SB896/HB986 Abolishes various estates and reversion interests in land.

Sponsors: Sen. Walley, Page , Rep. Capley, Kip
Summary: Abolishes reverter or forfeiture provisions of unlimited duration in documents that establish common law estate of fee simple determinable, fee simple subject to condition subsequent, and fee simple subject to executory limitation, if executed more than 75 years before July 1, 2025. Establishes that reverter and forfeiture provisions in a conveyance of real property creating a common law estate of fee simple determinable, fee simple subject to condition subsequent, or fee simple subject to executory limitation, automatically terminate 75 years from the date of conveyance. Converts vested rights in deeds as of July 1, 2025, to fee simple absolute after 75 years from the date of creation unless a sworn statement is filed with the county register of deeds by July 1, 2026, to maintain the right. Invalidates a reverter or forfeiture provision contained in documents conveying an interest in real property and purporting to establish the common law estates of fee simple determinable, fee simple subject to condition subsequent, and fee simple subject to executory limitation, executed on or after July 1, 2025. Establishing reversionary estates terminated or prohibited results in title in the grantee or recipient being fee simple absolute.

<i>Summary:</i>	Creates the conservatorship management task force to review the care and management provided by conservators to determine the health, safety, and welfare of individuals under a conservatorship and make recommendations. Specifies other duties of task force. Also specifies membership of task force and terms of office for members. Requires the task force to submit a report of its findings and recommendations to the department of disability and aging and the administrative office of the courts no later than December 31, 2025 and every year thereafter. Broadly captioned.
<i>Amendment Summary:</i>	Senate amendment 1, House Judiciary Committee amendment 1 (004453) substitutes as one of the members on the task force the commissioner of human services for the commissioner of human resources. Substitutes as one of the public members on the task force one representative from the Tennessee State Court Clerks Association for a representative from either a legal services program or legal aid office in this state or an attorney who contracts with either program or office. Removes the requirement that the task force (i) review the care and management provided by conservators to determine the health, safety, and welfare of individuals under a conservatorship and make recommendations; (ii) determine the amount of assets managed by conservators and review the management of assets by conservators; and (iii) determine a process to provide notification to the court when a conservator is removed for cause. Adds that the bill does not allow for the disclosure of protected health information, and any participating agency or entity must remain bound by state and federal privacy laws that restrict the sharing of protected health information, including regulations established pursuant to the Health Insurance Portability and Accountability Act (HIPAA), without the prior approval of the individual whose health information would be disclosed.

SB534/HB817 **Beneficiary is a non-fiduciary unless appointed in such capacity.**

<i>Sponsors:</i>	Sen. Stevens, John , Rep. Garrett, Johnny
<i>Summary:</i>	Establishes as a default rule of state trust law that a beneficiary is a non-fiduciary unless appointed in such capacity and makes certain other changes relative to trusts.
<i>Amendment Summary:</i>	House amendment 1 (003684) rewrites the bill. Deletes Section 5 of the bill that authorizes a judicial proceeding to contest whether a revocable trust or any amendment thereto, or an irrevocable trust was validly created to be commenced at any time following its execution but prohibits it from being commenced later than the first to occur of certain dates. Regarding tangible personal property assigned to a trust, specifies that such assignment is subject to revocation or amendment pursuant to a written instrument delivered by the transferor to the trustee, either during the transferor's life or following the transferor's death, including pursuant to terms of the transferor's last will and testament. Specifies if such revocation or amendment is not delivered to the trustee within six months of transferor's death, then the trustee may presume that such revocation or amendment does not exist. Regarding the power of a disinterested trustee or another trustee at the direction of a trust advisor or trust protector who would be treated as a disinterested trustee to direct discretionary distributions under the trust instrument, specifies that the power described becomes exercisable on and after December 31, 2025, applies to trust existing before, on, or after such date. Also specifies that the person otherwise having the power to exercise the discretion described may at any time renounce the power in writing and, unless otherwise limited, such renouncement applies permanently with respect to the trust as a whole, such that a person does not have this power with respect to the trust at any time after the renunciation.

SB727/HB1127 **Time prior to the date of sale of foreclosure notices - increase.**

<i>Sponsors:</i>	Sen. Lowe, Adam , Rep. Farmer, Andrew
<i>Summary:</i>	Increases, from 10 business days to 12 business days, the time prior to the date of sale of land to foreclose a deed of trust, mortgage, or other lien securing the payment of money or other thing of value that a substitute trustee has to send notice to the debtor, a co-debtor, and any other interested party, with the substitute trustee's name and address, if the name of the substitute trustee was not included in the first publication advertising the sale. Broadly captioned.

*Amendment**Summary:*

House amendment 1 (007321) requires, in any sale of land to foreclose a deed of trust, mortgage, or other lien securing the payment of money or other thing of value or under judicial orders or process, that advertisement of the sale be made at least two times in a newspaper in the county where the sale is to be made. Requires advertisement of the sale to additionally be made through a third-party internet posting company for at least 20 continuous days. Specifies that if the sale is postponed or adjourned for less than five days after the original sale, announcement by internet posting is not required. Requires an advertisement or notice to identify the website of the third-party posting company. Removes the requirement that written notices of the public sale be posted in at least five of the most public places in the county, including one on the courthouse door and one in the neighborhood of the defendant, for cases in which the advertisement cannot be made in a newspaper. Requires the third-party posting company to submit the company's root domain website address to the Publications Division of the Secretary of State's (SOS) office prior to conducting business. Requires the Publications Division to create a listing of all such companies and their website addresses on the SOS's website. Specifies that a company may be held liable for any damages resulting from the company's failure to comply with such requirements.

Summary: Enacts the "Courthouse Square Revitalization Act," which allows a municipality to designate the boundaries of a courthouse square revitalization zone by adoption of an ordinance or resolution and requires sales and use tax revenue for purposes of the courthouse square revitalization zone to be distributed and used by the municipality exclusively for maintaining and improving the viability of the courthouse square through any means deemed appropriate by the governing body of the municipality, including, but not limited to, making loans or grants to the county governing body or any other public or private person, entity, or association for use on infrastructure, marketing, and other purposes related to revitalization. Specifies process for a municipality's application and approval of a proposed courthouse square revitalization zone.
Amendment Summary: Senate Commerce Committee amendment 1, House Cities & Counties Subcommittee amendment 1 (003681) extends indefinitely, rather than until June 30, 2028, the time period where eligible municipalities continue to receive an allocation of state sales tax revenue pursuant to the now-repealed Courthouse Square Revitalization Pilot Project of 2005. Authorizes up to four additional courthouse square revitalization projects to be created upon application approval by the Department of Finance and Administration (F&A) and the Comptroller of the Treasury (COT). Repeals June 30, 2028. Provides that any of the four municipalities receiving an allocation as of June 1, 2028 will continue to receive an allocation equal to the state tax revenue collected in such zone.

SB1138/HB543 Operation of a sewerage system outside the boundaries of a city or town.

Sponsors: Sen. Taylor, Brent , Rep. Vaughan, Kevin
Summary: Prohibits a municipal sewer system or utility district that has operated a sewerage system outside of the corporate boundaries of the city or town for 25 years or more from ceasing operation of the sewerage system outside the corporate boundaries so long as the sewerage system maintains sufficient capacity, as determined by a study conducted by TACIR. Broadly captioned.
Amendment Summary: House Agriculture and Natural Resources Committee amendment 1 (006361) Prohibits a city, town, utility district, or municipality that has operated a sewerage system outside of the corporate boundaries of the city or town for 25 years or more from ceasing the operation of such system outside the corporate boundaries so long as the system maintains sufficient capacity, as determined by a study presented to the Tennessee Board of Utility Regulation (TBOUR) to confirm the necessity of the closure. If a landowner has an existing gravity sewer line located on the landowner's property and requests such connection and service, the city, town, utility district, or municipality must provide the connection to the system. Requires the governing board of the wastewater utility system to act upon an appeal or complaint filed by an owner within 60 days of its submission. House Agriculture and Natural Resources Committee amendment 2 (006658) requires city or town with a sewerage system that has been operating outside of its boundaries for 25 years must continue operating as long as it has enough capacity, based on evidence presented to the Tennessee board of utility regulation. Clarifies that this rule does not change rates in existing or future water or wastewater service agreements. Requires a utility district that has operated a sewerage system in unincorporated areas for 25 years must keep operating if it maintains sufficient capacity based on evidence to the Tennessee board of utility regulation. Requires a wastewater utility to connect to a property owner's sewer if an existing line is present and the owner requests it. States that if the utility refuses, the owner may file a complaint to the Tennessee board of utility regulation after appealing to the utility's governing board. Clarifies that existing rates in any agreements are not changed. Senate amendment 2 (006658) prohibits a city, town, or utility district that has operated a sewerage system outside of the corporate boundaries of the city or town for 25 years or more from ceasing the operation of such system outside the corporate boundaries so long as the system maintains sufficient capacity to continue to provide sewerage service outside of its corporate boundaries, as determined by a study, report, or other information and evidence presented to the Tennessee Board of Utility Regulation (TBOUR) in an informal hearing. Requires a utility system under the regulation of the TBOUR that provides wastewater service to provide a connection to the owner of real property for wastewater service when the utility system: (1) has an existing gravity sewer line located on the owner's property and; (2) the owner requests such connection and service. If the utility system refuses to provide wastewater services to the owner, the owner may submit a complaint to TBOUR for a review and hearing on the refusal to provide wastewater services; provided, the owner must first appeal or make complaint to the utility system's governing board regarding such refusal of service. Specifies, when the governing body of the utility system is the legislative body of the city, town, metropolitan government, or county providing wastewater service, the owner's appeal or complaint must be acted upon within 60 days of submission by the owner. If the governing body fails to act on such appeal or complaint within 60 days, the owner may proceed with submission of its complaint to TBOUR, which must conduct its review and hearing on the refusal of service without a decision from such governing board. Specifies that this act does not affect, impact, or interfere with the rates in existing or future water or wastewater services contractual arrangements, or renewals or extensions of such existing or future agreements.

SB1139/HB542 Utility to review plans of development for compliance with infrastructure codes.*Sponsors:*

Sen. Taylor, Brent , Rep. Vaughan, Kevin

Summary:

Requires a utility to review plans of development for compliance with water, electric, and natural gas infrastructure codes within 30 days of the plan's submission. Authorizes the person who submitted the plan to hire a third-party examiner to examine the plan if the utility does not complete the examination within 30 days. Defines relevant terms.

*Amendment**Summary:*

Senate State & Local Government amendment 2, House Commerce Committee amendment 1 (006399) specifies that in instances in which: (1) a county, metropolitan government, or municipality-owned utility that provides water, wastewater, electric, natural gas, or stormwater management and drainage; or (2) an entity subject to the jurisdiction of the Tennessee Board of Utility Regulation (TBOUR); or (3) a nonprofit cooperative membership corporation (henceforth, collectively "utilities") does not customarily prepare plans and designs for utility infrastructure within a plan of development and requires a customer or customer representative to prepare and submit such plans and designs, the utility must: (1) not charge a fee more than the fee established in a schedule of fees and charges adopted by the utility for review of the plans and designs; and (2) complete the review of the plans and designs within 60 business days of the date the plans and designs are submitted to the utility and are determined by the utility to be complete. Specifies that the 60-business-day timeline does not include the time spent by a state or federal regulatory body to provide any approvals that are required under applicable state or federal regulatory requirements. If any of the aforementioned utilities do not complete any such reviews within 60 business days, the person who submitted the plan is authorized to hire a third-party plans examiner to perform the review and must submit the appropriate fee, if such fee has not been submitted, and a stamped-and sealed copy of all plans that were examined to the utility, in addition to certain information pertaining to the development. Requires the respective utility to, within 10 days of receipt of the fee and plans, to: (1) approve the plans; (2) provide to the person, or the person's designee, a report of deficiencies; or (3) request additional information necessary to ensure compliance with applicable codes. If the utility fails to take any of the aforementioned actions within the 10-day timeframe, the utility must refund any associated plan review fees that were collected and the plans are deemed approved by the utility. If the plan of development is approved after review by a third-party plans examiner and the customer engages an approved contractor to install or construct utility infrastructure, the utility is required to inspect the installation and construction of the utility infrastructure in the development, and the customer or its approved contractor is responsible for the costs of correcting any deficiencies in the installation and construction. Authorizes a utility to charge a fee for such inspections in accordance with a schedule of fees or charges adopted by the utility. Specifies that this act does not apply to types of plans and designs of utility infrastructure that are customarily prepared by the utility for the customer in accordance with standard practice that is in effect at the utility as of July 1, 2025, or a policy that is subsequently adopted by the utility. Requires utilities to allow a customer of the utility or person submitting a plan of development to the utility the option to use an approved contractor or contractors of the customer's choosing for installation of the utility infrastructure. If the customer engages an approved contractor, the customer must provide certain information pertaining to the development and approved contractor. Within 10 business days of receipt of such information, the utility must: (1) confirm the contractor's status as an approved contractor and allow the contractor to proceed as an approved contractor; (2) provide to the customer a report of deficiencies; or (3) request additional information necessary to determine the eligibility of the contractor's status as an approved contractor. If the utility fails to take any of the aforementioned actions within 10 business days, the contractor may proceed as an approved contractor. Requires such utilities to provide a publicly-available list of approved contractors and the process for becoming an approved contractor. Requires the utility to perform inspections of the installation and construction of the utility infrastructure installed by the approved contractor in the development, and the utility may also inspect materials and test the utility infrastructure as part of such inspections. The approved contractor is responsible for correcting any deficiencies associated with its installation or construction, and the utility is not required to accept or commission the utility infrastructure until it determines that the installation and construction complies with all applicable requirements. Authorizes a utility to charge a reasonable fee for such inspection and testing in accordance with a schedule of fees or charges adopted by the utility and made publicly available. Authorizes a utility to require the direct installation or construction of specific utility infrastructure by the utility or by an approved contractor under the direct supervision of the utility where the requirement is necessary to ensure public safety or service reliability of the utility. Authorizes such utilities to provide reasonable construction and manufacturer's specifications for utility infrastructure to any persons, with which a customer has contracted, and if provided, also provide such persons with a schedule of all approved materials for utility infrastructure with specifications for such materials. Prohibits such utilities from requiring that materials or services for the construction of the utility infrastructure be provided by a specific vendor or manufacturer unless using the materials or services by a specific vendor or manufacturer is deemed necessary by the utility for the quality and integrity of the utility's system. Specifies, in the event that an act of God, fire, flood, storm, accident, or similar event constituting force majeure causes a utility to require more time to meet applicable review requirements proposed by this legislation, the timelines set forth must be suspended so long as the utility's operations are impacted by one or more such events. Senate State & Local Government Committee amendment 1 (004176) allows a utility to provide reasonable construction and manufacturer's specifications for utility infrastructure to ensure that the infrastructure is constructed properly and with appropriate materials. Requires a utility that chooses to provide such specifications to provide persons with a schedule of all approved materials for utility infrastructure with specifications for such materials. Prohibits a utility from requiring that materials or services for the construction of the utility infrastructure be provided by a specific vendor or manufacturer. Allows a utility to review the plans and designs of the utility infrastructure to be installed for approval. Requires a utility that performs or requires such review to: 1) not charge a fee of more than \$1,000 for the review plans and designs; 2) complete the review within 30 days of the date the plans and designs are submitted to the utility. Allows the person who submitted the plan or design to hire a third-party plans examiner to review the plans and designs for compliance with all applicable codes if the utility does not complete the review within 30 days. Requires a person who engages a third-party plans examiner to submit the appropriate fee and a stamped and sealed copy of all plans that were examined to the utility and provide all the other required documents. Requires the utility to perform inspections of the installation and construction of the water, wastewater, electric, natural gas, or storm water management infrastructure of the development if the plan of development is approved after review by a third-party plans examiner. Allows the utility to charge a fee for such inspections that must not exceed 2% of the total cost of the development. Defines utility as: 1) an entity subject to the jurisdiction of the board of utility regulation; 2) a cooperative; 3) a county-owned, metropolitan government-owned, or municipal-owned utility that provides water, wastewater, electric, natural gas, or stormwater management and drainage to the public.

Fiscal Note:

(Dated March 8, 2025) OTHER FISCAL IMPACT The proposed legislation will result in a significant impact to revenue and an increase in expenditures for utilities, the extent of which cannot be estimated with reasonable certainty. Utilities may increase rates, if needed, to offset such increase in expenditures to remain self-supporting. Article II, Section 24 of the Tennessee Constitution provides that: no law of general application shall impose increased expenditure requirements on cities or counties unless the General Assembly shall provide that the state share in the cost.

Summary: Creates the Tennessee Procurement Protection Act. Prohibits the public procurement of final products or services from a foreign adversary company, whether those products or services are sold directly by the foreign adversary company or through a third-party vendor. Authorizes the public procurement of products and services from a company that has operations, affiliates, and subsidiaries in a foreign adversary so long as the company is not a foreign adversary company. Prohibits a foreign adversary company from bidding on or submitting a proposal for a contract with a state agency or political subdivision of this state for goods or services. Requires a company that offers to provide final products or services to a state agency or a political subdivision that are manufactured or produced by a foreign adversary company to be considered a foreign adversary company. Mandates a state agency or political subdivision to require a company that submits a bid or proposal for a contract for goods or services to certify that the company is not a foreign adversary company. Allows a state agency to enter into a contract for goods or services produced by a foreign adversary company if there is no other reasonable option for procuring the good or service and the contract is pre-approved by the department of finance and administration. Defines a "foreign adversary company" is defined as any company that meets one or more of the following criteria: it is domiciled, incorporated, issued, or listed in a foreign adversary; its headquarters are located in a foreign adversary; its principal place of business is situated in a foreign adversary; it is controlled by the government or an instrumentality of a foreign adversary; or it is majority-owned or board-controlled by an entity that falls under the jurisdictional control of the government of a foreign adversary.

*Amendment**Summary:*

House State & Local Government Committee amendment 1 (006451) enacts the Tennessee Procurement Protection Act. Prohibits state agencies and political subdivisions from contracting with a foreign adversary company for final products or services, including technology devices and software. Requires the Chief Procurement Officer (CPO) within the Department of General Services (DGS), state agency, or political subdivision to require a person that contracts with the state to certify, at the time the bid is submitted, or the contract is entered into, renewed, or assigned, that the person or assignee is not a foreign adversary company. Establishes that a person or entity that fails to provide a certification or falsifies a certification is liable for a civil penalty in an amount that is equal to the greater of \$250,000 or twice the amount of the contract for which a bid or proposal was submitted, whichever is greater; and is prohibited from bidding on a state contract for 60 months. Requires the CPO, state agency, or political subdivision, upon receiving proof satisfactory that a person or entity is in violation of the required certification to: (1) forward the information to the Attorney General and Reporter (AG), who may file an action in a court of appropriate jurisdiction to recover such civil penalty; and (2) terminate the contract for cause. Authorizes a state agency or political subdivision to enter into a contract for final products or services produced by a foreign adversary company if: (1) there is no other reasonable option for procuring the final product or service; and (2) the contract is approved by the CPO, state agency, or political subdivision after a determination that not procuring the final product or service would pose a greater threat to the state than the threat associated with the final product or service itself. Does not apply to a company, including a third-party vendor, that is in compliance with the federal Secure and Trusted Communications Networks Act of 2019.

Sponsors: Sen. Massey, Becky , Rep. Rudd, Tim

Summary: Revises the definition of "residential property" to include property that can be sold and purchased as a single unit fee simple title, whether it is vacant, owner-occupied, rented, detached, or attached.

Amendment Summary: House Cities & Counties Subcommittee amendment 1 (005782) redefines residential property for property tax classification and assessment purposes to include: (1) a unique property identified by a distinct map and parcel number, along with any other unique identifiers that allow it to be owned, held for use, or transferred in a fee simple estate as a dwelling, whether the property is occupied by an owner or renter; and (2) real property that is constructed as a dwelling unit in a group of two or more attached dwelling units, and for which property the owner owns the interior, exterior, and portion of land on which the dwelling unit is situated. Removes the provision that all real property used or held for dwelling purposes containing two or more rental units is classified as industrial and commercial property. Requires, on or after the effective date of this act, the governing body of each county or municipality to determine and certify a tax rate that will provide the same ad valorem revenue for the jurisdiction of the respective governing body as was levied during the previous year so that no local government experiences revenue losses or increases resulting from the change in property classification.

SB1101/HB402 Exemption - portions of property that provide tree canopy cover.

Sponsors: Sen. Campbell, Heidi , Rep. Moon, Jerome

Summary: Allows a property owner to apply for property tax exemption only for portions of real property that provide a tree canopy. Requires the implementing agency to determine the portion of real property that provides tree canopy using a reliable, objective means of quantitative assessments. Requires the chief administrative officer of the county, subject to approval by majority vote of the county governing body, to select the implementing agency responsible for determining tree canopy coverage which will be subjected to annual review. Requires real property owners claiming a tree canopy property tax exemption to file an application with the state board of equalization and submit supporting materials to the county assessor of property where the property is located. Requires the board of equalization to make an initial determination that grants or denies the exemption through a written notice that must be sent to the applicant and the assessor of property. Upon written approval, prohibits the exemption from being transferred or reassigned and the applicant must report to the assessor any changes in the use or ownership of the property or removal of tree canopy that could affect the property's tax exempt status. Establishes that the tax exemption is only applicable in counties upon a two-thirds majority vote of the county governing body. Defines "implementing agency" as the county planning commission, assessor of property, or county board of equalization, operating individually or in conjunction with each other. Defines "tree canopy" as the branches, leaves, stems, and other foliage from woody vegetation that cover real property when viewed from above, measured as a percentage of shaded land area within the tree dripline. Refers to a contiguous area of at least 5,000 square feet that includes the layer of leaves, branches, and stems of trees that cover the ground from an aerial perspective. Encompasses the critical root zone, defined as one foot per inch of diameter at breast height, of a group of trees that are at least six inches in diameter at breast height.

Fiscal Note: (Dated February 26, 2025) OTHER FISCAL IMPACT The fiscal impact of the proposed legislation is dependent upon whether a county elects to come under its provisions. If a county does elect to do so, there will be a one-time increase in state expenditures of up to \$10,000 for modifications to the online exemption application; any subsequent, recurring increase to state or local revenue cannot be estimated. The proposed legislation would also result in a recurring decrease in local revenue and an increase in local expenditures, both of which cannot be quantified, but are considered permissive.
