

Regulation GG Unlawful Internet Gambling Transaction

You may have already read in the news that certain transactions are restricted by the Unlawful Internet Gambling Enforcement Act of 2006 (UIGEA) and are prohibited from being processed through any bank commercial account (including business accounts at AmeriServ[®]). This government-mandated prohibition became effective on December 1, 2009.

The new legislation prohibits any bank from processing transactions for a commercial (business) account that engages in illegal Internet gambling.

You agree to notify us immediately if you engage in any Internet gambling activities.
