How 12 Minute Affiliate Works

The **12 Minute Affiliate System** works by connecting you with pre-created sales funnels recommending specific affiliate products.

All you need to do is:

1. **Create** an affiliate account with ClickBank, JVZoo or Warrior Plus
2. **Setup** your autoresponder (the email marketing tool you want to use)
3. **Choose** an existing funnel with pre-built landing pages promoting a particular affiliate product
4. **Customize** the funnel with your affiliate links
5. **Buy** traffic from the built-in Solo Ads feature

Supports 3 Very Specific Niches

One thing to keep in mind is, the DFY system is built for 3 niches:

1. **Health**
2. **Make Money Online (MMO)**
3. **Personal Development**

All of the funnels and copy promote affiliate offers in one of these three categories.

Does it Really take 12 Minutes to Get Started?

The answer is yes and no. Sure, you can have the funnels, autoresponder, and tracking set up, but that doesn't mean you'll starting making money within 12 minutes. It's going to take a while before you start earning commissions because all you'll do is affiliate marketing.

Affiliate marketing takes a bit of time, a little work, and some investment to get going in the right direction.

It's not a 'get rich quick scheme' for sure. Also, if you're looking for something like that, no training or even system will work for you because it simply doesn't exist.

There's no shortcuts to success. I would not even recommend you reading this review if you want to make \$100,000 within this week.

That's not how it works.

Can you Earn Four to Five Figures each Month?

Hell yeah! But.....

Okay, so what's the catch?

Well, it's investment and work. You'll want to invest a bit into your skills and advertisements to get some quality traffic and coming in and once you have that up and running, you can get a chance to lay in the bed and generate passive cash flow.

Is 12 Minute Affiliate Legit?

I have a simple answer for this question: Yes, It's legit for sure! It does work and delivers what is promised.

How Does the System Work?

So, when you're in the system, there are total 6 steps you need to take to start making the profit or in other words, start your online business model. Let's go over them one after the other.
