The Perfect Clean

Individual packaging allows you to easily throw these wipes in your purse, backpack, or even your pocket for a quick, refreshing clean wherever you go. The Safetec Device Wipe is perfect for refreshing any electronic surface.

How The Safetec Device Wipe Works

Tear open packet, remove and unfold 5" x 8" wipe. Gently wipe screen, glass or plastic surface. Dispose of in trash.

"We are always very in tune with our customers; they played a crucial role in letting us know that the Safetec Device Wipe would be a product they not only want but need."

-Joe Vizzi, VP of Sales at Safetec

Leave your screen looking clean and refreshed after every wipe.
