PHILIPS

Sami the Seal

Pediatric nebulizer compressor system

**Make therapy
 fun for them**

innovation  you

Child-friendly nebulizer

Philips Sami the Seal nebulizer compressor system is a lovingly designed character offering your child reliable, fast and easy-to-use treatments in as little as 6 minutes*

There's always a way to make life better.

Treatment specially designed for your child

Soft and Subtle

Our cute Tucker the Turtle character mask is made of soft, flexible material that contours to your child's face for comfort and fit.

Effective and reliable

The compressor is bottom weighted to provide extra stability and includes a built-in thermal protector safety feature.

Treatment in 6-8 minutes*

Sami the Seal is combined with our highly efficient SideStream nebulizer which is specially designed to keep treatment times as short as possible.

Easy to Use

Sami the Seal is sturdy, lightweight and simple to operate – a perfect combination for your child.

Proven technology for fast and easy treatment

SideStream has been designed to draw more air in, via an active venturi system, resulting in fast medication delivery and short treatment times. It also has a unique diamond jet design which helps to minimize wear from frequent use and aids consistent delivery of a high-quality aerosol. SideStream is suitable for use with most commonly prescribed respiratory medications.

SideStream has a unique venturi built into the nebulizer's top, which is designed to draw in extra air and shorten treatment times.

Innovative jet design producing consistently high-quality aerosol.

* Using 2.5ml salbutamol
