How Does ROBLOX Work?

ROBLOX has been one of the most dominant and long-lasting titles on the internet. The game is more than just a single video game but rather a platform for creativity from its users. Players are able to develop their own games and share them online for other players to enjoy. Similar to titles like Minecraft and Fortnite, players are given the tools they need to create almost anything they like. The game also features its own in-game economy, where players can design items or clothing to sell for ROBUX, the currency system in the game. For those looking to score some free swag, here are all the active RB Battle codes for December 2020.

But this ROBLOX player took it to another level. The cursed image got further cursed by being stretched to fit the weird, Lego-like proportions of ROBLOX characters. But hey ” they had to do it, right?

Created by zKevin, Robot 64 is a free-to-play platformer similar to old-school games like Super Mario 64. Players control Beebo, a cute robot on a journey to defeat the sun. They can explore massively creative, colorful, and wacky worlds, collect ice cream cones, and even build their own levels to challenge friends.
