

MIDWEST PAIN SOCIETY

**46TH SCIENTIFIC MEETING
SEPTEMBER 23–24, 2022
NORTHWESTERN MEMORIAL HOSPITAL
CHICAGO, ILLINOIS**

PAINFUL PANDEMIC:

Innovations for the new normal

CONFERENCE OBJECTIVES

- 1 Identify the neurological manifestations of COVID-19.
- 2 Explore advancements in social technologies and how these can improve patient care and professional development.
- 3 Discuss pain management in vulnerable populations; including the elderly and underserved communities.
- 4 Describe advancements in management of rheumatologic conditions and headaches.

WHO SHOULD ATTEND

All health care professionals involved in assessment, treatment, and/or research in the area of pain, including those working in alternative/complementary disciplines. Primary care professionals are strongly encouraged to attend, as pain is one of the most common reasons patients seek medical attention.

PROGRAM HIGHLIGHTS

- ◆ The latest information on today's most important pain care topics
- ◆ Sessions for both clinicians and researchers
- ◆ Interdisciplinary faculty and panel discussions
- ◆ Problem-based learning discussions
- ◆ Opportunities for networking and collaboration
- ◆ Poster presentations
- ◆ Continuing Education credit available to physicians, pharmacists, nurses, social workers, physical therapists, and psychologists
