Mr. Bruce Kiley
Chief Clerk of the Board
Nova Scotia Utility and Review Board
3rd Floor, Summit Place
1601 Lower Water Street
Halifax, NS B3J 3P6

Dear Mr. Kiley:

RE: Alton Natural Gas Storage LP – Request for Extension to Approval to Construct an Underground Hydrocarbons Storage Facility; M04172

Consistent with Alton's earlier oral request, Alton Natural Gas Storage LP ("Alton") requests an extension to the Board's Approval to Construct an Underground Hydrocarbons Storage Facility M04172 ("Approval to Construct") dated September 4, 2013.

There are no changes proposed to the facility authorized by the Approval to Construct and we do not seek any change or modification to the terms and conditions in the Approval to Construct, other than the date. We would ask that this be updated to September 1, 2023.

There have been some delays in proceeding with this project but Alton remains committed to pursuing this important piece of energy infrastructure in the province of Nova Scotia.

If you have any questions, please contact the undersigned.

Yours truly,

Tim Church
President, Alton Natural Gas Storage
Vice-President, Stakeholder Relations
AltaGas Ltd.
