PART I

PREFACE

1. This publication implements Air Force Instruction 36-2201, *Air Force Training Program*. This Career Field Education and Training Plan (CFETP) is a comprehensive core-training document. It identifies life-cycle education and training requirements, training support resources and minimum core task requirements for the Security Forces (SF) specialty. This CFETP provides all SF personnel [active duty, reserve and Air National Guard (ANG)] a clear career path to success.

2. This CFETP consists of two parts; both parts of the plan assist supervisors in planning, managing and controlling training within the career field.

2.1. Part I provides information necessary for overall management of the specialty. Section A explains how everyone will use the plan. Section B identifies career field path progression information, duties and responsibilities and training strategies. Section C associates each skill level with specialty qualifications (knowledge, training, education, experience and other). Section D indicates resource constraints (for example; funds, manpower, equipment and facilities). Section E contains the transition training guide.

2.2. Part II includes the following: Section A identifies the Specialty Training Standard(s) and includes duties, tasks, training references to support training, AETC conducted training, wartime course and core task and correspondence course requirements. Supervisors will use Section A to document training and certifying official use to certify training. Section B contains the course objective list/training standards (Not Used). Section C identifies available on-the-job support materials provided by Air Force Handbooks (AFHs) and Security Forces Training Reference Guides (SFTRG). Section D contains the training course index, identifying where supervisors can find and determine resources available to support training, including both mandatory and optional courses. Section E is reserved to identify major command (MAJCOM) unique training requirements. Unit level supervisors and trainers use Part II to identify, plan and conduct training commensurate with the overall goals of this plan. The core Specialty Training Standard (STS) for AFSC 3P0X1, Appendix A; Military Working Dog STS (AFSC 3P0X1A) Appendix B; and Combat Arms (AFSC 3P0X1B) Appendix C, identifies the duties, tasks and technical references required to support unit training; establish Air Education and Training Command (AETC) training requirements; identify core/wartime tasks, Department of Defense (DoD) Instruction 5525.15, *Law Enforcement (LE) Standards and Training in the DoD*; and identify correspondence course requirements. Appendix D, Security Forces Tier Training, identifies the duties, tasks and technical references required to support Security Forces Sustainment (Tier) Training, establish career field training requirements and curriculum. At the unit level, supervisors and trainers will use Part II to identify, plan, and conduct training commensurate with the overall goals of this plan.

3. CFETP guidance ensures individuals in Security Forces receive effective and efficient training at the appropriate point in their careers. This plan will enable us to train today's work force for tomorrow's jobs.

ABBREVIATIONS/TERMS EXPLAINED

Advanced Training (AT). Formal course that provides individuals qualified in one or more positions of their Air Force Specialty (AFS) with additional skills/knowledge to enhance their expertise in the career field. Training is for selected career airmen at the advanced level of an AFS.

Air Force Handbook (AFH). A concise reference book on the technical aspect of a particular subject or a compilation of factual data and instructional material not subject to frequent change.

Career Field Education and Training Plan (CFETP). A comprehensive, multipurpose document encapsulating the entire spectrum of education and training for a career field. It outlines a logical growth path, including training resources, eliminates duplication, and makes training identifiable and budget defensible.

Continuation Training. Training beyond requirements with emphasis on present or future duty assignments.

Core Task. Required by AFS functional managers as minimum qualification within an AFS or duty position.

Education and Training Course Announcement (ETCA). A complete list of the formal courses available.
<https://etca.randolph.af.mil/>

Exportable Training. Supplemental training; via computer assisted, paper text, interactive video, or other means.

Initial Skills Training. A formal school course that results in award of a 3-skill level Air Force specialty code (AFSC). (May also include a “qualifying” course before the AFSC awarding course.)

Instructional System Development (ISD). A deliberate and flexible process for planning, developing, and managing training systems, ensuring a cost efficient way to provide job essential knowledge and skills.

Objective Statement. Specifies desired behavior, condition of behavior, and the minimum standard of performance.

Occupational Survey Report (OSR). A detailed report showing the results of an occupational survey of tasks performed within a particular AFS.

On-the-Job Training (OJT). An on-duty training method to certify personnel in both upgrade (skill level award) and job qualification (duty position certification) training. It is hands-on, over-the-shoulder training.

Duty position qualification training. Actual hands-on task performance-based training designed to qualify airmen in a specific duty position. This training program occurs during and after the upgrade training process. It provides the performance skills training required to do the job.

Resource Constraints. Resource deficiencies such as money, facilities, manpower, and equipment, which preclude delivery of, desired training.

Security Forces Training Reference Guides (SFTRG). A sole-source document for SF training, created to capture the standardization of training, aiding the execution of Home Station Training, duty position training and SF technical training.

Specialty Training. A mix of formal training (technical school) and informal training (on-the-job) to qualify and upgrade Airmen in each skill level of a specialty.

Specialty Training Standard (STS). An Air Force publication that describes an Air Force Specialty in terms of tasks and knowledge that an airman in that specialty performs or knows on the job. It further serves as a contract between Air Education and Training Command (AETC) and the functional user to show overall training requirements taught in formal schools, e-Courses and exportable training courses.

Standard. A fixed quantity or quality.

Sustainment Training. Training conducted to sustain skills or knowledge previously acquired.

Task. A unit of work activity or operation which forms a significant part of a duty. A task usually has clear beginning and ending points and is directly observable or measurable.

Upgrade Training (UGT). Mandatory training that leads to the award of a higher skill level.

Utilization and Training Workshop (U&TW). A forum of Air Force and major command functional managers, subject matter experts, and AETC training personnel that determines Specialty Training Standard requirements and responsibilities for a specialty.

SECTION A - GENERAL INFORMATION

1. Purpose. Air Force Career Field Managers (AFCFM), commanders, training managers, supervisors, trainers and the training wings use this CFETP to plan, develop, manage and conduct an effective career field training program. This plan outlines the training individuals in AFSC 3P0X1/A/B must receive to develop and progress throughout their careers and become proficient. It identifies initial skills, upgrade, qualification, advanced and continuation training requirements. Initial skills training is the AFS specific training an individual receives upon entry into the Air Force, retraining into this specialty or lateral training into either the A or B AFS. AETC provides this training at Joint Base San Antonio-Lackland, TX for AFSC 3P0X1/A/B. Upgrade training identifies the mandatory courses, task qualification requirements, e-Courses and exportable training courses required for award of the 5-, 7-, and 9-skill levels. Duty Position Qualification training is actual hands-on task performance and demonstration training designed to qualify a Defender in a specific duty position. This training program occurs continuously during a Defender's career. It provides the performance skills and knowledge training required to do the job. The CFETP also serves the following purposes:

1.1. Serves as a management tool to plan, manage, conduct and evaluate a career field training program. It also helps supervisors identify training at the appropriate point in an individual's career.

1.2. Identifies task and knowledge training requirements for each skill level in these specialties and recommends training/education throughout each phase of a Defender's career.

1.3. Lists training courses available in the specialty, identifies sources of training and the training delivery method.

1.4. Identifies major resource constraints which impact implementation of desired career field training program.

2. Use. Functional managers, commanders and supervisors at all levels will use this plan to develop comprehensive and cohesive training programs for each individual in these specialties.

2.1. AETC training personnel develop/revise formal resident and exportable training based on requirements established by users and documented in Part II of this CFETP. They will also work with the AFCFM to develop acquisition strategies for obtaining resources needed to provide the identified training.

2.2. The Air Force Security Forces Training Working Group will ensure MAJCOM training programs complement the CFETP mandatory initial skills and upgrade requirements. OJT, resident training, contract training or exportable courseware/courses satisfy identified requirements. MAJCOMs must identify MAJCOM developed training to support this AFS for inclusion in this plan and must not duplicate training already available.

2.3. Each individual will complete the mandatory training requirements specified in this plan. The list of courses in Part II will be used as a reference to support training. Headquarters, Air Force develops publications on specific SF subjects, procedures or equipment. MAJCOMs or local units select and localize these publications to fit their needs.

3. Coordination and Approval. HQ AF/A4S develops this CFETP. The approval authority is the AFCFM. The Air Force Security Forces Training Working Group and AETC training personnel will identify and coordinate on the career field training requirements. The AETC Training Pipeline Manager will initiate an annual review of this document by the AFCFM, AETC and Air Force Security Forces Training Working Group to ensure currency and accuracy.

SECTION B - CAREER FIELD PROGRESSION AND INFORMATION

Specialty Description. Leads, manages, supervises, and performs Security Force (SF) activities in direct support of two-thirds of the United States Nuclear Enterprise; weapon system and physical security; law and order; military working dog; combat arms and integrated defense operations. Related DoD Occupational Subgroup: 107000.

1. Duties and Responsibilities

1.1. Leads, manages, supervises, and performs force protection duties employing up to the use of deadly force to protect personnel and resources. Protects nuclear and conventional weapons systems and other critical resources. Performs air base defense functions contributing to the force protection mission. Defends personnel, equipment, and resources from hostile forces throughout the base security zone of military installations. Operates in various field environments, performs mounted and dismounted individual and team patrol movements, tactical drills, battle procedures, convoys, military operations other than war, antiterrorism duties, and other special duties. Operates communications equipment, vehicles, intrusion detection equipment, individual and crew-served weapons, and other special purpose equipment. Applies emergency medical care and life saving procedures as first responders to accident and disaster scenes.

1.2. Provides armed response and controls entry to installations and protection level resources. Detects and reports presence of unauthorized personnel and activities and implements security reporting and alerting system. Enforces standards of conduct, discipline, and adherence to laws and directives. Directs vehicle and pedestrian traffic; investigates motor vehicle accidents, minor crimes, and incidents; and operates speed measuring, drug and alcohol, and breath test devices. Secures crime and incident scenes; apprehends and detains suspects; searches persons and property; and collects, seizes, and preserves evidence. Conducts interviews of witnesses and suspects, obtains statements and testifies in official judicial proceedings. Responds to disaster and relief operations and participates in contingencies.

1.3. Develops plans, policies, procedures, and detailed instructions to implement SF programs. Plans, organizes, and schedules SF activities and provides oversight, guidance, and assistance to commanders with the application of physical security and force protection in support of priority resources. Operates pass and registration activities and supervises and trains SF Augmentees. Employs and utilizes the Incident Command System construct during emergency planning, response recovery operations. Inspects and evaluates effectiveness of SF personnel and activities.

1.4. Provides guidance on employment and utilization of military working dog teams. Ensures proficiency training and certification standards are maintained. Employs military working dogs to support worldwide Security Forces operations and executive agency requirements to include nuclear, Presidential support, federal law enforcement and national strategic programs. Ensures health and welfare of military working dogs. Trains handlers and military working dogs on all aspects of military working dog training. Maintains dog training and usage records and is responsible for storage, handling, and security of drug and explosive training aids.

1.5. Leads, manages, supervises, and implements ground weapons training programs. Controls and safeguards arms, ammunition, and equipment and instructs ground weapons qualification training. Provides guidance on weapons placement to security forces and ground defense force commanders. Inspects ground weapons and replaces unserviceable parts and analyzes malfunctions by inspection and serviceability testing. Uses precision gauges, testing instruments, and special tools to adjust parts and operating mechanisms. Function-fires weapons for accuracy and serviceability. Controls and operates firing ranges and associated facilities to include supervising construction and rehabilitation.

2. Skill and Career Progression. It is essential that everyone involved in training contribute to an effective training program. The guidance provided in this part of the CFETP will ensure individuals receive training at the appropriate points in their careers.

2.1. Training Decisions. This CFETP includes life-cycle training requirements for this specialty. Included in this spectrum was the strategy of when, where and how to meet these training requirements. The strategy is apparent, reducing duplication and eliminates a fragmented approach to training.

2.1.1. Apprentice Level Training (3-level).

2.1.1.1. Initial skills training in these specialties consists of the task and knowledge training provided in the SF Apprentice Course, MWD Handler Course and Combat Arms Apprentice Course.

2.1.1.2. The STS task listings located at Appendices A, B and C identify task and knowledge training requirements. In response to a wartime scenario, an asterisk (*) in the far left column on the STS indicates a reduced number of tasks that will be taught to the task or knowledge level indicated in the 3-skill level course column in a streamlined technical training environment.

2.1.1.3. Completion of the SF Apprentice Course is required for award of AFSC 3P031. Completion of the MWD Handler Course is required for award of AFSC 3P031A. Completion of the Combat Arms Apprentice Course is required for award of AFSC 3P031B.

2.1.2. Journeyman Level Training (5-level).

2.1.2.1. Completion of the SF Journeyman (5-level) e-Course or electronic equivalent and requirements listed in Table 1, are mandatory for award of AFSC 3P051. Specialty wide core tasks are identified in column 2 (core tasks) of the Specialty Training Standard (STS) at Atch 1.

2.1.2.2. Personnel must complete the MWD Handler requirements listed in Table 1, for upgrade to the Suffix A, 5-skill level. MWD Handler core tasks are identified in column 2 (core tasks) of the Specialty Training Standard (STS) at Atch 2.

2.1.2.3. Personnel must complete the Combat Arms requirements listed in Table 1, for upgrade to Suffix B, 5-skill level. Combat Arms core tasks are identified in column 2 (core tasks) of the Specialty Training Standard (STS) at Atch 3.

2.1.3. Craftsman Level Training (7-level).

2.1.3.1. Completion of the SF 7-level e-Course and attend the 7-level Craftsman Course. Completion of the requirements listed in Table 1, are mandatory for award of AFSC 3P071. Specialty wide core tasks are identified in column 2 (core tasks) of the Specialty Training Standard (STS) at Atch 1.

2.1.3.2. Personnel performing duties in AFSCs 3P051, 3P051A, and 3P051B must complete core SF 3P071 upgrade training requirements.

2.1.3.3. Personnel awarded 3P051A or the MWD Handler SEI 311 who hold the position of MWD trainer or kennel-master must complete the MWD Trainer and/or the MWD Kennel Master Courses.

2.1.3.4. Personnel awarded 3P051B or the Combat Arms SEI 312 who hold the position(s) of Combat Arms/Armory NCOIC or Logistics Superintendent must complete the Combat Arms Supervisors Course.

2.1.4. Superintendent Level Training (9-level). To earn award of AFSC 3P091, an individual must attain the rank of SMSgt, complete the electronic 9 –level course, be a graduate of the Security Forces Advanced Course and satisfy any other requirement specified in AFI 36-2101, *Classifying Military Personnel (Officer and Enlisted)*. Continuation training in certain areas is available for use on specific training needs.

2.2. Special Experience Identifiers (SEI). SEIs identify special experience and training not otherwise identified within the military personnel data system (MilPDS). SEIs complement the assignment process but are not substitutes for AFSC, Chief Enlisted Manager (CEM) codes, prefixes, suffixes, Special Duty Identifiers (SDI)s, Reporting Identifiers (RI), or professional specialty course codes. They identify training, skills or experience as critical to the assignment match, or force management needs and no other identification is appropriate or available. SEIs can be used to rapidly identify and track an experienced resource to meet unique circumstances, contingency requirements or management needs. Refer to AFI 36-2101, for a more detailed explanation of SEIs. A complete listing of SEIs can be found on the Air Force Personnel Center's web site, in the Air Force Enlisted Classification Directory (AFECD).

The SEIs most often associated with the Security Forces career field are listed below in numerical order; verify the following information with AFECDD to insure requirements are up-to-date.

SEI 008, Small Unmanned Aircraft Systems (SUAS) Operator. Requires completion of Unmanned Aircraft System (UAS) Operator Initial Qualification Training IAW SUAS ConOps; meet physical examination requirements for SUAS Operator duty IAW AFI 48-123, Medical Examinations and Standards; attained Mission Qualification Training (MQT) status with a minimum of 12 months flying experience; and commander's recommendation.

SEI 047, Ranger. Award requires a US Army Ranger School graduation certificate. The graduation certificate must be validated by the USAF LNO located at Ft. Benning, GA, contact information is: 342 TRS/OL-B AFLNO, 507th PIR S3 Air, Jump Branch Master Trainer, Ft. Benning, GA, DSN: 835-2252, COMM: 706-545-2252.

SEI 090, Contingency Response Forces (CRF). Requires successful completion of course Combat Skills Training (CST) or equivalent; nine months of experience in an authorized CRW/CRG/CRF or Airlift Control Flight (ALFC) position; and wing or squadron commander's recommendation.

SEI 099, Deployed Aircraft Ground Response Element (DAGRE). Will be awarded to Security Forces members who complete all training requirements identified in AFSOCI 31-100, Table 6.1., (Unit Type Code QFM1C) conducted by the 371st Special Operations Combat Training Squadron, 492nd Special Operations Wing, Hurlburt Field FL.

SEI 310, Security Forces Non-Lethal Weapons Instructor. Requires successful completion of the 10-day Inter-service Non-lethal Individual Weapons Instructor Course (INLWIC, L5AZA3P071 019 (PDS code WIC) at Fort Leonard Wood, MO; certification by NCOIC, Training that the individual has instructed two classes within one year of completing the INLWIC and commander's recommendation.

SEI 311, Military Working Dog Handler. Requires prior qualification in and possession of AFSC 3P051A or 3P072A (prior to 31 Oct 97). Award SEI to AFSC 3P0X1 when personnel upgrade from AFSC 3P051A to 3P071 and have attained the rank of TSgt.

SEI 312, Combat Arms. Requires prior qualification in and possession of AFSC 3P051B or 3P171 (prior to 31 Oct 97). Award SEI to AFSC 3P0X1 when personnel upgrade from AFSC 3P051B to 3P071 and have attained the rank of TSgt.

SEI 321, Security Forces Investigator. Requires completion of L5AZA3P071 0S5A, (PDS Code RZA); or previous courses: L5AZA81172-000, Military Police Investigations (PDS code RZ4), or 50BO8200-000, Special Investigator (PDS code 0D8); or one of the following MAJCOM conducted Military Police Investigator (MPI) courses (completed on or after 1 Jul 85): MP-94, 830-85V, or 830-ASI-V5. Also, requires 12 months of experience as a fulltime Security Forces Investigator and recommendation of the Commander.

SEI 323, Electronic Security Systems. Requires completion of one of the following courses: L3AZR3P071 0E0C (PDS code 142), L3AZR81150-008 (PDS code ZMV), L4AST81150-007 (PDS code ZMV), L3AZR81150-012 (PDS code 4FR), L4AST81150-012 (PDS code 4FR), L4AST81150-011 (PDS code 4FS), L2AZR3P071-000 (PDS code 8IN) (created Jul 98), L3AZR3P071-009 (PDS code 849) (created Oct 97), L3AZR3P071-012, (PDS code CJO), or L6AZS3P071-000 (PDS code CLO); or completion of both L4AST81150-001 (PDS code T4A) and one of the following courses: L4AST81150-005 (PDS code YO8), L4AST81150-008 (PDS code 2K6), L5AST81150-013 (PDS code 4FT), or L6AZS81150-000 (PDS code 4FR).

SEI 329, Phoenix RAVEN. Requires completion of the Phoenix Raven Qualification Course (PDS code 691), completion of two flying missions as a team leader or team member to a Raven required location, and Commander's recommendation.

SEI 389, Acquisition Security. Requires completion of a basic systems acquisition course, Air Force Materiel Command course MWE-OPS0002300SU, and 12 months of experience in systems security engineering management, systems security management, or security programming duties.

SEI 816, Nuclear Security Level 1 (Flight) Qualified. Requires individual to meet arming standards for 12 months (minimum) performing or supporting nuclear security at installations tasked with day-to-day nuclear operations; Commander's formal recommendation; and completion of Nuclear Security Certification Training Level I (Flight) IAW AFMAN 31-108, *Nuclear Security Certification Training Program*.

SEI 822, Nuclear Manager. Requires successful completion of the Air Force Nuclear Management Fundamentals Course, MKVSC93000501SU (PDS code 2X1). For 3P000/91 requires completion of LV III IAW AFMAN 31-108, *Nuclear Security Certification Training Program*.

3. Community College of the Air Force (CCAF) Academic Programs. Automatic enrollment in CCAF occurs upon completion of basic military training. CCAF provides the opportunity to obtain an Associates in Applied Science Degree. The academic requirements for completion of the Criminal Justice Degree Program (CCAF Catalog: 9IJY) are listed below. NOTE: These requirements are subject to change; refer to current CCAF catalog for specifics.

Students enrolled in those programs have six years from the date of degree program registration to complete the program.

3.1. Degree Requirements: Program completion requires attainment of journeyman (5-skill) level.

Topic	Semester Hours
Technical Education	24
Leadership, Management, and Military Studies	6
Physical Education	4
General Education	15
Program Elective	
Technical Education; Leadership, Management, and Military Studies; or General Education	15
Total	64

3.2. Technical Education (24 SH): A minimum of 12 semester hours in Technical Core subjects and the remaining semester hours applied from Technical Core/Technical Elective subjects. Requests to substitute subjects/courses require advanced approval from the Services Branch at CCAF, (contact the base education office).

Technical Core

Subjects/Courses	Semester Hours
CCAF Internship	18
Criminal Investigations	16
Criminal Law	6
Fundamentals of Ground Combat Skills	8
Fundamentals of Law Enforcement	9
Introduction to Security	6
Physical Security Concepts	6
Police Administration and Supervision	6
Principles of Criminal Justice	6
Principles of Marksmanship	9
Special Weapons and Tactics	6

Technical Electives

Subjects/Courses	Maximum Semester Hours
Antiterrorism	3
Instructional Methodology	6
Computer Science	6
Constitutional Law	3
Corrections	6
Criminalistics/Forensic Science	3
Criminology	3
Emergency Medicine	4
General Psychology	3
General Sociology	3
Juvenile Justice	3
Patrol Dog Operations	8
Police-Community Relations	3
Technical Writing	3
Traffic Management/Investigation	6
Weapons Maintenance	6

3.3. Leadership, Management, and Military Studies (6 SH): Professional military education (PME) or civilian management courses accepted in transfer, and/or by testing credit. The preferred method of completing Leadership, Management, and Military Studies is through attendance at an Airman Leadership School, NCO Academy, and the Air Force Senior NCO Academy. However, civilian courses that emphasize fundamentals of managing human or materiel resources may also apply.

3.4. Physical Education (4 SH): Basic military training satisfies this requirement.

3.5. General Education (15 SH): Courses accepted in transfer or by testing credit satisfies this requirement.

Subjects/Courses	Semester Hours
Oral Communication (Speech)	3
Written Communication (English Composition)	3
Mathematics Intermediate algebra or a college-level mathematics course satisfying delivering institution's mathematics requirement for graduation. If an acceptable mathematics course applies as a Technical or Program Elective, a natural science course may be substituted for mathematics.	3
Social Science Anthropology, Archaeology, Economics, Geography, Government, History, Political Science, Psychology, Sociology	3
Humanities Fine Arts (Criticism, Appreciation, Historical Significance), Foreign Language, Literature, Philosophy, Religion	3

3.6. Program Elective (15 SH): Technical Education; Leadership, Management, and Military Studies; or General Education requirements including: natural science courses meeting General Education Requirement application criteria; foreign language credit earned at the Defense Language Institute or through the Defense Language Proficiency Test; maximum 9 SHs of CCAF degree-applicable technical course credit otherwise not applicable to program of enrollment.

3.7. Occupational Instructor Certification. Upon completion of instructor qualification training, consisting of an instructor methods course and supervised practice teaching, CCAF instructors (enlisted, officer, and civilian) may be nominated by their school commander/commandant for certification as an occupational instructor. Those interested can find the eligibility requirements in the CCAF General Catalog.

4. Security Forces Continuum of Learning (CoL)

SF Enlisted 3PO Career Path & Continuum of Learning (COL)

AB-A1C SF RFM & EC	SrA RFL, FTL & Alarm Monitor	SSgt Supervisor, trainer, FTL, Controller, Area Sup & NCOIC		TSgt Squad Leader, NCOIC, Trainer & Controller		MSgt Flight Chief, NCOIC, Superintendent & MAJCOM/AFIMSC Manager		SMSgt Superintendent, & MAJCOM/AFIMSC Manager		CMSgt Security Forces Manager, Group Superintendent, CCC, MFM or MAJCOM SFM or CFM

Table 1. Enlisted Career Path

Education and Training Requirements	GRADE REQUIREMENTS			
	Rank	Average Sew-On	Earliest Sew-On	High Year Of Tenure
Basic Military Training	AB			
Apprentice Technical School (3-Skill Level)	Amn A1C	6 months 16 months		
Upgrade To Journeyman (5-Skill Level) - Minimum 12 months OJT. - Complete appropriate e-Course. - Complete all 5 level core tasks in the applicable STS. - <i>NOTE: Retraining personnel are eligible for 5-level upgrade after a minimum of 9 months in upgrade training. Active duty personnel may enter AFSC 3P0X1A/B from the core AFSC 3P0X1.</i>	AMN A1C SrA	16 months 36 months	28 months	8 years
Airman Leadership School (ALS) - Must be a SrA with 48 months TIS or be a SSgt selectee. - Resident graduation is a prerequisite for SSgt sew-on (Active Duty Only). - AFRC and ANG may attend ALS or complete the PME correspondence course 0001, (NCO Preparation Course)	Trainer Must be qualified to perform task, attended AF Trainer course and be recommended by supervisor. Trainers will sign-off trainee's records by initialing the trainer's column.			
Upgrade To Craftsman (7-Skill Level) - Minimum rank of SSgt. - 12 months OJT (<i>Personnel in retraining status are subject to six months OJT</i>). - Complete appropriate e-Course. - Complete applicable 7 level core tasks in the core STS. - Attend resident craftsman course.	SSgt	7.5 years	3 years	15 years
	Certifier Certifiers must be at least a SSgt (E-5) with a 5-skill level or civilian equivalent, capable of evaluating the task being certified, and have completed the AFTC. NOTE: Members of Sister Services that are certifiers of AF personnel are not required to complete the AFTC. (N/A for Combat Arms STS).			
Noncommissioned Officer Academy (NCOA) - Must be TSgt.	TSgt	12.5 years	5 years	20 years
USAF Senior NCO Academy (SNCOA) - Must be a MSgt.	MSgt SMSgt	16 years 19.2 years	8 years 11 years	24 years 26 years
Upgrade To Superintendent (9-Skill Level) - Minimum rank of SMSgt. - Mandatory requirements in AFECD				
Upgrade to Security Forces Manager - Attend resident Chief Master Sergeant Leadership Course and attend the Security Forces Managers course (SFMO)	CMSgt	21.5 years	14 years	30 years

SECTION C - SKILL LEVEL TRAINING REQUIREMENTS

1. Purpose. This CFETP defines skill levels in terms of tasks and knowledge requirements. This section outlines the specialty qualification requirements for each skill in broad, general terms and establishes the mandatory requirements for entry, award, and retention of each. The STSs are located in the appendices of this CFETP.

2. Training Requirements.

2.1. Apprentice Level (3).

2.1.1. Knowledge. Knowledge is mandatory of: Weaponry, marksmanship, maneuver, communication, laws, directives, tactics, policies, and procedures governing SF activities; nuclear security; installation security; weapon system and resource security; antiterrorism; law and order; military working dogs; integrated defense; training; and combat arms.

2.1.2. Education. For entry into this specialty individual must have a high school diploma.

2.1.3. Training. The following training is mandatory for award of the AFSC indicated in addition to successful completion of applicable e-Course requirements listed in the CFETP:

2.1.3.1. 3P031. Completion of the SF apprentice course satisfies the knowledge and training requirements for award of the 3-skill level.

2.1.3.2. 3P0X1A. Completion of the MWD handler apprentice course. NOTE: SF members must possess AFSC 3P051 prior to entering the MWD handler apprentice course. Direct entry of active duty AFSC 3P031 and prior service personnel may be permitted by AFCFM.

2.1.3.3. 3P0X1B. Mechanical score of 35 or better on the ASVAB, completion of the combat arms apprentice course. NOTE: ANG and reserve personnel may enter this course directly (pipeline) from the SF apprentice course. NOTE: Active duty SF members must possess AFSC 3P051 prior to entry.

2.1.4. Experience. The following experience is mandatory for award of the AFSC indicated in addition to successful completion of applicable task requirements listed in the CFETP:

2.1.4.1. 3P031. There is no mandatory military or civilian experience required for award of AFSC 3P031.

2.1.4.2. 3P031A. Qualification in and possession of AFSC 3P051. Also, experience in SF weaponry, controlling entry into and providing internal control within installations and restricted areas, response force tactics, ID concepts and procedures, terrorist threat response techniques, alarm monitor duties, control center duties, traffic control, patrolling or accident investigation.

2.1.4.3. 3P031B. Qualification in and possession of AFSC 3P051. Also, experience in SF weaponry, controlling entry into and providing internal control within installations and restricted areas, response force tactics, ID concepts and procedures, terrorist threat response techniques, alarm monitor duties, control center duties, traffic control, patrolling or accident investigation.

2.1.5. Other. The Air Force Enlisted Classification directory states the mandatory for entry into this specialty. Below are some dealing directly with the Security Forces specialties:

2.1.5.1. For entry into 3P0X1A/B, qualification in and must possess a minimum 3P031 AFSC and two years of total active federal military service.

2.1.5.2. Qualification for arming, suitability to arm, or suitability under Personnel Reliability Assurance Standards IAW AFI 31-117, *Arming and Use of Force by Air Force Personnel*

2.1.6. Training Sources/Resources. Completion of the SF Apprentice Course satisfies the knowledge and training requirements specified in the specialty qualification section (above) for award of the 3-skill level. Completion of the MWD Handler Apprentice Course satisfies the knowledge and training requirements specified in the specialty

qualification section for award of the 3-skill level A Shred. Completion of the Combat Arms Apprentice Course satisfies the knowledge and training requirements specified in the specialty qualification section for award of the 3-skill level B Shred.

2.1.6.1. AF CFM approves prior service accessions, as well as MOS conversions, in conjunction with applicable AF classification and management guidance, satisfying award of the 3-skill level without attending the apprentice, MWD handler or combat arms courses. AF publications contain information on a specific duty position, program or piece of equipment.

2.1.7. Implementation. Begin formal training upon initial Air Force accession or retraining into the SF career field. Initiate duty position qualification training to qualify an individual to perform their assigned duties upon arrival at their first duty station. AFRC units will initiate qualification training upon graduation of a formal school.

2.2. Journeyman Level (5).

2.2.1. Knowledge. Knowledge is mandatory of: SF weaponry; laws, directives, programs, and policies; and procedures governing security force activities, including installation security, weapon system and resource security, antiterrorism, law enforcement and investigations, MWD function, ID, armament and equipment, training, pass and registration and combat arms.

2.2.2. Training.

2.2.2.1. 3P051. Must complete the Security Forces Journeyman e-Course, must complete a minimum of 12 months on-the-job training (9 months for retrainees) and applicable 5-level core tasks for award of AFSC 3P051.

2.2.2.2. 3P051A. Must complete the Military Working Dog Journeyman on-the-job training and applicable 5-level core tasks on the MWD STS and have a minimum of 9 months for award of AFSC 3P051A.

2.2.2.3. 3P051B. Must complete the Combat Arms Journeyman on-the-job training and applicable 5-level core tasks on the Combat Arms STS and must have a minimum of 9 months for AFSC 3P051B.

2.2.3. Experience.

2.2.3.1. 3P051. Qualification in and possession of AFSC 3P031. Also, experience in SF weaponry controlling entry into and providing internal control within installations and restricted areas, response force tactics, ID concepts and procedures, terrorist threat response techniques, alarm monitor duties, control center duties, traffic control, patrolling or accident investigation.

2.2.3.2. 3P051A. Qualification in and possession of AFSC 3P031A (reflecting completion of the resident MWD Handler Course). Also, experience in SF weaponry, maintaining dog handling equipment, caring for and training military working dogs and reacting to dog alerts.

2.2.3.3. 3P051B. Qualification in and possession of AFSC 3P031B (reflecting completion of the resident Combat Arms Apprentice Course). Also, experience in functions such as classroom instruction, marksmanship fundamentals and techniques, weapons and range safety, sub-depot level firearm maintenance and repair, range operations and safety criteria or controlling and storing weapons and ammunition.

2.2.4. Other. See para 2.1.5. above.

2.2.5. Training Sources/Resources. Completion of the SF Journeyman e-Course satisfies the knowledge and training requirements specified in the specialty qualification section (above) for award of the 5-skill level. Military Working Dog Journeyman training requirements specified in the specialty qualification section (above) for award of 5-skill level in Military Working Dog Handler. Combat Arms Journeyman training requirements specified in the specialty qualification section (above) for award of 5-skill level in Combat Arms. AF publications contain information on a specific duty position, program, or piece of equipment.

2.3. Craftsman Level (7).

2.3.1. Knowledge. Knowledge is mandatory of: SF weaponry; laws, directives, programs, and policies; and procedures governing security force activities, including installation security, weapon system and resource security, antiterrorism, law enforcement and investigations, MWD function, ID, armament and equipment, training, pass and registration and combat arms.

2.3.2. Training. Completion of SF craftsman 7-skill level e-Course (must be done before attending the resident course), completion of the resident craftsman course, minimum rank of SSgt, 12 months OJT (six months for retrainees) and applicable 7-level core tasks (on the core STS) are mandatory for award of AFSC 3P071.

2.3.3. Experience. Qualification in and possession of AFSC 3P051. Also, experience supervising or performing functions such as weapon systems and resource security, ID, law enforcement, MWD functions or combat arms functions. (NOTE: Personnel in AFSC 3P051A, who have been awarded a 7-skill level and have attained the rank of TSgt, will be awarded the SEI 311 and their control AFSC will be 3P071. Personnel in AFSC 3P051B, who have been awarded a 7-skill level and have attained the rank of TSgt, will be awarded the SEI 312 and their control AFSC will be 3P071.)

2.3.4. Other. See para 2.1.5. above.

2.3.5. Training Sources/Resources. Completion of the 7-skill level e-Course and 7-skill level resident course satisfies the knowledge and training requirements specified in the specialty qualification section (above) for award of the 7-skill level. AFHs contain information on a specific duty position, program or piece of equipment.

2.4. Superintendent Level (9).

2.4.1. Knowledge. Advanced knowledge is mandatory of: SF weaponry, laws, directives, programs and policies and procedures governing security forces activities, including installation security, weapon system and resource security, antiterrorism, force protection, law enforcement and investigations, MWD and Combat Arms functions, Integrated Defense, armament and equipment, training and pass and registration.

2.4.2. Training. Complete duty position training, as needed. Must be a graduate of the SF Advanced Course. Those possessing 9 skill level at the time of this publication are encouraged to complete the requirements.

2.4.3. Experience. Qualification in and possession of AFSC 3P071. Also, experience in leading, managing, and directing security forces activities. Examples include: installation security, Integrated Defense, antiterrorism techniques, weapon systems security, military police and community policing, resources security, Combat Arms and MWD program or corrections activities.

2.4.4. See para 2.1.5. above.

2.4.5. Training Sources/Resources. AF Publications provide information for job qualification. Continuation (advanced) training courses satisfy specific training needs.

2.5. Training Requirements for Retrainees. The minimum upgrade times for retrainees will consist of: 9 months for 5-level and 6 months for 7-level UGT. Complete all other mandatory requirements (including grade requirements) for the applicable skill level prior to award of the skill level.

SECTION D – RESOURCE CONSTRAINTS

There are currently no resource constraints. This area is reserved.

SECTION E – TRANSITION TRAINING GUIDE

There are currently no transition training requirements. This area is reserved.

PART II

SECTION A - SPECIALTY TRAINING STANDARD (STS)

1. **Implementation.** These STSs will be used for technical training provided by AETC.
2. **Purpose.** As prescribed in AFI 36-2201, *Air Force Training Program*, the STS at appendices A (Core STS), B (MWD STS) and C (Combat Arms):
 - 2.1. Lists the most common tasks, knowledge and technical references (TR) necessary for Airmen to perform duties in the 3-, 5-, and 7-skill level in column 1 (Task, Knowledge, and Technical Reference).
 - 2.2. Specialty-wide Core and Wartime Tasks. The tasks identified in column 2 indicate core tasks by skill level, for the specialty. As a minimum, trainees must complete applicable core tasks for skill level upgrade as indicated by the skill level annotated in column 2. If units encounter situations where training constraints exist (for example, lack of equipment, training areas, etc.), specific waiver action must be submitted through their MAJCOM functional manager, to the AFCFM and if approved, documented in unit and individual training records. MAJCOMs determine the method to record training constraint waivers for their subordinate units. Wartime tasks are those tasks that must be taught when courses are accelerated in a wartime environment and are identified in the column on the far left of the STS by an asterisk (*). In response to a wartime environment, only tasks identified with an asterisk in this column will be taught in the SF Apprentice Course.
 - 2.3. Provides certification for OJT. Column 3 is used to record completion of tasks and knowledge training requirements.
 - 2.4. Shows formal training and correspondence course requirements. Column 4 shows the proficiency to be demonstrated by the graduate upon completion of the resident and correspondence courses.
 - 2.5. Qualitative requirements. A proficiency code key is used in each STS to indicate the level of training and knowledge provided by resident training and career development courses.
 - 2.6. Becomes a job qualification standard (JQS) for on-the-job training when placed in AF Form 623, *Individual Training Record*, and used according to AFI 36-2201. Use the core STS (Appendix A) for all SF personnel. In addition, use the Military Working Dog Handler and Combat Arms STS (Appendices B and C respectively) for personnel awarded the appropriate shred or other SF personnel who are performing duties (in a limited capacity) in those areas. When used as a JQS, the following requirements apply:
3. **Documentation.** Document and certify completion of training using the electronic training record. Identify duty position requirements for every duty position within a unit or organization. As a minimum, complete the following areas of the JQS: Training Start, Training Complete, Trainee Initials, Trainer Initials, and Certifier Initials (except for Combat Arms).
 - 3.1. Transcribing from old CFETP. Use only the STS from the new CFETP to identify and certify all past and current qualifications.
 - 3.2. For those tasks previously certified and required in the current duty position, evaluate current qualifications and when verified, recertify using the current date as the completion date and enter trainee's and supervisor's initials (no training is taking place).
 - 3.3. When transcribing previous certification for tasks not required in the current duty position, carry forward only the previous completion dates of certification. If and when transcribed tasks become duty position requirements, recertify using standard certification procedures.
 - 3.4. The person whose initials appear in the trainer block during the transcription process must meet the requirements of their role.

3.5. Decertification and Recertification. When an Airman is found to be unqualified on a previously certified duty position task, the supervisor deletes the previous certification. Appropriate remarks are entered on the AF Form 623A, *On-The-Job Training Record Continuation Sheet*, as to the reason for decertification. The supervisor will initiate retraining on the task by entering a new training start date. Once the retraining is complete, enter a new training complete date and both the trainee, trainer, and certifier must enter their initials.

4. Training Standard. Tasks are trained to the “Go/No Go” level. “Go” means the individual can perform the task without assistance and meet local demands for accuracy, timeliness and correct use of procedures.

5. Promotion Testing. The core STS is a guide for development of promotion tests used in the Weighted Airman Promotion System (WAPS). Do not use the Military Working Dog Handler or Combat Arms STS. Specialty Knowledge Tests (SKTs) are developed at the USAF Occupational Measurement Squadron by SNCOs with extensive practical experience in their career field. The tests sample knowledge of STS subject matter areas judged by test development team members as most appropriate for promotion to higher grades. All SF personnel will be tested on core SF skills only, regardless of duty position. Core SF who retrain into one of the shreds ARE NOT exempt from taking the SKT. Develop only one test for each grade. Questions are based upon study references listed in the WAPS catalog. Individual responsibilities are in AFI 36-2606, *Reenlistment in the United States Air Force*. WAPS is not applicable to the Air National Guard and Air Force Reserve.

6. Report unsatisfactory performance of individual course graduates to 37 TRG/DOS, Lackland AFB, TX, using AF Form 1284, *Training Quality Report (TQR)*. Reference specific STS paragraphs/tasks. Additionally, a customer service information line has been installed for the supervisors’ convenience. For a quick response to problems, call the Customer Service Information Line, DSN 473-2917, anytime day or night.

SECTION B – COURSE OBJECTIVE LIST

Section B, not used. This area is reserved.

SECTION C – SUPPORT MATERIAL

OJT Support materials consist of Air Force publications (AFI, AFMANs, AFHs), SF Training Reference Guides, and Technical Orders (T.O.). These documents contain comprehensive information on SF subjects, procedures or equipment. Use these publications for qualification or sustainment training, or skills/knowledge enhancement.

SECTION D - TRAINING COURSE INDEX

1. Mandatory Courses for 3P0X1/X1A/X1B:

L3ABR3P031 0S1E	SF Apprentice Course
LAALR3P031A0H1B	Military Working Dog Handler Course
L3ALR3P031B0B0D	Combat Arms Apprentice Course
L3ACR3P071 0C0D	SF Craftsman Course
5-Level Interactive Course	Career Development Course/e-Course
7-Level Interactive Course	Career Development Course/e-Course
9-Level Interactive Course	Career Development Course/e-Course
L3OZR31P4 00AA/L7OCT31P4 00AA	SF Advanced Course (For 9-Level and must have attended SF Intermediate Course)

2. Other courses available for 3P0X1/X1A/X1B:

L3AZR3P051 0M0A	M249 Automatic Rifle and M240B Machine Gun Course
L3AZR3P051 0W1C	M2 .50 caliber Machine Gun Course
L3AZR3P051 0W2B	MK 19 Mod 3 40mm Machinegun Qualification Course
L3AZR3P071 0B0D	Combat Arms Supervisor Course
L3AZR3P071 0E0C	Security Forces Electronic Security Systems Operator
L3AZR3P071 0S0D	SF Intermediate Course

L5AZA3P071 0A1A	Antiterrorism Evasive Driving-Staff Driver (7H-F23/830-F16)
L5AZA3P071 0F0B	Individual Non-Lethal Weapon Instructor Course A15H5A3 (SI2A)
L5AZA3P071 0S0A	Protective Services Training (7H-F18/830-F13)
L5AZA3P071 0S2A	Special Reaction Team (7H-F17/830-ASIR6)
L5AZA3P071 0S4A	Special Reaction Team Marksman/Observer (7H-F17/830-F12)
L5AZA3P071 0S5A	Military Police Investigation (830-ASIV5)
L5AZN3P051 0S0A	Basic Corrections (Navy) (CIN: A-831-001/CDP: 572B/UIC: 35419)
L8AZR3P071 0K1A	Military Working Dog Trainer Course
MWD Interactive Course	Military Working Dog Kennel Master e-Course
L8APR3P071 0T0B	Traffic Management and Collision Investigation
L3AIRTXXXX 0F1A	Fundamentals of Instructional Systems Development
J3AZRTXXXX 0P1A	Principles of Instruction
J4AIP3S2X1 EF3A	Principles of Instruction (FTD)
SF8124	FBI National Academy
DTRA	DoD Nuclear Security Management Course
DTRA	Nuclear Surety Inspections Course
DTRA	Joint DoD-DOE Nuclear Surety Executive Course

This list is not all inclusive; please refer to the Education and Training Course Announcements (ETCA) for additional courses and course descriptions, <https://etca.randolph.af.mil/>.

SECTION E – MAJCOM UNIQUE REQUIREMENTS

There are currently no MAJCOM unique requirements. This area is reserved.

BY ORDER OF THE SECRETARY OF THE AIR FORCE

OFFICIAL

WARREN D. BERRY
Lieutenant General, USAF
DCS/Logistics, Engineering & Force Protection

QUALITATIVE REQUIREMENTS

Proficiency Code Key		
	Scale Value	Definition: The individual
Task Performance Levels	1	Can do simple parts of the task. Needs to be told or shown how to do most of the task. (Extremely Limited)
	2	Can do most parts of the task. Needs only help on hardest parts. (Partially Proficient)
	3	Can do all parts of the task. Needs only a spot check of completed work. (Competent)
	4	Can do the complete task quickly and accurately. Can tell or show others how to do the task. (Highly Proficient)
*Task Knowledge Levels	a	Can name parts, tools, and simple facts about the task. (Nomenclature)
	b	Can determine step by step procedures for doing the task. (Procedures)
	c	Can identify why and when the task must be done and why each step is needed. (Operating Principles)
	d	Can predict, isolate, and resolve problems about the task. (Advanced Theory)
**Subject Knowledge Levels	A	Can identify basic facts and terms about the subject. (Facts)
	B	Can identify relationship of basic facts and state general principles about the subject. (Principles)
	C	Can analyze facts and principles and draw conclusions about the subject. (Analysis)
	D	Can evaluate conditions and make proper decisions about the subject. (Evaluation)
Explanations * A task knowledge scale value may be used alone or with a task performance scale value to define a level of knowledge for a specific task. (Example: b and 1b) ** A subject knowledge scale value is used alone to define a level of knowledge for a subject not directly related to any specific task, or for a subject common to several tasks. - This mark is used alone instead of a scale value to show that no proficiency training is provided in the course or e-Course. X This mark is used to indicate core tasks # This mark identifies DoDI 5525.15, <i>Law Enforcement (LE) Standards and Training in the DoD</i> , requirements. * This mark identifies tasks trained by the 343 TRS during wartime. NOTE: Approved weapons accessories are identified on Combat Arms Sharepoint Website.

QUALITATIVE REQUIREMENTS

Proficiency Code Key		
	Scale Value	Definition: The individual
Task Performance Levels	1	Can do simple parts of the task. Needs to be told or shown how to do most of the task. (Extremely Limited)
	2	Can do most parts of the task. Needs only help on hardest parts. (Partially Proficient)
	3	Can do all parts of the task. Needs only a spot check of completed work. (Competent)
	4	Can do the complete task quickly and accurately. Can tell or show others how to do the task. (Highly Proficient)
*Task Knowledge Levels	a	Can name parts, tools, and simple facts about the task. (Nomenclature)
	b	Can determine step by step procedures for doing the task. (Procedures)
	c	Can identify why and when the task must be done and why each step is needed. (Operating Principles)
	d	Can predict, isolate, and resolve problems about the task. (Advanced Theory)
**Subject Knowledge Levels	A	Can identify basic facts and terms about the subject. (Facts)
	B	Can identify relationship of basic facts and state general principles about the subject. (Principles)
	C	Can analyze facts and principles and draw conclusions about the subject. (Analysis)
	D	Can evaluate conditions and make proper decisions about the subject. (Evaluation)
Explanations * A task knowledge scale value may be used alone or with a task performance scale value to define a level of knowledge for a specific task. (Example: b and 1b) ** A subject knowledge scale value is used alone to define a level of knowledge for a subject not directly related to any specific task, or for a subject common to several tasks. - This mark is used alone instead of a scale value to show that no proficiency training is provided in the course or e-Course. X This mark is used for core task. NOTE 1: All tasks and knowledge items shown with a proficiency code are trained during wartime. NOTE 2: Approved weapons accessories are identified on Combat Arms SharePoint Website.

	D	Can evaluate conditions and make proper decisions about the subject. (Evaluation)

Explanations

* A task knowledge scale value may be used alone or with a task performance scale value to define a level of knowledge for a specific task. (Example: b and 1b)

** A subject knowledge scale value is used alone to define a level of knowledge for a subject not directly related to any specific task, or for a subject common to several tasks.

- This mark is used alone instead of a scale value to show that no proficiency training is provided in the course.

X This mark is used to indicate core tasks.

NOTE 1: All tasks and knowledge items shown with a proficiency code are trained during wartime.

NOTE 2: Approved weapons accessories are identified on the Approved USAF Authorized Small Arms/Light Weapons Accessory List located on the designated USAF Combat Arms Community Web Page. Track small arms/light weapons accessory certification training on AF Form 797.

NOTE 3: Column C under the proficiency code identifier lists Combat Arms Supervisors Course (CASC) proficiency requirements (CASC is a non-skill level awarding course).

QUALITATIVE REQUIREMENTS

Proficiency Code Key		
	Scale Value	Definition: The individual
Task Performance Levels	1	Can do simple parts of the task. Needs to be told or shown how to do most of the task. (Extremely Limited)
	2	Can do most parts of the task. Needs only help on hardest parts. (Partially Proficient)
	3	Can do all parts of the task. Needs only a spot check of completed work. (Competent)
	4	Can do the complete task quickly and accurately. Can tell or show others how to do the task. (Highly Proficient)
*Task Knowledge Levels	a	Can name parts, tools, and simple facts about the task. (Nomenclature)
	b	Can determine step by step procedures for doing the task. (Procedures)
	c	Can identify why and when the task must be done and why each step is needed. (Operating Principles)
	d	Can predict, isolate, and resolve problems about the task. (Advanced Theory)
**Subject Knowledge Levels	A	Can identify basic facts and terms about the subject. (Facts)
	B	Can identify relationship of basic facts and state general principles about the subject. (Principles)
	C	Can analyze facts and principles and draw conclusions about the subject. (Analysis)
	D	Can evaluate conditions and make proper decisions about the subject. (Evaluation)
Explanations * A task knowledge scale value may be used alone or with a task performance scale value to define a level of knowledge for a specific task. (Example: b and 1b) ** A subject knowledge scale value is used alone to define a level of knowledge for a subject not directly related to any specific task, or for a subject common to several tasks. - This mark is used alone instead of a scale value to show that no proficiency training is provided in the course. NOTE: This is applicable to all SF RTCs IAW AFI 36-2646
