

AAPT Dues Structure is Based Upon the Economic Prosperity of the Location

To facilitate our mission ...

“The Association of Asphalt Paving Technologists is a global community of researchers and practitioners that serves as a central forum for communication, networking, and exchange of ideas to advance the body of knowledge and state of the practice in asphalt paving technology.”

...the Association implemented a membership dues structure based on the economic prosperity of the region in which our members and prospective members reside.

In 2024 the AAPT membership dues are \$285 for those living in the USA and for high-income countries/ economic regions. Regions are based on the latest information published by the World Bank. The regions and dues are shown below for 2024 membership.
