

NJ HIMSS Winter Education & Networking Event

Thursday Jan 26, 2107 Holiday Inn Conference Center, East Windsor, NJ

This year's NJ HIMSS Winter event consisted of an education and networking session that occurred after business hours. After the educational sessions, attendees mingled and relaxed with cocktails and hors d'oeuvres while visiting sponsors in the exhibit hall. We had over 80 in attendance. The education content summary and presenters are listed below. Applicable presentations are available below.

The NJHA & NJHIMSS Provider Cybersecurity Tabletop Exercise Update (no presentation available)

Joe Carr

Joining the New Jersey Hospital Association (NJHA) in October of 2000 as Chief Information Officer, Mr. Carr has responsibility for all information and communication technologies for the Association and its umbrella of companies. Before joining NJHA, Mr. Carr was the senior vice president of software development at QuadraMed Corporation. Mr. Carr is a certified professional in healthcare information and management systems by the Healthcare Information and Management System Society (HIMSS) and currently serves on the NJ HIMSS Board.

6:10 PM – 6:40 PM

"The Telehealth Journey: Challenges and Opportunity Across the Continuum" (click here for presentation)

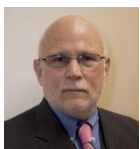

Elliott Wilson

As Virtua's Manager for Telehealth and Mobility Programs, Elliott Wilson works to further the adoption of telemedicine within the organization and the community. Elliott collaborates with leaders within Virtua and through the region to identify new opportunities for expanded use of telehealth technology to increase access and reduce costs in healthcare. He received his MBA from Villanova University and a BS from DeSales University.

6:40 PM – 7:15 PM

"Macra/MIPS: The Good, The Bad & The Ugly" (click here for presentation)

William O'Byrne

William J. O'Byrne ("Bill") is the Executive Director of the South Eastern Region of the New Jersey Innovation Institute (NJII). Previously he served as the Executive Director of the New Jersey Health

Information Technology Extension Center (NJ-HITEC), the organization selected by the federal Office of the National Coordinator (ONC) to be the Garden State's Regional Extension Center (REC) under the American Recovery and Reinvestment Act (ARRA) of 2009. Mr. O'Byrne is leading the health Information evolution by assisting thousands of New Jersey's medical providers in the transition from paper records to the Meaningful Use of Electronic Health Record (EHR) systems.

Education sessions were followed by a networking event in the exhibit hall. We would like thank everyone for attending and especially thank the following sponsors who exhibited: MEDITECH, ComplyAssistant, Innovative-e, Sensato, Sailpoint & CTI, Wolf & Company, Ellkay, LLC, HealthePractice, Aspire Technology Pattners, Lenovo Health, DataMotion, Digital Guardian, MetroTech, Pyramid Analytics, mClinical Technologies, Derive Technologies.
