## Demographics (data based on [www.datingadvicecrets.com](http://www.datingadvicecrets.com))

Demographics are the characteristics of a population. In the field of marketing, it is important to define the demographic profile of your target audience. This is to identify target audience in the overall population and to create a clear and complete picture of the characteristics of the target consumer.

The above data tells you the gender, age, children per household, education status, income levels, and other demographic insights of your target audience.

The “index” represents the delivery of a specific audience segment compared to the internet average of 100. Composition, which is represented by the % of audience figure on the left side of the chart, represents the percentage of a property’s total audience that meets a specific demographic criteria.

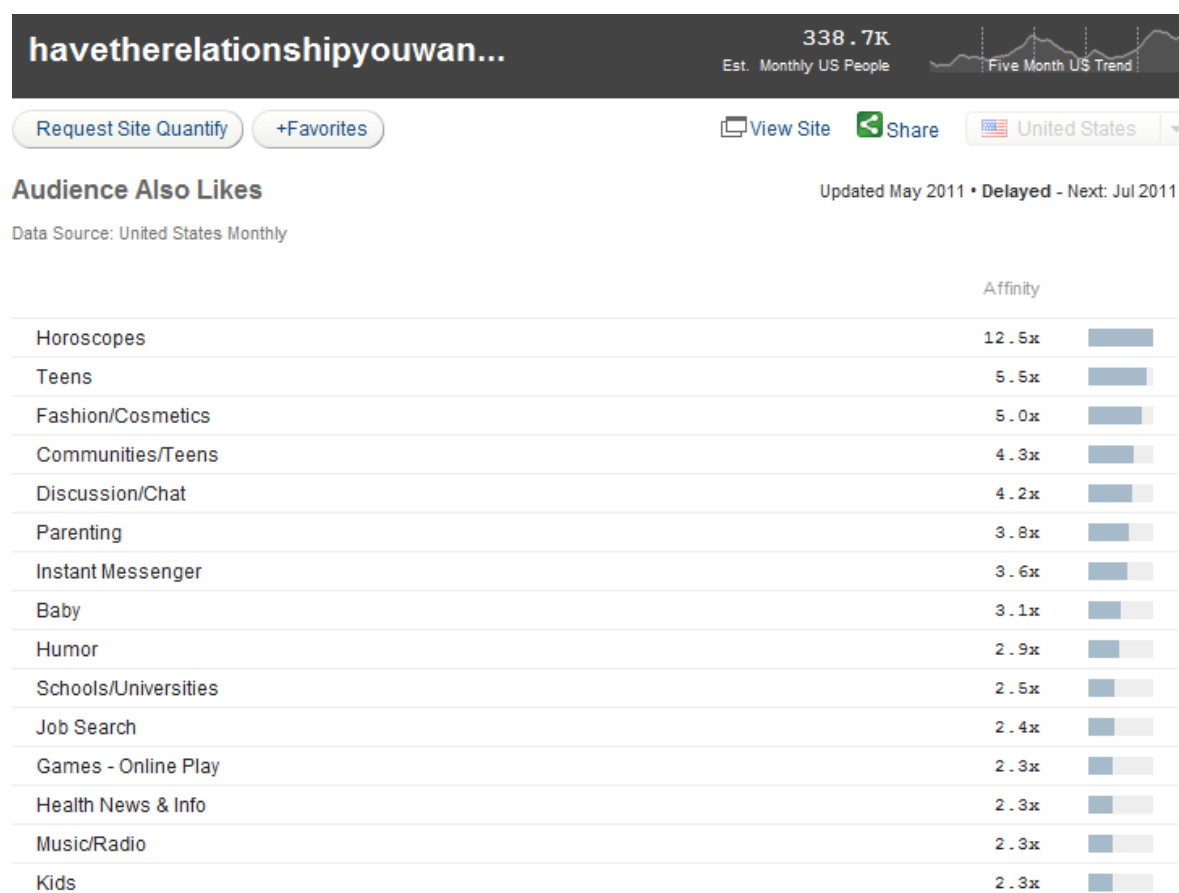

For example, an index of 100 indicates the target audience is equivalent to the demographic make-up of the total internet population. Any increase over 100 means that the property is “over indexed” and attracts a more concentrated group of a particular demographic group than in the general internet population.

## Psychographics (data based on havetherelationshipyouwant.com)

In the field of marketing, psychographic variables are any attributes relating to personality, values, attitudes, interests, or lifestyles.

The following data profile shows other topics that the audience is likely to be interested to visit and the affinity indicates how much more likely than average.

An affinity of 10x means that your target audience is ten times likelier to be interested in the

topics than the average internet user.

## Problems & Frustrations

- **No opportunities available to get ex back**

How can I get him back when i can't see him?

- **Wish to be friends with ex but don't know how to approach him**

Now I am over him and want to be friends, as he's proven to be all right after all by being so helpful, but don't have the courage to add him back as I was the one who deleted him in the first place. He might think that I was mad at him or something for deleting him and I don't want him to find out the truth as that will just boost his ego. I want to show him that I am happy just as friends. What shall I do?

- **Don't know what to do to get ex back**

I need some suggestions. What do I do to get my ex boyfriend back?

- **Don't know how to get ex back**

Any suggestions on HOW to get my ex boyfriend back, or at least try? I am curious what character traits men like in women?

- **Feel completely lost trying to get ex back and feel like she is not doing enough**

I have started doing the 'no contact' rule now and changing some things about myself that I need to change to make your relationship work if it starts up again. I feel like I am not doing enough to try to get him back and feel completely lost in all of this. I really need help!!!

- **How to increase chances of getting back**

I'd just like to know what to do to increase my chances of him realizing he messed up, that he misses us, and that we're good together. Or should I just let him go and lose all hope?

- **Don't know how to get back ex who is away**

Long distance ex... will I get him back?

- **How to get back ex who is already dating someone new**

Things have gotten so stressful, and we were not communicating well. He dumped me. We were both heartbroken, and we were going to work things out until he started dating a new girl (a week after we broke up). But I still love him. How do I get him back?

He has a new gf, how to get him back?

- **Wish to get back with ex but don't know the chances**

I haven't seen my ex since March because I have been in another city. Now I am back in the same town with him and would love to at least see him. Not expecting anything (although hoping). But i just want to know... could there still be something there? How should I go about doing this? He broke up with me, that's the catch. Is it even realistic to think that I could get him back?

- **Broke up due to a misunderstanding and miss ex now**

A couple months ago, my boyfriend was told that I cheated on him which wasn't true but based on his past he totally shut down we ended up breaking up for a month....He's so guarded it's hard to get close like I was before with him!! Can I get him back?? I miss him so much.

- **Unsure if time apart will make it more difficult to get ex back**

For the past two months, we have only communicated when I have initiated the communication.. or to return things that we had at each other's houses. I'm feeling like a stalker. I hate to give up hope after seven years as I love him unconditionally ... but I'm feeling like there is no hope. I've stopped communication for a week now ... but am questioning if that is the best thing. Maybe he just needs time away ... or will time away just make him comfortable without me???

- **Desperately want to get back with ex but he is not reciprocating**

We both don't communicate well I know what our problem is and now he says it's really over, how can I get him back, I know he loves me and wants to be with me, but just doesn't see the point when nothing changes, but he seems to always blame it on me... This entire time it's been him treating me bad, I'm afraid he will really be gone for good this time because he doesn't have the strength to work on us anymore, how can I get him back?

He said that my smothering pushed him away. he wants to be on a break, simply because he knows if he is with me, he will be unable to engage in many of the wild and irresponsible activities his friends usually are in, because i will be worried. How can I get him back?

- **Don't know how to get back with ex without looking desperate**

How i can get him back in a way that I won't look desperate?

- **Don't know real reason behind break up**

my ex just broke up with me because of his job and because he doesn't have time for me and i never wanted to lose him but he is gone now. Is there any way to get him back? Isn't that a stupid reason to break up with me?

- **Want to win ex back and his trust after cheating on him**

I cheated on my boyfriend. How can I get him back? We went to a friend's 30th party and the drinking began around 3pm. We kept drinking and drinking and so by the time we got to the club, we were already drunk. .. apparently, I was sitting next to my boyfriend and I turned around and kissed a random man. The worst part is that I did this in front of my boyfriend and some of his friends. I want him back, any ideas?

- **Ex has commitment issues**

He ended things because he "wasn't ready for a relationship...has commitment issues". Now...I'm thinking that maybe if we could give it another shot, things will be better this time around. I really want him back ,but I can never contact him in enough time to talk to him about.
