The challenge will consist of shooting 4 rounds of skeet and 4 rounds of 16-yard trap to determine which side gets bragging rights and the coveted East/West trophy. Total score for all 200 bird scores for your team wins. You can pick which side you wish to shoot for, but if there is enough interest and the sides seem a little lopsided, I'll ask for volunteers to switch sides to even things out.

Cost will be \$25.00 shooter plus the cost of your rounds. We'll have a little banquet at the end of July to present the trophy and if there's any money left over, a prize or two. You can start scoring on June 13th and finish by July 21st.
