How to Co-Create Your Amazing Life

Session 3

Up Today...

- **The ONE THING** you can do that will literally bring anything you want into your life.
- A powerful universal law, that when put to work in your life, will draw abundance to you like a magnet!

The ONE THING you can do that will literally bring anything you want into your life.

The Advancing Personality

"The person who is certain to advance is the one who is too big for his place, who has a clear concept of what he wants to be, who knows that he can become what he wants to be, and who is determined to BE what he wants to be."

- Wallace Wattles

The Advancing Personality

"Hold the faith and purpose of increase during work hours, after work hours, and before work hours. Hold it in such a way that every person who comes in contact with you, whether foreman, fellow worker, or social acquaintance, will feel the power of purpose radiating from you -- so that everyone will get the sense of advancement and increase from you. People will be attracted to you, and if there is no possibility for advancement in your present job, you will very soon see an opportunity to take another job." – Wallace Wattles

What's the common thread?

"Render more and better service than you are paid for, and sooner or later you will receive compound interest from your investment. It is inevitable that every seed of useful service you sow will sprout and reward you with an abundant harvest."

"Going the extra mile is not the sort of principle that can be put into practice in a few easy steps. Instead it is a state of mind that you must develop, so that it is a part of everything you do. There is a subtle, but powerful, mental attitude connected with it."
- Napoleon Hill

The Law of Increasing Returns

"The quantity and quality of the extra service you render will come back to you greatly multiplied."
- Napoleon Hill

The Law of Compensation

The Law of Compensation ensures that everything you do will bring you some sort of result of the same kind. To benefit from this, you must always render the most service you are capable of, with the best attitude, and you must do so regardless of your immediate compensation, even if it appears you will receive no immediate compensation.

3 Rules to Remember

1. You don't always reap where you've sown.

2. When things are slow, serve anyway.

- **Builds relationships**
- Keeps your skills honed
- **Keeps you in a flow state**
- Builds confidence, self-esteem and good vibes.

3. Plant what you want to reap.

- **Want to live your dream? Help someone else live theirs.**
- Want more money? Amp up your charitable giving.
- **Want more time, give of your time.**
- Want more friends? Be a friend!

$$Q+Q+MA=C$$

The Quality of the service rendered,
+ the Quantity of service rendered,
+ the Mental Attitude in which it is rendered,
= Your Compensation."
– Napoleon Hill

Financial Capital Formula

o $FC = MC \times RC$

Financial Capital = Mental Capital X Relationship Capital

Walk the Labyrinth

Important Tips

- o You will be tempted to settle – DON'T
- o Avoid being "Over-Zealous to Inherit"
- o Avoid neediness like the plague

"I've come to believe that there exists in the universe something I call **"The Physics of The Quest"** — a force of nature governed by laws as real as the laws of gravity or momentum.

And the rule of Quest Physics maybe goes like this: 'If you are brave enough to leave behind everything familiar and comforting (which can be anything from your house to your bitter old resentments) and set out on a truth-seeking journey (either externally or internally), and if you are truly willing to regard everything that happens to you on that journey as a clue, and if you accept everyone you meet along the way as a teacher, and if you are prepared – most of all – to face (and forgive) some very difficult realities about yourself... then truth will not be withheld from you.' Or so I've come to believe."
