

Select-Grade

Woodenware

Tongue Depressors

- Made from close-grained white birch
- Select-grade wood provides a smooth finish
- Edges are rounded to insure a smooth finish
- Available either non-sterile or sterile wrapped

Medical Spoons

- Useful in feeding wet medications to long-term care patients
- Made from close-grained white birch
- Select-grade wood provides a smooth finish
- More resistant to shattering than breakable plastic spoons

Rayon Tipped Applicators

- 8" applicator is ideal for use as mouth and throat swab and for OB/GYN exam preparation
- 16" applicator can be used for exam prep, as a throat swab, and for proctology applicators
- 8" OB/GYN and 16" Procto swabs are made from medical-grade rayon wrapped on polypropylene plastic shafts

Cotton Tipped Applicators

- Cotton tipped applicators are ideal for applying medications
- Available either non-sterile or sterile wrapped

Applicator Sticks

- Used for applying or stirring medicines
- Made from close-grained white birch
- Select-grade wood provides a smooth finish
