinstated."

Add the following new paragraph between the fifth and sixth paragraph of the Section:

> "Dogs whose appearance has been changed by artificial means, except when such dogs have been surgically altered to correct a congenital or hereditary defect, are eligible to participate in Obedience Trials, Tracking Tests and Tracking Dog Excellent Tests. Dogs whose appearance has been surgically altered to correct a congenital or hereditary defect may participate in Obedience Trials, Tracking Tests and Tracking Dog Excellent Tests provided that dogs so-altered have been neutered."

Add the following new sentence after the first sentence of the seventh paragraph:

> "Lameness is any derangement of the function of locomotion."

The seventh paragraph will read in full as follows:

> "A dog that is lame in the ring at any Obedience Trial or at a Tracking Test or Tracking Dog Excellent Test may not compete and shall not receive any score for the class or be marked as 'Passed' at a Tracking Test or Tracking Dog Excellent Test in which it is determined to be lame. Lameness is any derangement of the function of locomotion. It shall be the Judges responsibility to determine whether a dog is lame. He or she shall not obtain the opinion of a veterinarian. If in the Judges' opinion a dog is lame, he or she shall not score such a dog and shall mark his or her book "Excused - lame."

Revisions in the Standing Recommendations of the Retriever Advisory Committee

The Board of Directors has examined and approved the following revision in the Standing Recommendations of the Retriever Advisory Committee to be effective October 1, 1991.

Renumber existing Recommendation 6 as Recommendation 7, and add the following new Recommendation 6:

" 6. In Section 4 of Chapter 17 of the Rules for Retriever Trials the Field Trial Secretary and the Field Trial Committee are charged with responsibility for ensuring a public draw using procedures reasonably designed to determine the running order in each Stake by random chance. The following procedures are recommended to achieve compliance with the requirements of Section 4:

"(a) *Time and Place.* The date, hour and full address of the location of the

drawing, together with notice that the drawing is public shall be set forth in the premium. A location with room for observers should be selected and a convenient time should be designated to encourage attendance by interested persons.

"(b) *Attendance*. It is the responsibility of the Field Trial Secretary to obtain the attendance at the draw of at least two other unrelated persons who are knowledgeable about field trial procedures and rules to observe and/or assist in the conduct of the draw. At least one such person, other than the Field Trial Secretary, shall be a member of the Field Trial Committee.

"(c) *Procedures*. The actual conduct of the draw should include the following procedures, or substantially equivalent procedures:

(i) All running dogs should be drawn from a single thoroughly mixed pile of cards. Multiple entries run by the same handler should not be segregated and drawn from a separate pile.

(ii) Cards identifying the dog and handler should be prepared and folded in such a fashion that the person actually drawing a dog cannot observe the name of the dog or handler drawn.

(iii) All entries should be drawn before there is any disclosure of the identity of any dog drawn.

(iv) When all entries are drawn, the names should be uncovered and arranged in the exact order in which they were drawn.

(v) No changes in the running order of the dogs as drawn should be made except as required to separate dogs handled by the same person which have been drawn too close together to permit the efficient, timely running of the Stake. To the extent changes are required, such adjustments in the order should be made in a consistent manner for all handlers of multiple entries. Dogs that must be moved should be moved only the minimum amount necessary to avoid delays in running the Stake (normally no more than three intervening dogs); and the relative order in which the entries of a single handler were drawn should not be modified by any move. The objective of any changes made in the original running order is the efficient running of the Stake, not the convenience or desires of the handler.

(vi) The particular procedures to be used for the conduct of the draw including the procedures for moving dogs after the initial draw should be announced in advance of the draw to all persons present.

"(d) *Report to AKC*. The Field Trial Secretary shall include in the report to The American Kennel Club under Chapter 14 the names and addresses of all persons who were present at the draw."

Amendments in the Standard Procedure for Retriever Field Trials

The Board of Directors has examined and approved the following amendment in the Standard Procedure for Retriever Field Trials to be effective October 1, 1991:

Amend Procedure 23 by deleting the second paragraph of that Procedure and substituting the following new second paragraph:

"In a Derby and a Qualifying Stake the experience required of the Judges selected should be such that their combined experience satisfies at least one of the following standards: (a) the judging of two stakes carrying championship points; (b) the judging of one stake carrying championship points and the judging of three minor stakes; or (c) judging five minor stakes."

Judging Applications Provisional Breed Judges

The following persons are applying for Provisional Judging status for the breed(s) specified. Letters concerning these applicants should be addressed to James E. Dearinger, Secretary, and should be received by November 27, 1991.
